

0:0:0.0 --> 0:0:0.610

I-MW

Alright.

0:0:1.380 --> 0:0:2.680

I-MW

I think we're live here.

0:0:5.260 --> 0:0:7.820

I-MW

Uh, yes, got the transcript going too.

0:0:10.90 --> 0:0:10.490

I-MW

Perfect.

0:0:13.200 --> 0:0:16.710

I-MW

Alright, so the first part of our interview, we're going to focus on.

0:0:17.640 --> 0:0:34.130

I-MW

We're calling occupational stress questions, so I'll just roll through and you can just just you can elaborate however you want to take it. These are gonna be open-ended and you just take it where you want to go with it. So, our first question is what does occupational stress mean to you?

0:0:35.810 --> 0:0:36.320

FR01

Uh.

0:0:37.990 --> 0:0:43.870

FR01

Well, I I would have to say it would just be I ride the medic more than anything else and the

0:0:44.820 --> 0:0:45.750

FR01

at the Firehouse

0:0:46.660 --> 0:0:50.30

FR01

and I would say it'd be the traumatic runs.

0:0:52.600 --> 0:0:55.70

I-MW

What? Tell us more about that? What does that look like

0:0:56.230 --> 0:0:58.310

I-MW

on the trailer?

0:0:58.480 --> 0:1:0.630

FR01

Well, that's different for everyone.

0:1:1.570 --> 0:1:5.260

FR01

I would say and then obviously everyone filters it differently.

0:1:5.900 --> 0:1:13.970

FR01

Traumatic runs for me is any I would say whenever it hits close to home for anyone is the most traumatic runs. It doesn't have to actually be trauma.

0:1:14.910 --> 0:1:17.0

FR01

Uh, but just

0:1:18.230 --> 0:1:25.500

FR01

usually death around us, we see it and we we go pretty cold to it and immune to it unless it

0:1:26.240 --> 0:1:27.840

FR01

affects us in a way that it's

0:1:28.530 --> 0:1:37.680

FR01

It hits close to home whereas I have children. If something happens to kids close to that age, or usually if someone has a death in the family

0:1:38.280 --> 0:1:41.9

FR01

umm, maybe that just triggers something for them?

0:1:43.210 --> 0:1:43.720

I-MW

Gotcha.

0:1:45.860 --> 0:1:48.900

I-MW

You have them. Is there a recent time in the

0:1:50.180 --> 0:1:57.560

I-MW

past few months, will you kind of describe a scenario where you felt overwhelmed by a stressor on the job?

0:1:59.410 --> 0:2:4.800

FR01

No, I feel like I compartmentalize that stuff

0:2:5.890 --> 0:2:9.650

FR01

uh, pretty well and the guys, the group of guys that I work with closely.

0:2:10.540 --> 0:2:16.930

FR01

We, uh I mean obviously you grow immune to a lot of that and you a lot of us have a pretty

0:2:17.820 --> 0:2:20.800

FR01

sick sense of humor, but that kind of stuff and the

0:2:21.550 --> 0:2:23.80

FR01

that's the way that we cope through it.

0:2:23.950 --> 0:2:24.430

FR01

Umm.

0:2:25.670 --> 0:2:27.990

FR01

I I can't say that there's anything in the recent

0:2:29.40 --> 0:2:30.740

FR01

past, that's that's really even

0:2:31.840 --> 0:2:34.700

FR01

truly affected me, which we say

0:2:35.620 --> 0:2:40.570

FR01

we're cold about it, but when you're in the profession long enough, you kinda just get

0:2:41.930 --> 0:2:45.50

FR01

immune to it, you grow cold to some to some things.

0:2:46.730 --> 0:2:48.590

I-MW

Gotcha.

0:2:49.610 --> 0:2:51.610

I-MW

Could you even describe like

0:2:52.520 --> 0:2:54.630

I-MW

what does it mean to you to feel

0:2:55.990 --> 0:3:1.210

I-MW

overwhelmed during your work? What does that even look like just in general?

0:3:2.800 --> 0:3:3.530

FR01

Uhh.

0:3:4.750 --> 0:3:6.960

FR01

I would say overwhelmed would just be

0:3:8.230 --> 0:3:19.160

FR01

split moment decisions that you have to make, so usually we rely on each other to help us, like make those decisions in the moment that you, you know, life or death towards the patient.

0:3:19.990 --> 0:3:25.340

FR01

Uh normally, or if it's on the fire end of it, it's life or death for possibly

0:3:25.990 --> 0:3:26.620

FR01

each other.

0:3:27.420 --> 0:3:29.650

FR01

But being overwhelmed, I can't

0:3:31.650 --> 0:3:35.600

FR01

I can't put, you know, I exact thing into

0:3:37.40 --> 0:3:40.440

FR01

my personal experience recently to actually feel overwhelmed.

0:3:41.430 --> 0:3:41.950

FR01

Umm.

0:3:44.640 --> 0:3:49.690

FR01

I would say if I had, if something were to overwhelm me, it would be

0:3:53.380 --> 0:4:4.280

FR01

uhh the closest thing that I can think of that if I would become overwhelmed would probably be something usually with pediatrics or children. Anybody that has kids.

0:4:6.650 --> 0:4:15.90

FR01

It feels overwhelmed and it's not usually in the moment. It's afterwards and you just kind of debrief it differently. Everybody goes through it differently.

0:4:17.690 --> 0:4:19.730

I-MW

Yeah, I'm. I'm tracking with you for sure.

0:4:20.780 --> 0:4:32.680

I-MW

You kind of mentioned your guys' sense of humor coping, but what would you say is helpful for you from a stress reduction standpoint while on the job?

0:4:37.150 --> 0:4:38.130

FR01

Uh, for me personally it's

0:4:38.770 --> 0:4:48.230

FR01

physical fitness. I do a lot of it. That's a stress relief. Not even just on the job, but personal life, kids, family, marriage, all that.

0:4:49.280 --> 0:4:51.570

FR01

Working out is a big thing for me.

0:4:52.270 --> 0:4:57.470

FR01

And I feel like you, you burn off a lot of endorphins and you burn off a lot of stress when you can

0:4:58.370 --> 0:4:59.310

FR01

put it towards that.

0:5:1.610 --> 0:5:2.150

FR01

That and just

0:5:2.880 --> 0:5:10.270

FR01

friendships that you can bond through the job, people that are like minded, that share the same like experiences

0:5:11.480 --> 0:5:24.0

FR01

help a lot. I mean that the sick sense of humor thing is because we both well we both we all on the shift usually have had the same runs together the same instances or at least like uh

0:5:26.330 --> 0:5:27.930

FR01

share like-minded experiences.

0:5:28.940 --> 0:5:29.720

FR01

And we can

0:5:30.460 --> 0:5:32.870

FR01

joke about it and that's our sense of

0:5:33.630 --> 0:5:35.780

FR01

debriefing I guess like our

0:5:36.990 --> 0:5:37.910

FR01

stress relief.

0:5:39.100 --> 0:5:40.970

I-MW

Yeah. No, I'm tracking with you. For sure.

0:5:41.920 --> 0:5:43.990

I-MW

From a from a physical

0:5:44.830 --> 0:5:55.180

I-MW

fitness activity standpoint, do you have any type of you know what you consider chronic work related pains that you have to deal with to fight through from the physical activity standpoint?

0:5:56.870 --> 0:6:5.380

FR01

Absolutely. I mean, I'm, I'm by no means a large person. I'm actually 5'7" a hundred-sixty pounds, but

0:6:6.370 --> 0:6:9.950

FR01

I might do my best to keep up with the biggest guys at work.

0:6:10.640 --> 0:6:15.180

FR01

So with that and trying to stay in shape so that I don't get broken on the job.

0:6:16.140 --> 0:6:16.600

FR01

Uh.

0:6:17.850 --> 0:6:26.400

FR01

They, I I'm right now I'm suffering from like, recovering from a herniated disc. A herniated disc in my L4 L5

0:6:27.190 --> 0:6:33.220

FR01

and that's I'm getting shots in my back. I'm getting PT and

0:6:34.460 --> 0:6:36.760

FR01

surgery at some point, but I'm not ready for it yet.

0:6:38.70 --> 0:6:39.460

FR01

So I mean that we all have

0:6:40.210 --> 0:6:41.150

FR01

I guess ailments.

0:6:42.270 --> 0:6:43.510

FR01

Things that I try to uh

0:6:47.0 --> 0:6:55.530

FR01

counteract so I don't hurt myself on the job. I try to build it up beforehand with shoulders, back are the biggest things I would say.

0:6:57.340 --> 0:6:57.620

I-MW

Sure.

0:6:59.230 --> 0:6:59.940

I-MW

What um

0:7:0.900 --> 0:7:7.360

I-MW

What are some of the well-being things you guys currently are incorporating into your workflows?

0:7:9.880 --> 0:7:11.410

FR01

Well, as a department

0:7:12.260 --> 0:7:17.680

FR01

we're pretty lucky that we had, well, we had a previous chief in place that really put

0:7:18.500 --> 0:7:19.910

FR01

physical fitness and

0:7:20.820 --> 0:7:21.310

FR01

uh

0:7:22.810 --> 0:7:25.140

FR01

just overall body composition.

0:7:27.530 --> 0:7:30.620

FR01

Uh I shouldn't say just fitness it's also cardiac, she just put

0:7:31.280 --> 0:7:39.410

FR01

Overall health above all else for us and we got yoga, we have a company called 3F Fitness that comes in

0:7:40.280 --> 0:7:44.160

FR01

uh. to our different stations, usually once a month.

0:7:44.870 --> 0:7:51.880

FR01

To go through workout routines, and they're willing to do one-on-one with people that are having a difficult time passing their

0:7:52.590 --> 0:7:55.330

FR01

annual physical fitness review

0:7:56.830 --> 0:7:57.380

FR01

and

0:7:58.600 --> 0:8:8.660

FR01

that I guess that just the money that she money that the department has put towards us for our stations and our gyms at the station.

0:8:9.60 --> 0:8:16.820

FR01

Uh one-on-one one yoga if you need it one-on-one PT if you need it through 3F fitness.

0:8:17.980 --> 0:8:18.800

FR01

That, I think is

0:8:19.380 --> 0:8:22.630

FR01

uh, for me being fitness minded, I feel like is

0:8:24.30 --> 0:8:28.800

FR01

very beneficial for us, but I can only speak for myself. Some people don't think it's that important.

0:8:30.80 --> 0:8:34.470

I-MW

Yeah, I mean, that's huge, so those are like the one-on-one yoga and things that's

0:8:35.470 --> 0:8:39.10

I-MW

sponsored activities of the department cover that for you guys?

0:8:40.180 --> 0:8:42.90

FR01

Yeah. So the one-on-one yoga is.

0:8:43.730 --> 0:8:54.60

FR01

If no, I don't think anybody has brought it up, but the yoga studios that they have every Wednesday is free to come in and then she can get give you like

0:8:55.40 --> 0:8:57.450

FR01

the one-on-one things that you can take home.

0:8:58.450 --> 0:9:1.40

FR01

They come just like 3F fitness once a month.

0:9:1.680 --> 0:9:5.210

FR01

Just because they go to the other stations and every shift

0:9:5.920 --> 0:9:15.620

FR01

and just do a full yoga thing. And if you want more, if you wanna go over more and to take home more, do on your own, they're willing to do that.

0:9:16.790 --> 0:9:17.270

I-MW

Awesome.

0:9:17.960 --> 0:9:29.690

I-MW

Cool. What other? I mean, what other opportunities do you see as far as incorporating well-being resources into you know your daily workflow or just the workflow of your colleagues and department?

0:9:32.990 --> 0:9:35.10

FR01

Um they put out all the

0:9:35.790 --> 0:9:36.920

FR01

like the anonymous

0:9:38.100 --> 0:9:47.590

FR01

numbers that you can call text, e-mail, probably those things that I don't take advantage of. I don't know if I would use it because that's not

0:9:48.880 --> 0:9:54.510

FR01

it's not something I feel like I need, but that's always out throughout the station or like a help line and

0:9:55.810 --> 0:9:58.640

FR01

we had a lot of issues and have had it in the past

0:9:59.930 --> 0:10:2.880

FR01

in the fire department and the fire service in general.

0:10:3.510 --> 0:10:4.40

FR01

Uh.

0:10:4.840 --> 0:10:10.130

FR01

Alcohol related issues because people cope with alcohol, so that there's a big push on that.

0:10:11.30 --> 0:10:11.970

FR01

A lot recently.

0:10:16.240 --> 0:10:17.720

FR01

Yeah, other than

0:10:18.660 --> 0:10:19.20

FR01

the

0:10:20.120 --> 0:10:26.980

FR01

body fitness wise, the mind wise that they've pushed out some different programs and I know that those are posted throughout

0:10:27.950 --> 0:10:33.120

FR01

the fire stations and even sometimes that in the EMS rooms at the hospitals.

0:10:35.360 --> 0:10:35.750

I-MW

Hm.

0:10:37.420 --> 0:10:44.170

I-MW

What would you say are some of the barriers that you see playing a role in bringing more well-being resources in

0:10:44.910 --> 0:10:48.260

I-MW

to the workplace and the just the community in general?

0:10:50.870 --> 0:10:55.90

FR01

Well, the biggest barriers are the people, the community themselves is built from

0:10:56.250 --> 0:10:56.810

FR01

people that

0:10:57.880 --> 0:11:3.380

FR01

feel themselves to be bad***es, tough guys that don't need help

0:11:4.160 --> 0:11:4.510

I-MW

Hmm.

0:11:4.230 --> 0:11:5.180

FR01

Until it's too late.

0:11:6.390 --> 0:11:8.270

FR01

I'm also in the military, so it

0:11:9.250 --> 0:11:14.540

FR01

I think it goes hand in hand it it's definitely softened a lot.

0:11:15.250 --> 0:11:21.170

FR01

To where people have realized in the conception the pre whatever the

0:11:22.620 --> 0:11:25.170

FR01

the overall feeling of

0:11:26.0 --> 0:11:31.570

FR01

bad**s tough guys don't need help. It's definitely opened up and softened because

0:11:32.380 --> 0:11:34.360

FR01

generations have gone through now that

0:11:38.610 --> 0:11:38.960

I-MW

Hmm.

0:11:35.580 --> 0:11:40.770

FR01

see that where the benefits have helped. Because guys in the past would retire

0:11:41.510 --> 0:11:51.560

FR01

and carry those things on and not live a very good retirement, a lot of divorces, a lot of family issues and things like that that they can't get past.

0:11:52.710 --> 0:11:54.630

FR01

Now that it's being pushed through and

0:11:55.710 --> 0:11:56.540

FR01

people have seen it.

0:11:57.470 --> 0:12:0.680

FR01

They're more open to do it because they seen the success stories but

0:12:3.140 --> 0:12:5.620

FR01

I that's all I got. I guess I.

0:12:6.670 --> 0:12:11.110

FR01

I think just the knowledge of it being out there and the awareness has helped.

0:12:13.260 --> 0:12:16.550

I-MW

Yeah, that's interesting to hear. What do you-

0:12:17.760 --> 0:12:25.830

I-MW

What would you contribute you know mainly to that kind of culture shift over time, any one or two things you'd point to?

0:12:28.140 --> 0:12:29.490

FR01

No, no.

0:12:30.790 --> 0:12:33.110

FR01

Honestly, no. I I know people that have used it.

0:12:34.370 --> 0:12:36.370

FR01

Uh, but un-

0:12:37.570 --> 0:12:42.530

FR01

unfortunately for myself, I feel like the people that have the majority of the people that have used it

0:12:43.240 --> 0:12:44.960

FR01

are abusing it and

0:12:45.680 --> 0:12:49.190

FR01

they're kind of ruining it for the people that probably truly need it, which..

0:12:50.850 --> 0:12:52.510

FR01

It's a scapegoat for them

0:12:54.10 --> 0:13:1.160

FR01

to get out of trouble or to have the unions back them because they would have been in trouble, they know if they go down this route

0:13:1.870 --> 0:13:3.440

FR01

that they're protected.

0:13:4.100 --> 0:13:4.470

I-MW

Hmm.

0:13:7.860 --> 0:13:8.420

I-MW

Okay

0:13:8.0 --> 0:13:15.20

FR01

So I I'm kind of I'm kind of I'm probably not. I feel like I'm not the typical guy when it comes to this because

0:13:15.710 --> 0:13:16.810

FR01

I have a hard time

0:13:17.670 --> 0:13:23.680

FR01

with people claiming PTSD and all this blanket coverage because

0:13:25.230 --> 0:13:29.340

FR01

I've been there with them. I've gone through the same runs at the same experiences.

0:13:30.80 --> 0:13:33.520

FR01

I know what they do on the outside and they just use it as

0:13:34.570 --> 0:13:35.220

FR01

a scapegoat.

0:13:36.60 --> 0:13:36.380

I-MW

Hmm.

0:13:37.270 --> 0:13:37.940

I-MW

Yeah, that's

0:13:38.80 --> 0:13:42.370

FR01

and this is also military. So I'm kind of blending both together.

0:13:43.140 --> 0:13:46.250

I-MW

Yeah, no, this is insightful. Man I'm curious like

0:13:48.290 --> 0:13:50.780

I-MW

what do you think it is that kind of

0:13:52.630 --> 0:13:58.50

I-MW

distinguished you from that group? Or I'm sure there's folks like you, folks like that group, kind of what

0:13:58.680 --> 0:13:59.760

I-MW

what do you think it is?

0:14:5.390 --> 0:14:5.870

I-MW

Umm.

0:14:2.710 --> 0:14:13.840

FR01

It's not just me for I mean at all. I I'm definitely like-minded with a lot of the people that I work with and know, they just don't have the opportunity to share it like this.

0:14:14.810 --> 0:14:17.620

FR01

but the I guess the difference is we're willing to

0:14:18.620 --> 0:14:21.220

FR01

to do the work and we're not looking for an out.

0:14:22.840 --> 0:14:26.950

FR01

Um I think it's sheer laziness for a lot of the issues.

0:14:27.850 --> 0:14:28.550

FR01

and

0:14:29.510 --> 0:14:31.980

FR01

if they have a, if the chance to get

0:14:32.770 --> 0:14:39.830

FR01

something for nothing or get out at 15, 20 years because they're invested into the pension and they get

0:14:40.470 --> 0:14:42.420

FR01

whatever, 60 percent whatever 80 percent

0:14:43.0 --> 0:14:44.390

FR01

and they don't have to work anymore.

0:14:48.780 --> 0:14:49.140

I-MW

Umm.

0:14:45.880 --> 0:14:56.970

FR01

As lazy people are going to do, choose that route, especially if it's so, so broad, and you can't you claim things like PTSD or you can't, they can't not prove it.

0:14:57.600 --> 0:15:0.190

FR01

So it's easy for them to go down that road.

0:15:1.960 --> 0:15:6.630

I-MW

Yeah, it's, that's fascinating. So now we're going to shift-

0:15:5.800 --> 0:15:14.210

FR01

But I also know people that on the other end of the spectrum, I don't know personally, but I know I've gone on runs for people that just

0:15:15.620 --> 0:15:17.590

FR01

can't cannot handle stress.

0:15:19.880 --> 0:15:25.960

FR01

Usually it's that's, you know, people that have been prior military, been through experiences where

0:15:26.850 --> 0:15:29.940

FR01

we go as medics and have to

0:15:31.370 --> 0:15:34.790

FR01

usually take these people to the hospital because they're either

0:15:37.500 --> 0:15:40.0

FR01

trying to harm themselves, harm others, or just

0:15:40.940 --> 0:15:43.850

FR01

belligerent kind of anxiety.

0:15:45.670 --> 0:15:47.0

FR01

So I know it's out there.

0:15:47.820 --> 0:15:49.690

FR01

I I know in the fire service.

0:15:50.440 --> 0:15:53.90

FR01

It it's hard for me to get behind that too, because

0:15:53.790 --> 0:15:59.980

FR01

If this is a profession, as a first responder, I would say fire, EMS,

0:16:1.220 --> 0:16:7.180

FR01

law enforcement that if it bothers you that much, you need to find a different profession, you need to

0:16:8.240 --> 0:16:11.580

FR01

do something that you can personally handle, cause everybody's different.

0:16:13.260 --> 0:16:16.290

I-MW

Yeah, I mean you nailed it, I mean, that's really

0:16:17.310 --> 0:16:27.60

I-MW

that's what this interview is about is getting to that point like we're in the business of helping people that are recognized and cope with stress, and we find that just a lot of people

0:16:27.750 --> 0:16:39.340

I-MW

they struggle inherently with how they respond to it, and this is this has been pretty cool listening to you and kind of talking through it to see that that carry over and kind of what it does

0:16:40.40 --> 0:16:42.410

I-MW

in the department within this industry.

0:16:43.390 --> 0:16:49.700

I-MW

So what- So from our standpoint, you know mindfulness is a means to

0:16:51.30 --> 0:16:59.660

I-MW

that process of being a little bit more resilient when it comes to stress and we're just curious like what are your thoughts regarding the incorporation of mindfulness practice into

0:17:0.310 --> 0:17:4.570

I-MW

your daily work life? Is that- Are you familiar with that? What? What does that mean to you?

0:17:6.760 --> 0:17:8.990

FR01

Uh I don't know. I guess when

0:17:10.290 --> 0:17:15.730

FR01

for my daily work life, I know there's always stressors, but we just kind of

0:17:16.770 --> 0:17:22.780

FR01

get through them and it doesn't affect the I guess it doesn't, I know it doesn't affect us like it affects

0:17:23.890 --> 0:17:27.420

FR01

I want to say the general population, "Gen Pop", because

0:17:27.120 --> 0:17:27.470

I-MW

Umm.

0:17:28.840 --> 0:17:33.780

FR01

just at home, you know, talking to your spouses, your loved ones

0:17:34.430 --> 0:17:35.290

FR01

we can't talk

0:17:35.970 --> 0:17:37.890

FR01

to them about certain things or like

0:17:39.80 --> 0:17:41.80

FR01

talk the same way that we would at work

0:17:41.870 --> 0:17:49.100

FR01

because they don't know that life and our life experiences are completely callous compared to what they're used to. Just death is

0:17:50.560 --> 0:17:53.140

FR01

is part of the job. I know

0:17:55.90 --> 0:17:56.800

FR01

Uh, for example

0:17:57.970 --> 0:17:59.770

FR01

A guy went through his

0:18:0.450 --> 0:18:3.250

FR01

I think it was either his mother or father-in-law just passed away.

0:18:4.150 --> 0:18:8.760

FR01

They're at the funeral and he, I mean, death is just it happens.

0:18:9.990 --> 0:18:10.630

FR01

He's not

0:18:11.390 --> 0:18:13.790

FR01

He's not grieving like everyone else and his wife

0:18:14.620 --> 0:18:26.610

FR01

is sitting there wondering why, you know, this guy's a monster? Why is he talking about what are we going to do next? Like, what are we going to do with the house and all this stuff when we can't control ourselves because we're crying so much?

0:18:29.0 --> 0:18:29.590

FR01

I guess that.

0:18:30.470 --> 0:18:32.760

FR01

I know that there's a difference in

0:18:33.930 --> 0:18:35.930

FR01

how we look at stress and

0:18:36.950 --> 0:18:38.930

FR01

death and things like that because

0:18:39.890 --> 0:18:45.660

FR01

talking to people that don't do our profession, I guess the normal general public

0:18:46.630 --> 0:18:50.100

FR01

cannot separate themselves from it, and they, they just.

0:18:53.160 --> 0:18:56.170

FR01

OK, I don't know how else to, I guess explain it.

0:18:56.760 --> 0:18:59.780

I-MW

I'm tracking with you. So, you just

0:19:0.790 --> 0:19:3.350

I-MW

as a part of being in this profession, you've just

0:19:4.600 --> 0:19:14.330

I-MW

cultivated this very practical approach to handling things that most people would consider very drastic, and I'm just curious of like

0:19:15.810 --> 0:19:17.520

I-MW

you think that's just inherent

0:19:18.750 --> 0:19:31.40

I-MW

to your work? Or was there something that you that you've focused on specifically that's kind of helped you develop that skill in yourself or in how some of your colleagues that have did the same thing?

0:19:32.830 --> 0:19:33.350

FR01

Uh.

0:19:34.240 --> 0:19:36.780

FR01

I think it's there's definitely a lot of things that are inherent.

0:19:37.440 --> 0:19:44.440

FR01

I mean, I my wife always says that I'm cold-hearted but and I've always been pretty calloused to a lot of things but

0:19:45.550 --> 0:19:46.20

FR01

Umm.

0:19:47.80 --> 0:19:49.180

FR01

I think the slow progression into

0:19:50.470 --> 0:19:54.430

FR01

a profession with that kind of stress, just like the military.

0:19:55.260 --> 0:19:55.600

FR01

kind of

0:19:56.280 --> 0:20:8.750

FR01

brings in all the stressors and basic training and they break you down, they build you up and

they bring you to a position where hopefully you can deal with it. You know, usually when push comes to shove in the moment

0:20:9.440 --> 0:20:12.0

FR01

you know exactly what to do and how to function under stress.

0:20:13.50 --> 0:20:13.610

FR01

The thing that

0:20:14.340 --> 0:20:18.610

FR01

the military doesn't do well at is people that can't

0:20:20.120 --> 0:20:22.490

FR01

de-load that stress or debrief that stress.

0:20:23.790 --> 0:20:26.400

FR01

how to cope with it after the stress was gone.

0:20:28.450 --> 0:20:35.610

FR01

I mean, Vietnam was a huge thing for that. They just, you know, everybody went through this terrible time and then they just threw them out to the street.

0:20:36.770 --> 0:20:37.220

FR01

So.

0:20:38.130 --> 0:20:38.540

FR01

I guess.

0:20:49.730 --> 0:20:50.140

I-MW

Umm.

0:20:39.930 --> 0:20:51.60

FR01

Awareness, like programs on how to deal with the stress. Yoga was I I like yoga for the stretching. It doesn't really do anything for me, for the mental state, but I know people that it really does.

0:20:52.340 --> 0:21:7.670

FR01

So I'll throw that out there as an example that that is a way to go out and get that mental debrief stress like, take you out almost out of body. Just relax, take all the stressors away and focus on something else.

0:21:8.880 --> 0:21:9.490

I-MW

Yeah, man.

0:21:9.90 --> 0:21:9.560

FR01

Umm.

0:21:10.880 --> 0:21:15.800

FR01

I I think I would say more programs like that, I don't know what those programs are other than

0:21:17.660 --> 0:21:25.10

FR01

for me it's putting stress on my physical body where it's working out yoga or things like that. I feel like that is a huge

0:21:26.80 --> 0:21:28.670

FR01

de-stressor for me because I'm able to

0:21:30.340 --> 0:21:32.490

FR01

put whatever stress I have into

0:21:33.800 --> 0:21:36.200

FR01

hurting my body in a good way to build it up.

0:21:37.470 --> 0:21:37.740

I-MW

Yeah.

0:21:39.100 --> 0:21:48.100

I-MW

This is great. I mean, you're really you're speaking our language. No. Now thinking in terms of some of the things you mentioned, like what are your thoughts regarding

0:21:49.190 --> 0:21:53.0

I-MW

the use of like a stress reduction app during work?

0:21:54.520 --> 0:21:58.990

FR01

It's really hard during work because for us

0:21:59.970 --> 0:22:7.10

FR01

Especially being on the EMS medic apparatus that goes out 90% of the time.

0:22:8.370 --> 0:22:15.420

FR01

I we usually don't get to go through the whole whatever. Whatever they're doing, whether it be yoga or

0:22:16.700 --> 0:22:19.770

FR01

physical fitness, when those people come in once a month

0:22:20.950 --> 0:22:26.720

FR01

I would say more than 70% of the time we get one or two calls while they're there.

0:22:27.340 --> 0:22:27.760

I-MW

Umm.

0:22:27.720 --> 0:22:28.230

FR01

So.

0:22:29.280 --> 0:22:33.450

FR01

It doesn't help us a whole lot because we cannot go out of service

0:22:34.110 --> 0:22:34.620

FR01

to do it.

0:22:37.760 --> 0:22:40.60

FR01

And that's obviously we can't

0:22:40.970 --> 0:22:47.210

FR01

All of a sudden, just say we're not. We can't work for this hour because we're at work to keep the public safe.

0:22:49.140 --> 0:22:49.580

I-MW

Right.

0:22:49.460 --> 0:22:54.140

FR01

So it's kind of difficult to do those specific things or I would say anything

0:22:55.10 --> 0:22:56.670

FR01

during work hours because

0:22:58.630 --> 0:22:59.780

FR01

were constantly getting calls.

0:23:3.320 --> 0:23:4.0

I-MW

What about-

0:23:3.210 --> 0:23:4.780

FR01

That's the biggest hurdle for us.

0:23:6.640 --> 0:23:8.360

I-MW

Yeah, I can see that.

0:23:9.620 --> 0:23:15.980

I-MW

What about outside of work? So I guess give us- what's the typical work week look like for you?

0:23:18.750 --> 0:23:23.200

FR01

Well, for me, I have three children, all school aged.

0:23:23.530 --> 0:23:25.790

FR01

Umm one is special needs

0:23:27.80 --> 0:23:29.150

FR01

that has nursing

0:23:29.850 --> 0:23:33.0

FR01

16 hours a day. The other two have sports.

0:23:33.950 --> 0:23:35.110

FR01

And my wife works.

0:23:36.920 --> 0:23:42.930

FR01

So we're pretty busy outside of work, so I work 1 to 24 hours and I'm off 48.

0:23:44.40 --> 0:23:48.830

FR01

So this week I worked yesterday 24 hours, I had

0:23:49.780 --> 0:23:52.670

FR01

this today while the kids are at school

0:23:53.400 --> 0:23:56.970

FR01

to do the, to mow and get the projects done around the house.

0:23:58.420 --> 0:23:59.310

FR01

Kids come home.

0:24:0.250 --> 0:24:3.870

FR01

The whole- it's all homework and then it's off to sports

0:24:4.630 --> 0:24:7.560

FR01

and then it's rushed to bed once we get done with sports.

0:24:8.640 --> 0:24:11.530

FR01

And then so that is today and tomorrow I work

0:24:12.260 --> 0:24:17.100

FR01

On Friday, half a day, because I have drill for the military this weekend.

0:24:17.910 --> 0:24:20.70

FR01

Which is Saturday and Sunday.

0:24:24.170 --> 0:24:24.660

I-MW

So.

0:24:24.180 --> 0:24:25.160

FR01

I would say pretty busy.

0:24:25.630 --> 0:24:28.440

I-MW

Yeah, pretty, extremely busy, man.

0:24:29.900 --> 0:24:41.100

I-MW

So when you're thinking about a stress reduction app, what type of features, benefits, programming would make you want to use it? An app like that?

0:24:45.850 --> 0:24:52.200

FR01

For me personally and anybody in my situation would be a whole family deal. Now I know

0:24:53.120 --> 0:24:58.440

FR01

obviously, the certain stressors I don't want my family a part of it, so maybe it's

0:25:0.220 --> 0:25:2.10

FR01

for the kids of people.

0:25:3.190 --> 0:25:9.760

FR01

For me, it would probably be like if you give activities for my children to do and my wife can have like a date night.

0:25:10.960 --> 0:25:11.490

FR01

That would be.

0:25:12.220 --> 0:25:17.450

FR01

That that's those are the biggest things for us when our parents can watch the kids

0:25:18.100 --> 0:25:24.110

FR01

and then we have it a date night to ourselves, which we don't have very often. And it kind of brings us back to like a

0:25:25.210 --> 0:25:26.830

FR01

to each other and

0:25:28.640 --> 0:25:31.630

FR01

so I guess center ourselves and our relationship and

0:25:33.290 --> 0:25:36.220

FR01

kind of bring us some calm during a stressful week.

0:25:39.590 --> 0:25:40.620

I-MW

Any other

0:25:50.620 --> 0:25:51.90

FR01

Uh.

0:25:42.550 --> 0:25:53.940

I-MW

features of a program that was going to have you more inclined to open up an application on your phone or certain duration or length of thing. And like yeah, I can just work or..

0:25:56.70 --> 0:25:58.390

FR01

What something. Uh, duration. I don't.

0:26:3.320 --> 0:26:5.700

FR01

I don't know of anything, I guess to be honest.

0:26:6.90 --> 0:26:6.520

I-MW

Mhm.

0:26:9.130 --> 0:26:12.160

FR01

I we haven't, we haven't looked for anything, so I don't.

0:26:13.480 --> 0:26:14.540

FR01

I don't, I don't know.

0:26:17.780 --> 0:26:18.600

I-MW

You um.

0:26:20.790 --> 0:26:28.840

I-MW

What does your mobile app usage look like now? Are you tapping into different apps for to help with your overall well-being?

0:26:30.100 --> 0:26:34.590

FR01

No, I have. I honestly I don't

0:26:35.590 --> 0:26:37.940

FR01

use many apps at all, unless it's for

0:26:40.260 --> 0:26:41.400

FR01

cooking or

0:26:42.920 --> 0:26:45.120

FR01

mail or e-mail, stuff like that.

0:26:48.150 --> 0:26:48.490

I-MW

Yeah.

0:26:49.690 --> 0:26:50.580

FR01

It I guess.

0:26:49.470 --> 0:26:51.400

I-MW

On the low-tech side of things, just...

0:26:52.840 --> 0:26:53.330

I-MW

Go ahead.

0:26:53.360 --> 0:26:58.980

FR01

I guess the biggest thing that I forgot I should be #1 on the list is my spiritual faith.

0:26:59.960 --> 0:27:1.290

FR01

And that I guess that

0:27:1.910 --> 0:27:11.50

FR01

keeps me grounded personally more than anything else because I feel like a set of morals and a higher being and knowing that

0:27:12.300 --> 0:27:13.610

FR01

this isn't all for nothing

0:27:15.160 --> 0:27:17.40

FR01

is a big thing for me and my family.

0:27:18.400 --> 0:27:18.760

I-MW

Yeah.

0:27:19.840 --> 0:27:21.700

I-MW

That's huge, it's foundational.

0:27:23.90 --> 0:27:23.660

I-MW

Is there.

0:27:25.340 --> 0:27:44.730

I-MW

So what would you say, is there anything thinking you seem like a fairly you know minimal when it comes to some of the tech stuff when you're thinking about your coworkers and their interest in using an application on the phone, what do you think would be conducive for them or intriguing to say, oh yeah, I'm going to jump on this consistently?

0:27:47.120 --> 0:27:47.790

FR01

Uh.

0:27:50.850 --> 0:27:53.980

FR01

My I mean, my coworkers that I work with, I can't.

0:27:54.790 --> 0:27:55.260

FR01

I can't

0:27:56.160 --> 0:28:2.310

FR01

throw down something with it that would help for their well-being other than fitness-related.

0:28:4.460 --> 0:28:8.370

FR01

I mean, there's there are quite a few people that use apps for fitness

0:28:9.640 --> 0:28:11.30

FR01

for programs for that.

0:28:11.920 --> 0:28:12.240

FR01

But

0:28:13.350 --> 0:28:17.150

FR01

other than closing their rings or their iWatch, I don't know of anything else.

0:28:20.10 --> 0:28:22.440

FR01

And I can't. I can't say that I was

0:28:23.230 --> 0:28:24.850

FR01

that any of us would truly use.

0:28:27.10 --> 0:28:31.880

FR01

I don't know how that would, what that would look like to help us with stress relief.

0:28:32.660 --> 0:28:37.550

I-MW

Yeah. No, that's good to know. What do you think like

0:28:38.270 --> 0:28:42.440

I-MW

you said you don't think most of you guys would use something like that? Not sure like

0:28:43.130 --> 0:28:49.40

I-MW

or are there just some barriers that you think would prevent

0:28:49.730 --> 0:28:51.380

I-MW

the use of that? Just

0:28:52.450 --> 0:28:55.250

I-MW

kind of take us into your world a little bit here because I'm curious.

0:28:57.440 --> 0:29:0.830

FR01

I guess the biggest thing is you have to feel like you need it for one.

0:29:1.380 --> 0:29:2.440

I-MW

Mm-hmm.

0:29:1.610 --> 0:29:3.810

FR01

And if you don't feel like you need it, you're not gonna do it.

0:29:5.730 --> 0:29:6.250

I-MW

Yep.

0:29:8.850 --> 0:29:9.400

FR01

So.

0:29:10.280 --> 0:29:11.260

FR01

I don't know what.

0:29:12.800 --> 0:29:19.150

FR01

There's nothing, there's no app out there that I can think of that would help my stress, I can't.

0:29:20.410 --> 0:29:27.270

FR01

I don't know what that even means. Like are we talking like a gaming thing or something that you look at once a day as like

0:29:28.440 --> 0:29:31.470

FR01

somebody would use as motivational quotes

0:29:34.80 --> 0:29:39.190

FR01

spiritual like scriptures? Cause I don't know cause none of that stuff

0:29:41.670 --> 0:29:44.970

FR01

I put much into. I don't. I guess I don't

0:29:46.210 --> 0:29:52.160

FR01

I don't think it carries much weight for me personally, and the type of people that I work with and our mindset.

0:29:54.10 --> 0:29:54.310

I-MW

Umm.

0:29:55.70 --> 0:29:55.560

I-MW

That's.

0:29:56.550 --> 0:30:0.280

I-MW

dropping some knowledge bombs here. I mean this is intriguing. I'm trying to think

0:30:2.780 --> 0:30:3.810

I-MW

is there?

0:30:6.210 --> 0:30:13.300

I-MW

What type of information would need to be in this hypothetical app? Like what type of information would need to be

0:30:14.20 --> 0:30:18.930

I-MW

you feel would need to be included to make it feel like it even could be something that could touch

0:30:19.620 --> 0:30:21.690

I-MW

the stress in terms of benefit?

0:30:22.370 --> 0:30:22.940

I-MW

(inaudible)

0:30:25.10 --> 0:30:28.990

FR01

I don't know. I I can't see how an app on your phone would

0:30:30.700 --> 0:30:32.790

FR01

would benefit would benefit me.

0:30:38.0 --> 0:30:38.730

I-MW

That's fair.

0:30:40.0 --> 0:30:40.650

I-MW

What if?

0:30:40.100 --> 0:30:42.820

FR01

I and honestly I I just don't

0:30:43.640 --> 0:30:47.810

FR01

I unless it was it for me personally, unless I'm trying to

0:30:49.830 --> 0:30:50.750

FR01

get myself

0:30:51.940 --> 0:31:1.160

FR01

more in shape and it has to do with either calorie counting like food related or fitness related to keep track of fitness goals

0:31:1.960 --> 0:31:3.360

FR01

for workouts

0:31:4.540 --> 0:31:5.570

FR01

I I don't know.

0:31:8.610 --> 0:31:10.250

FR01

I don't know what else would be out there

0:31:10.890 --> 0:31:12.280

FR01

to help myself personally.

0:31:12.970 --> 0:31:20.250

I-MW

Yeah. Yeah. No I'm tracking with you. So imagine, let's just say that within the app was that

0:31:21.900 --> 0:31:40.940

I-MW

coach consultant that was right there at your fingertips to give you the information in those buckets that you just mentioned kind of at your fingertips and you pop in and you're gonna get those insights to kind of keep moving you in that physical, mental, spiritual direction that you want to go. What what would that

0:31:42.240 --> 0:31:46.630

I-MW

personal application like what would it be coaching you on that you feel like this is beneficial?

0:31:50.250 --> 0:31:57.470

FR01

So when you say that the first thing that comes to mind is like for the military, we have military one source.

0:31:58.460 --> 0:32:0.290

FR01

Where it's kind of a one stop thing

0:32:1.60 --> 0:32:5.10

FR01

to go to for families, for service members

0:32:5.750 --> 0:32:10.780

FR01

that are looking for help in multiple different areas, whether it be

0:32:11.730 --> 0:32:13.290

FR01

kids, family, personal

0:32:14.70 --> 0:32:18.970

FR01

they that's usually your first step and then they can get you the information that you need.

0:32:20.380 --> 0:32:27.640

FR01

I know lots of people that have used military one source, especially when we're deployed for family left at home.

0:32:28.560 --> 0:32:32.870

FR01

For answers for ideas for just if they have questions.

0:32:35.420 --> 0:32:35.900

I-MW

Yeah.

0:32:42.280 --> 0:32:42.470

FR01

(inaudible)

0:32:36.870 --> 0:32:43.10

I-MW

What's that mean to you? Feel like a lot of people found that useful, or they tapping into it, or what was the general sentiment?

0:32:44.30 --> 0:32:49.700

FR01

I think so because it's not just programs. They also answer questions for

0:32:51.730 --> 0:32:55.160

FR01

finances and they, they're just a resource that

0:32:56.40 --> 0:32:59.750

FR01

if they don't have the answer, they know where to go, who to talk to.

0:33:1.140 --> 0:33:2.120

FR01

So it's a one stop

0:33:3.520 --> 0:33:4.100

FR01

uh resource.

0:33:7.190 --> 0:33:9.170

I-MW

Yeah, that's good to know that's a good reference.

0:33:11.0 --> 0:33:12.250

I-MW

So we were going to have.

0:33:11.720 --> 0:33:18.40

FR01

I feel like that would probably benefit at first responders if there was a a single resource that could

0:33:19.850 --> 0:33:20.560

FR01

that could get

0:33:22.650 --> 0:33:26.760

FR01

I would say probably funding from everywhere to make it big enough

0:33:27.720 --> 0:33:32.10

FR01

to get all the, you know the majority of the answers that people would have, or at least the

0:33:32.640 --> 0:33:34.880

FR01

where they can go for answers.

0:33:38.910 --> 0:33:40.830

I-MW

Yeah, that's good, real good.

0:33:43.110 --> 0:33:44.410

I-MW

So if they were going to be

0:33:45.570 --> 0:33:46.600

I-MW

videos,

0:33:47.330 --> 0:34:1.860

I-MW

If you wanna watch a video that was gonna give you some type of this information similar on

the military, one source or just within an application, who should be present in those videos that you're able to watch should it be

0:34:2.650 --> 0:34:3.650

I-MW

someone

0:34:4.770 --> 0:34:14.200

I-MW

that's within that first responder community, the expert, the doctor like, what's your opinion, who should be present in those videos?

0:34:15.240 --> 0:34:16.710

FR01

If you if you want

0:34:18.90 --> 0:34:19.150

FR01

people to actually

0:34:20.280 --> 0:34:23.390

FR01

I guess pay attention to what's being said this

0:34:24.790 --> 0:34:39.720

FR01

for the fire for the, I would assume law enforcement, even though I'm not in it, we all are kind of like minded where it's the same thing in the military, if you, you want our respect you have like you have to gain our respect. So, if you throw something out there

0:34:40.480 --> 0:34:41.590

FR01

That you want people to

0:34:42.250 --> 0:34:44.130

FR01

to actually pay attention to and take hold

0:34:44.820 --> 0:34:49.570

FR01

It should be somebody in the profession that has true experience, not just

0:34:50.660 --> 0:34:52.580

FR01

I I've done it once, kind of thing or

0:34:54.330 --> 0:34:56.970

FR01

I know somebody that's been there, done that and has

0:34:58.870 --> 0:35:1.630

FR01

a known a known background in it

0:35:2.350 --> 0:35:3.490

FR01

that people respect.

0:35:4.880 --> 0:35:5.250

I-MW

Yeah.

0:35:5.610 --> 0:35:6.850

FR01

That would be the biggest

0:35:8.140 --> 0:35:8.580

FR01

Uh.

0:35:12.670 --> 0:35:12.910

I-MW

Yeah.

0:35:10.560 --> 0:35:12.910

FR01

Catch I guess for our community, we

0:35:14.490 --> 0:35:17.850

FR01

it's very much you. You gain respect. You can't buy it. You can't.

0:35:18.960 --> 0:35:21.260

FR01

Even doctors like we

0:35:22.740 --> 0:35:29.830

FR01

we see doctors, we talked to doctors all the time and even if a doctor's on TV telling us to do something, that doesn't mean

0:35:30.920 --> 0:35:33.70

FR01

we're going to do it just because somebody told us.

0:35:35.810 --> 0:35:39.810

I-MW

That legitimate credibility here.

0:35:42.170 --> 0:35:43.320

I-MW

Yeah, I mean we're

0:35:45.90 --> 0:35:47.380

I-MW

we're attempting to, you know, kind of

0:35:48.80 --> 0:36:1.120

I-MW

to do something in this space to see if we can actually provide a solution that resonates with folks and actually gets into, you know, buy into the information, do it and then ultimately get the results that everybody hopes to get.

0:36:2.650 --> 0:36:3.140

I-MW

So.

0:36:4.300 --> 0:36:13.970

I-MW

Knowing that and knowing that we're hoping to kind of start designing something that we would consider to be like a work- work based stress reduction program.

0:36:14.930 --> 0:36:19.480

I-MW

What would be your key insights to make sure we consider

0:36:20.290 --> 0:36:21.430

I-MW

including or

0:36:22.280 --> 0:36:26.100

I-MW

just taking into consideration at minimum with that?

0:36:28.350 --> 0:36:28.830

FR01

Umm.

0:36:31.980 --> 0:36:37.80

FR01

I I I would just be reiterating everything I've already said when it I guess when it comes to

0:36:37.970 --> 0:36:44.840

FR01

finding something that everybody can get on a on a common goal for us, a huge thing is

0:36:46.480 --> 0:36:56.200

FR01

what- what can won't kill us on the job is that that you know a big thing and the number one killer for firefighters isn't fire, isn't

0:36:57.710 --> 0:36:59.510

FR01

trauma all this stuff, it's cardiac.

0:37:0.230 --> 0:37:0.760

FR01

So,

0:37:1.610 --> 0:37:5.200

FR01

the stress comes from waking up in the middle of the night, the sleep cycles.

0:37:6.570 --> 0:37:10.560

FR01

things like that and then not working out and having a good

0:37:11.160 --> 0:37:15.180

FR01

have good cardiac output on top of all that and just years of abuse.

0:37:18.550 --> 0:37:21.220

FR01

That would be something that

0:37:22.350 --> 0:37:24.760

FR01

long term goals would make a big difference.

0:37:25.510 --> 0:37:28.370

FR01

But if we if something focused on

0:37:30.370 --> 0:37:38.600

FR01

health and well-being both on the mental and physical side, but mainly cardiac on the physical side and mental being.

0:37:40.450 --> 0:37:46.0

FR01

Obviously figuring out how to deal with stress and get rid of it or deal with it in a

0:37:49.50 --> 0:37:51.840

FR01

healthy way, not alcohol, not

0:37:52.530 --> 0:37:53.270

FR01

stuff like that.

0:37:54.790 --> 0:37:55.190

I-MW

Yeah.

0:37:56.400 --> 0:37:56.960

I-MW

No doubt.

0:37:57.960 --> 0:37:58.890

I-MW

Man, this was.

0:37:58.560 --> 0:38:1.40

FR01

But I don't, I don't know the answer to that. That's just

0:38:1.880 --> 0:38:6.780

FR01

that's what I would say would me personally I that needs to be focused on.

0:38:9.210 --> 0:38:28.630

I-MW

Yeah. No, I think he's you provided a lot of rich insights here that I don't even know if you could fully appreciate because this is just your life you're living it. But I'm like light bulb going off. Glad we got this recorded. So, there's, I mean, I'll be taking a ton of notes. You know, as we wrap up here, they're just anything else you want us to know before we

0:38:29.410 --> 0:38:31.220

I-MW

give you the rest of your day back?

0:38:33.630 --> 0:38:38.280

FR01

Well, no. I mean I definitely like I said before harp on the fact that

0:38:40.190 --> 0:38:43.610

FR01

there, there's certainly people that take advantage of the whole

0:38:44.250 --> 0:38:52.650

FR01

PTSD thing and they'll ride the coattails of that to get something out of it and not for personal gain, but

0:38:53.610 --> 0:38:58.160

FR01

because of laziness, get out of work, cards, all that crap.

0:38:59.20 --> 0:39:0.310

FR01

So I don't know

0:39:1.500 --> 0:39:3.860

FR01

If there's anything out there that you can actually

0:39:5.30 --> 0:39:10.440

FR01

keep people accountable and to not abuse what you guys are trying to do on a good note

0:39:11.370 --> 0:39:11.620

FR01

to

0:39:13.650 --> 0:39:16.400

FR01

you guys put a lot of time, effort and money into this and then

0:39:17.50 --> 0:39:20.350

FR01

people either blow it off or they use it, ill will

0:39:21.550 --> 0:39:23.20

FR01

I don't know if there's any way to do that.

0:39:25.630 --> 0:39:26.810

I-MW

Yeah, that's a

0:39:28.380 --> 0:39:32.440

I-MW

good one to think about cause. Yeah, there's always those folks that

0:39:33.250 --> 0:39:35.800

I-MW

Yeah, well, look to abuse

0:39:36.580 --> 0:39:41.370

I-MW

something that it's intended to be very positive and productive and they just

0:39:42.580 --> 0:39:46.210

I-MW

come in and do that, so that's good. Appreciate that advice.

0:39:48.290 --> 0:39:53.680

FR01

Well, that's not so much. That's just also an awareness that I'm sure you guys are aware of, but it

0:39:54.650 --> 0:39:58.110

FR01

the people that actually could use it

0:39:59.400 --> 0:40:2.30

FR01

dilutes that and those that

0:40:3.0 --> 0:40:13.250

FR01

wanna see the programs out there that help and not get just torn down, because the people that are using it are just abusing it. I look at it, the military side of things, the DA,

0:40:13.870 --> 0:40:15.980

FR01

and the people that just go in and

0:40:16.900 --> 0:40:19.40

FR01

try to get disability for absolutely nothing.

0:40:21.390 --> 0:40:25.940

FR01

Obviously abuse the program and take use the funding for ill will.
