

0:0:0.0 --> 0:0:0.370

INTERVIEWER - MW

Okay.

0:0:1.280 --> 0:0:3.440

INTERVIEWER - MW

We are live perfect.

0:0:4.390 --> 0:0:5.410

INTERVIEWER - MW

First, question.

0:0:6.40 --> 0:0:9.120

INTERVIEWER - MW

What does occupational stress mean to you?

0:0:11.900 --> 0:0:13.840

FR03

So I mean

0:0:15.240 --> 0:0:18.680

FR03

When I think of occupational stress. I think of obviously what comes with

0:0:19.440 --> 0:0:29.160

FR03

The job so the stress that comes with being a first responder or whether it's a fireman, EMT, police officer just the

0:0:30.50 --> 0:0:32.390

FR03

The stress that comes with it.

0:0:33.290 --> 0:0:33.940

FR03

I mean

0:0:34.950 --> 0:0:39.650

FR03

That could be anything from a serious call to

0:0:40.420 --> 0:0:46.370

FR03

The training that comes with it to just just about anything that the job has to entail.

0:0:47.50 --> 0:0:53.750

FR03

So yeah, looking at a job description what you do in that job description is

0:0:54.610 --> 0:0:56.300

FR03

Is that all can be stressful.

0:0:59.480 --> 0:1:0.680

INTERVIEWER - MW

How did they

0:1:1.780 --> 0:1:6.530

INTERVIEWER - MW

As you were you know, applying and going through the training, how did they present

0:1:7.310 --> 0:1:14.180

INTERVIEWER - MW

That to you guys? Is that something that they were very specific in kind of bringing up or is it just something that is

0:1:14.930 --> 0:1:18.680

INTERVIEWER - MW

Assumed that you guys are gonna appreciate what the stress looks like?

0:1:19.300 --> 0:1:25.220

FR03

It's something you know when I'm going through training. It's something that's just kind of like it's a given.

0:1:26.530 --> 0:1:28.340

FR03

You know when I went through school

0:1:29.320 --> 0:1:29.920

FR03

This was

0:1:30.660 --> 0:1:32.680

FR03

[A FEW] years ago, um

0:1:33.540 --> 0:1:44.100

FR03

But when I went through school, it wasn't something that was talked about it. It was just kind of something that was like "yeah, it's gonna be stressful" and that's that was the extent of the conversation.

0:1:46.680 --> 0:1:47.220

INTERVIEWER - MW

Gotcha.

0:1:49.320 --> 0:1:55.270

INTERVIEWER - MW

So what would you consider to be helpful to you from the stress reduction standpoint while on the job?

0:1:56.970 --> 0:1:58.170

FR03

Umm so.

0:1:58.980 --> 0:2:1.240

FR03

From a fire department aspect of things

0:2:2.260 --> 0:2:8.450

FR03

A huge stress reliever is having trust in your crew and having you know this

0:2:9.720 --> 0:2:19.650

FR03

Just a little like I guess a family aspect of it. So when we go to the fire department we're we're just one big family like we all

0:2:20.500 --> 0:2:26.500

FR03

When it comes down to each other you know, we all know each other's wives we all know each other's husbands.

0:2:27.270 --> 0:2:43.600

FR03

We're all just a big family that we get together hang out, but when we're on duty it's having that that trust and knowledge of knowing that if I were to go down, that person that I'm working with has my back and I know they do.

0:2:46.730 --> 0:2:49.20

INTERVIEWER - MW

Yeah, see how that's huge you know.

0:2:50.60 --> 0:2:53.600

INTERVIEWER - MW

They're the people out there on the job gonna have your back and it's huge it's big.

0:2:54.250 --> 0:2:59.360

FR03

Yeah, you gotta have a lot of gotta have trust that's I think that's one thing that

0:3:0.210 --> 0:3:2.110

FR03

Not a lot of people understand is that

0:3:2.920 --> 0:3:6.770

FR03

Our job is, it's inherently dangerous and

0:3:7.480 --> 0:3:18.170

FR03

I may only know the person for that could be the first time that I ever worked with him. But I gotta have and that's part of the stress, too, is that if it's the first time that I've worked with somebody

0:3:18.860 --> 0:3:21.290

FR03

I don't know what they're gonna do, I don't know what their habits are.

0:3:21.920 --> 0:3:29.190

FR03

But I have to trust in myself and in them that they're gonna be able to help me if something goes wrong.

0:3:34.160 --> 0:3:46.620

INTERVIEWER - MW

Is that is that something that you felt like you- is that a skill that you've built over time or how do you go about kind of getting yourself in that mindset to be trusting of folks?

0:3:47.220 --> 0:3:52.150

FR03

I mean, it's something that you know, I I grew up in a military family.

0:3:53.590 --> 0:3:54.110

FR03

So that

0:3:54.860 --> 0:3:56.630

FR03

that built my trust a lot, but

0:3:57.820 --> 0:4:1.200

FR03

when it comes down to the fire department

0:4:1.890 --> 0:4:3.760

FR03

That's something that I've built over time.

0:4:5.430 --> 0:4:15.260

FR03

So I knew I at one point, I was there, too, where people didn't know what my skills were so I knew I was that guy that when I showed up that

0:4:15.990 --> 0:4:18.80

FR03

They didn't know if they could trust me or not.

0:4:19.0 --> 0:4:24.810

FR03

And that's a that's something that you have to work on with that particular individual.

0:4:26.840 --> 0:4:27.720

FR03

Yeah, you have to

0:4:28.560 --> 0:4:31.210

FR03

Do trainings and stuff like that almost

0:4:31.990 --> 0:4:36.220

FR03

To re-prove yourself, you went through school and obviously you can do it.

0:4:37.10 --> 0:4:40.400

FR03

But you have to prove yourself again after you're done with school.

0:4:44.890 --> 0:4:49.130

INTERVIEWER - MW

Describe a scenario where you really felt overwhelmed during the job.

0:4:54.440 --> 0:4:56.630

FR03

I mean, I have them all the time.

0:4:57.980 --> 0:5:0.160

FR03

It's just constantly something that like

0:5:1.150 --> 0:5:2.600

FR03

You can so-

0:5:3.240 --> 0:5:6.830

FR03

For example, without going into a whole lot of detail-

0:5:10.40 --> 0:5:18.320

FR03

This past I I think it was a few weeks ago, our department or local school district had a

0:5:19.560 --> 0:5:22.790

FR03

a hoax for an active school shooter.

0:5:23.930 --> 0:5:30.680

FR03

Umm so we had gotten a 911 call saying that there were somebody in our middle school with a gun

0:5:31.520 --> 0:5:32.560

FR03

Shooting up the classes.

0:5:33.800 --> 0:5:35.390

FR03

So, in our mind.

0:5:36.340 --> 0:5:39.880

FR03

We're sitting here worst case scenario, thinking there's gonna be a bunch of kids going down.

0:5:40.640 --> 0:5:46.610

FR03

And at this point we're waiting at the fire department to get an OK from the Sheriff's Office to go in.

0:5:47.900 --> 0:5:48.610

FR03

So,

0:5:50.280 --> 0:5:51.880

FR03

At that point you know

0:5:52.960 --> 0:5:54.350

FR03

I I wasn't at

0:5:55.20 --> 0:6:3.610

FR03

Work at the time, I was at home when all this was going on. I had gotten called in after my shift to come into the fire department to help cover.

0:6:4.340 --> 0:6:9.0

FR03

So I had I had my radio going, I was just listening to what was going on.

0:6:9.870 --> 0:6:12.540

FR03

And to hear everything that was going on.

0:6:14.140 --> 0:6:17.440

FR03

It was absolutely insane, so I was driving

0:6:18.60 --> 0:6:19.550

FR03

Ridiculously fast.

0:6:20.270 --> 0:6:21.620

FR03

Faster than I probably should have.

0:6:24.350 --> 0:6:25.40

FR03

And

0:6:26.260 --> 0:6:27.750

FR03

Just listening and thinking that

0:6:28.440 --> 0:6:31.0

FR03

There's gonna be kids, I'm gonna have to see kids

0:6:31.620 --> 0:6:32.540

FR03

That have been shot

0:6:33.800 --> 0:6:34.690

FR03

Just laying there.

0:6:35.720 --> 0:6:43.740

FR03

So that that can be very overwhelming to think about for somebody that just got off 24 hour shift

0:6:45.90 --> 0:6:48.430

FR03

You know, taking runs the day before and being tired

0:6:49.280 --> 0:6:51.720

FR03

To have to think about you're gonna have to go see that.

0:6:52.360 --> 0:6:54.700

FR03

So I mean, it's it's very overwhelming.

0:6:55.840 --> 0:7:2.50

FR03

And in my mind, it overwhelming to the point where I was driving fast to get there because I wanted to help.

0:7:5.300 --> 0:7:5.830

INTERVIEWER - MW

Yeah.

0:7:6.880 --> 0:7:7.410

INTERVIEWER - MW

That's

0:7:9.30 --> 0:7:10.200

INTERVIEWER - MW

that's intense.

0:7:11.940 --> 0:7:13.70

INTERVIEWER - MW

So how do you guys

0:7:13.770 --> 0:7:16.890

INTERVIEWER - MW

Go about is there any type of process you follow? Kind of

0:7:17.730 --> 0:7:21.440

INTERVIEWER - MW

Decompress after something like that, or just-

0:7:22.620 --> 0:7:27.630

INTERVIEWER - MW

That you gotta get right back at, I mean next call could come up immediately and you don't even have time to reflect?

0:7:28.150 --> 0:7:31.800

FR03

I mean, so that's and that obviously that can happen.

0:7:33.320 --> 0:7:36.480

FR03

We're on duty for 24 hours a day, seven days a week.

0:7:37.310 --> 0:7:38.10

FR03

So,

0:7:39.220 --> 0:7:42.430

FR03

When a run happens like that, it's

0:7:43.60 --> 0:7:49.590

FR03

We do something that's called a a hot wash so a hot wash is you come back to the station

0:7:50.290 --> 0:7:51.110

FR03

And

0:7:52.70 --> 0:7:56.390

FR03

As you're restocking and once you're done, we all kind of just get together.

0:7:57.220 --> 0:8:4.150

FR03

Um whether it's sitting in the recliners or sitting out in the bay with you know with our office chairs and we talk about

0:8:4.970 --> 0:8:6.20

FR03

What happened,

0:8:6.840 --> 0:8:8.280

FR03

And what could have gone better.

0:8:10.260 --> 0:8:14.270

FR03

And it's our way to kind of like debrief from what just happened

0:8:15.250 --> 0:8:16.60

FR03

And

0:8:17.190 --> 0:8:21.290

FR03

Grow on it as a department and actually the next day after

0:8:22.300 --> 0:8:34.640

FR03

You know me and my partner because I was coming in and I actually had a shift at the fire department. But I was only working in the back half so I came in probably about 6-7 hours before my shift even started

0:8:35.350 --> 0:8:36.250

FR03

For this call.

0:8:37.300 --> 0:8:38.30

FR03

And

0:8:39.680 --> 0:8:50.470

FR03

Me and my partner we sat down in the truck after everything kinda was done. We pulled the truck back into the station and we just kind of sat in there for a minute and talked.

0:8:51.450 --> 0:8:58.740

FR03

And that was his first ever- I'm not by any means, a senior fireman that's been doing it for [DECADES].

0:8:59.550 --> 0:9:4.680

FR03

But I've been doing it for about [HALF A DECADE] now and he's only been doing it for [COUPLE OF YEARS].

0:9:5.360 --> 0:9:9.840

FR03

So when it came down to reality, I I was the senior guy there.

0:9:10.910 --> 0:9:13.60

FR03

Uh so it was

0:9:13.810 --> 0:9:15.90

FR03

Talking with him

0:9:16.290 --> 0:9:21.340

FR03

And being able to pass along my experiences with stuff like that

0:9:22.210 --> 0:9:26.530

FR03

And just letting them know how to keep everything cool and collected.

0:9:27.200 --> 0:9:29.940

FR03

Because when these parents are freaking out

0:9:31.130 --> 0:9:35.40

FR03

And they see us- if we're freaking out, then that doesn't help them either.

0:9:36.190 --> 0:9:37.450

FR03

So that was kind of

0:9:38.160 --> 0:9:45.390

FR03

Our communication on how to debrief from all that because it it was a very high stress environment for sure.

0:9:47.710 --> 0:9:48.0

INTERVIEWER - MW

Yeah.

0:9:50.40 --> 0:9:54.590

INTERVIEWER - MW

So given the time you you've been doing it, do you have

0:9:55.270 --> 0:9:58.580

INTERVIEWER - MW

You know what, if any type of chronic work related

0:9:59.290 --> 0:10:1.220

INTERVIEWER - MW

Aches or pains?

0:10:8.680 --> 0:10:9.40

INTERVIEWER - MW

(inaudible)

0:10:4.160 --> 0:10:14.340

FR03

I mean, like you mean like physical pains? No, I I'd say I'm pretty, I you know, we, we are forced to be very physical people.

0:10:15.150 --> 0:10:15.860

FR03

So,

0:10:16.710 --> 0:10:26.80

FR03

In our line of work we're all pretty well fit and a lot of us like our department, especially we're very

0:10:27.50 --> 0:10:36.610

FR03

Fitness-oriented so we, we make sure that everything is that we are physically fit to as a metaphor I'd say to go to war.

0:10:37.410 --> 0:10:37.590

INTERVIEWER - MW

Yeah.

0:10:37.280 --> 0:10:39.530

FR03

We're ready to anything that happens,

0:10:40.430 --> 0:10:47.160

FR03

We're going to go in and we're gonna take care of it because that's just our department's mentality. We have signs

0:10:47.870 --> 0:10:52.910

FR03

Around the station that say, you know "expect fire expect victims."

0:10:53.800 --> 0:10:57.420

FR03

And even if it just comes in as a fire alarm.

0:10:58.90 --> 0:11:10.840

FR03

Our mentality is that we go into it expecting that this house or apartment or whatever is gonna be fully involved and that there's gonna be people trapped because if we go in with that mindset

0:11:11.730 --> 0:11:16.750

FR03

And if it is if it does turn out to be nothing then at least we're prepared for the worst.

0:11:17.380 --> 0:11:18.650

FR03

As opposed to.

0:11:19.320 --> 0:11:24.780

FR03

Going in thinking "Oh, it's gonna be nothing and then the worst does happen and we're not prepared."

0:11:28.70 --> 0:11:35.120

INTERVIEWER - MW

So you mentioned kind of this like fitness mentality culture what does that look like for you guys in your department?

0:11:35.690 --> 0:11:42.290

FR03

So our department, I I go by, we all kind of go by our own thing.

0:11:42.870 --> 0:11:46.260

FR03

Umm our Fire Chief, he wants us to work out

0:11:47.40 --> 0:11:48.530

FR03

About an hour a day.

0:11:49.770 --> 0:11:57.340

FR03

Obviously we work for 24 hour shifts so we don't wanna work out for like 23 hours because that will tax us, but

0:11:59.250 --> 0:12:3.940

FR03

we work out for about an hour a day- it's all job oriented workouts.

0:12:4.630 --> 0:12:5.170

FR03

Uh.

0:12:6.330 --> 0:12:10.590

FR03

And just it's it's our way to be able to

0:12:11.210 --> 0:12:13.730

FR03

Make sure that we're ready for anything.

0:12:27.40 --> 0:12:27.420

INTERVIEWER - MW

You know-

0:12:15.260 --> 0:12:30.430

FR03

And some of our guys, they're above and beyond. You know the CrossFit guys that give you know their gym is their heart, instead of their family. So they spend more time in the gym than they do with their families.

0:12:31.710 --> 0:12:32.90

FR03

But.

0:12:33.420 --> 0:12:38.880

FR03

For some of us, the gym while we're working is our escape from that stress too.

0:12:39.740 --> 0:12:41.470

FR03

So it's being able to.

0:12:42.510 --> 0:12:48.40

FR03

Go and lift heavy things to take your mind off of other stuff, too, so.

0:12:51.30 --> 0:12:51.640

INTERVIEWER - MW

Lot of

0:12:52.850 --> 0:12:57.370

INTERVIEWER - MW

kind of group tandem workouts, then or is it individual what's that look like?

0:12:57.820 --> 0:13:10.640

FR03

It's just depends someone where guys like I said, are the gym rats that they have their own kind of set up so they'll do their chest or their tris or whatever for that day.

0:13:11.370 --> 0:13:13.40

FR03

When it's me and my partner

0:13:13.730 --> 0:13:30.10

FR03

We normally go and we focus on cardio. We focus on upper body strength lower. We focus on kind of it's more of an overall thing together, but we try to do it together. It's always something that because if I know that my partner can't do it

0:13:30.840 --> 0:13:34.420

FR03

Then that's something that we need to work on together.

0:13:35.90 --> 0:13:37.610

FR03

So that way we are both equally

0:13:38.750 --> 0:13:42.190

FR03

As you know, we wanna be equally as strong as each other.

0:13:42.890 --> 0:13:53.540

FR03

But we also want to be stronger than each other in case somebody goes down. So it's it's always something that we try to continuously work together to get better together.

0:13:55.540 --> 0:13:57.980

INTERVIEWER - MW

Awesome for that trust building, too.

0:13:58.380 --> 0:13:58.740

FR03

Right.

0:13:59.520 --> 0:13:59.770

FR03

Right.

0:14:1.560 --> 0:14:8.610

INTERVIEWER - MW

What what opportunities do you see for incorporating other forms of of well-being resources into your daily workflow?

0:14:10.710 --> 0:14:17.390

FR03

So our department, we're kind of a we're a little more rural of a department as opposed to a big city.

0:14:18.170 --> 0:14:19.550

FR03

But I know a few-

0:14:20.260 --> 0:14:23.70

FR03

So I actually so I worked for a few different agencies.

0:14:24.520 --> 0:14:29.980

FR03

So one of the other agencies I work for are

0:14:30.710 --> 0:14:34.0

FR03

Stress that we include and

0:14:34.670 --> 0:14:37.560

FR03

That we can handle it with, we actually have

0:14:38.300 --> 0:14:38.790

FR03

Uh

0:14:39.470 --> 0:14:46.930

FR03

Therapists on call that we can call and talk to uh it's all on the anonymous. It's stuff that we can just

0:14:47.700 --> 0:14:51.370

FR03

Call in and these guys are ready to take a call.

0:14:52.230 --> 0:14:52.910

FR03

And

0:14:55.740 --> 0:15:1.420

FR03

That's that's one of the ways that that particular department includes that into it.

0:15:3.510 --> 0:15:7.200

FR03

Umm I've seen certain departments include yoga into their day.

0:15:8.270 --> 0:15:18.130

FR03

I I've never done it, I'm not flexible enough to do yoga, but I know some people are and apparently that that's one thing that's pretty helpful to

0:15:19.50 --> 0:15:20.840

FR03

Get your mind off of stress as well.

0:15:24.180 --> 0:15:33.70

INTERVIEWER - MW

What are some of the barriers that you see playing a role into bringing in even more well-being resources into the workplace and tactical community?

0:15:35.730 --> 0:15:36.310

FR03

Umm.

0:15:38.570 --> 0:15:42.10

FR03

You you mean just like what- what do you mean by that?

0:15:45.240 --> 0:15:50.150

INTERVIEWER - MW

What makes it harder than you think it should be, to incorporate different

0:15:51.520 --> 0:15:54.560

INTERVIEWER - MW

Well-being resources outside of just the fitness component?

0:15:55.230 --> 0:15:55.940

FR03

I think it's

0:15:57.770 --> 0:15:59.490

FR03

um you know our our job

0:16:1.70 --> 0:16:4.140

FR03

It it, it was something when I started that

0:16:4.860 --> 0:16:9.760

FR03

Mental health wasn't really something that we talked about it was kind of just something that like

0:16:10.580 --> 0:16:12.280

FR03

You looked at and was like

0:16:13.140 --> 0:16:16.550

FR03

Some of the older more seasoned guys

0:16:17.560 --> 0:16:19.930

FR03

If you told them that you were having a problem,

0:16:21.50 --> 0:16:23.390

FR03

They would tell you to figure it out on your own.

0:16:24.650 --> 0:16:27.190

FR03

And it sometimes it would bring people

0:16:28.370 --> 0:16:33.250

FR03

To look at you like you're not OK to do the job or something like that.

0:16:34.110 --> 0:16:34.800

FR03

So,

0:16:35.990 --> 0:16:41.280

FR03

Mental health it's slowly becoming something that we're taking more

0:16:42.280 --> 0:16:45.450

FR03

Into consideration now than we did before.

0:16:46.370 --> 0:16:46.980

FR03

So.

0:16:47.880 --> 0:16:49.200

FR03

What is something that could

0:16:50.840 --> 0:16:53.720

FR03

Get that to be brought in more is just

0:16:54.360 --> 0:16:55.790

FR03

I think it's just a personnel thing.

0:16:56.570 --> 0:17:3.30

FR03

You know you had these old guys that have been doing it for 40-50 years that don't believe in that stuff.

0:17:3.770 --> 0:17:4.200

FR03

That

0:17:4.870 --> 0:17:10.670

FR03

Yeah, once they retire and I'm not saying that you we have to wait until they retire to bring it in but

0:17:13.130 --> 0:17:14.420

FR03

I I'm not sure

0:17:16.40 --> 0:17:17.790

FR03

How to answer that question.

0:17:20.50 --> 0:17:29.380

INTERVIEWER - MW

Yeah, no, I'm tracking with you so this kind of even this is going back to at the beginning when you're talking about building trust and what I'm hearing is to

0:17:30.220 --> 0:17:40.540

INTERVIEWER - MW

Talk- you talking about some of these other things outside of what are the cultural norms may be a detriment to your ability to build trust than a positive for everyone's well-being.

0:17:41.210 --> 0:17:41.540

FR03

Right.

0:17:42.800 --> 0:17:45.50

INTERVIEWER - MW

Wow, yeah, that's that's definitely.

0:17:44.390 --> 0:17:47.380

FR03

It can it can be tough because you don't wanna you know.

0:17:48.90 --> 0:17:49.500

FR03

There are some people that

0:17:50.560 --> 0:17:58.210

FR03

Don't believe in it just because they they were always raised or even just brought into the mentality of

0:17:59.220 --> 0:17:59.760

FR03

Yeah, it.

0:18:0.830 --> 0:18:7.490

FR03

One thing that I think of and I've seen a lot of people and I don't know if this was how you were grown up or not, but.

0:18:9.320 --> 0:18:15.580

FR03

You were never supposed to be as a a guy you weren't supposed to be seen crying like that's how

0:18:16.320 --> 0:18:27.410

FR03

I would like -we were raised to be tough, we were raised to be the people that are strong and can be leaned on so you never wore that person that could let that stress out.

0:18:28.260 --> 0:18:38.920

FR03

Because you were supposed to be relied upon as that strong figure so that's something that it's the same thing in the fire department you don't wanna be

0:18:40.320 --> 0:18:47.100

FR03

I guess the word I'm looking for is you don't wanna be deemed as weak because you have those particular issues.

0:18:48.50 --> 0:18:48.700

FR03

So.

0:18:50.240 --> 0:18:54.0

FR03

They we have to try to find something that's better

0:18:55.110 --> 0:18:59.910

FR03

I guess that can be something that they don't look at and think is weak, you know what I mean?

0:19:0.350 --> 0:19:0.670

INTERVIEWER - MW

Yeah.

0:19:1.480 --> 0:19:2.350

INTERVIEWER - MW

Absolutely.

0:19:24.190 --> 0:19:24.410

FR03

(inaudible)

0:19:3.260 --> 0:19:27.150

INTERVIEWER - MW

You I know exactly what you're talking about. I can see I can still remember I mean I was probably like 7. I came to the top of my stairs and my dad and my sister at the bottom of the stairs and I just yelled down like "you know, I have feelings too!" And it was like one second pause and they both just started busting out laughing and I was like ohh OK. Yeah, that's that's not what we do. Never mind we'll take that one back and just put it into the vault.

0:19:31.220 --> 0:19:38.50

INTERVIEWER - MW

Now we'll talk about some of the mindfulness questions and I'm just curious like what are your thoughts regarding incorporating

0:19:38.850 --> 0:19:43.180

INTERVIEWER - MW

Mindfulness practice into the daily work life?

0:19:44.20 --> 0:19:45.410

FR03

I I think it's important.

0:19:45.920 --> 0:19:55.560

FR03

Uh we go through so much stuff at work. We see so much stuff we don't wanna have to see, we hear things we don't wanna have to hear.

0:19:56.510 --> 0:19:59.880

FR03

And I think that is imperative to

0:20:0.890 --> 0:20:3.270

FR03

Our our health and our well-being.

0:20:4.0 --> 0:20:4.960

FR03

Because that's just

0:20:5.580 --> 0:20:8.990

FR03

It's part of take it's like self-care, you gotta be able to

0:20:9.800 --> 0:20:11.710

FR03

Take care of yourself and I think.

0:20:12.990 --> 0:20:16.740

FR03

It's interesting that being a part of this study, it's interesting to hear

0:20:17.610 --> 0:20:22.960

FR03

And I'd be curious to hear like what kind of ideas you guys have that can help as well.

0:20:24.320 --> 0:20:24.720

INTERVIEWER - MW

Yeah.

0:20:25.360 --> 0:20:26.60

INTERVIEWER - MW

And have

0:20:28.690 --> 0:20:40.410

INTERVIEWER - MW

So I'll give you kind of the the high-level thought of of where we're hoping to go with this and taking we wanna build an application that

0:20:41.110 --> 0:20:44.660

INTERVIEWER - MW

Gives first responders access to both

0:20:45.470 --> 0:20:46.60

INTERVIEWER - MW

Some

0:20:47.740 --> 0:20:57.980

INTERVIEWER - MW

Some interventions to help with like their physical resilience, so you know you talk about the fitness piece and well but what does that look like to give them some snippets of videos that are

0:20:58.680 --> 0:21:8.0

INTERVIEWER - MW

Would be like taking you inside the the lab of a physical therapist to where we say “Hey you come in and looks like you're tight here why don't you work on this” to compliment

0:21:17.840 --> 0:21:18.130

FR03

OK.

0:21:8.680 --> 0:21:37.30

INTERVIEWER - MW

These things you're trying to do so just give a bunch of small bite-sized doses of that information so you guys can incorporate it into your day-to-day fitness regimen and then on the flip side to do a similar thing with some of these mindfulness practices. Just to give it to you in a way to where it's like palatable. It doesn't take a lot of time, but it just starts to slowly kind of change the level of awareness you have about your work and have you starting to adapt some of these small practices. “They're like? Oh man this is actually

0:21:38.50 --> 0:21:51.350

INTERVIEWER - MW

This is better than what I thought it was, I thought I always had to deal with this stuff this way. But now this is an opportunity to look at it little differently process it a little differently, and it's actually feels more productive than kind of what I was doing” so that's the hope.

0:21:51.980 --> 0:21:55.370

INTERVIEWER - MW

We are appreciating that this group is you know

0:21:56.250 --> 0:22:17.420

INTERVIEWER - MW

Distinctly different than any other group we've worked with and that's why we want to have these interviews to just pull out as much information about the culture and the people and just to see what we have to do differently to make this be something that people would actually look forward to um to trialing trying out and not just putting it in

0:22:21.870 --> 0:22:22.280

FR03

Right.

0:22:18.170 --> 0:22:23.460

INTERVIEWER - MW

A box to the side saying “yeah, this isn't for me” so that's where we're hoping to go with it.

0:22:24.160 --> 0:22:24.550

FR03

OK.

0:22:26.20 --> 0:22:28.450

INTERVIEWER - MW

So along those lines like what are your thoughts regarding

0:22:29.300 --> 0:22:31.670

INTERVIEWER - MW

The use of a stress reduction app during work?

0:22:32.700 --> 0:22:34.420

FR03

I mean, I think so. Our-

0:22:35.160 --> 0:22:45.640

FR03

You know, depending on the department I work for so like our department up at her one of the agencies I work for we every day, we train for about an hour.

0:22:48.80 --> 0:22:53.260

FR03

And sometimes it's computer-based sometimes it's you know it's

0:22:54.500 --> 0:22:55.430

FR03

It could be

0:22:56.670 --> 0:23:4.940

FR03

Of hands-on training what we could be down in our training house doing something outside practicing different drills.

0:23:8.410 --> 0:23:12.130

FR03

And something like that, like during our training time.

0:23:12.780 --> 0:23:16.990

FR03

I think an app like that would be perfect. You know throw it up on the TV.

0:23:17.780 --> 0:23:26.980

FR03

And you know if it's a workout or a stretch or something like that that's something we could do prior to our workout.

0:23:27.670 --> 0:23:28.140

FR03

Um.

0:23:28.950 --> 0:23:32.470

FR03

Just to be able to have an additional

0:23:34.540 --> 0:23:52.590

FR03

Additional task to do as well. We're we're task-doers is what we are. We we like to have something because if we if we don't have something to do then we get bored so something like that would be perfect to be able to include into our daily you know

0:23:53.480 --> 0:24:0.730

FR03

We call them "chores" and they're not something that, like we're forced to do, we do just to do so. I think that would be something

0:24:1.820 --> 0:24:3.990

FR03

That would be awesome to add into that

0:24:4.640 --> 0:24:5.660

FR03

Portion of our day.

0:24:7.840 --> 0:24:16.550

INTERVIEWER - MW

Yeah, yeah that's great to know it's good insight. What would make you want to use an app to any specific features or things that like "OK this is

0:24:17.490 --> 0:24:18.120

INTERVIEWER - MW

Do this."

0:24:19.720 --> 0:24:28.540

FR03

I mean, one thing that I I think a lot of us struggle with and I know I personally struggle with too because I'm I'm gone a lot.

0:24:29.260 --> 0:24:29.840

FR03

Is

0:24:30.540 --> 0:24:31.230

FR03

Nutrition.

0:24:32.100 --> 0:24:40.740

FR03

Uh and I know that's a you know that can be tagged along with on the side with that mindfulness and that physical readiness.

0:24:41.510 --> 0:24:44.20

FR03

Is something that we could figure out

0:24:45.180 --> 0:25:7.570

FR03

To help with on-duty nutrition, so something you know if we're out after a call it's pretty easy to stop and grab Chipotle or grab something fast and unhealthy but having something that we are able to lean back on and if we could go into that app and find "ohh this is a meal, we can make while we're

0:25:8.440 --> 0:25:11.770

FR03

On duty" and it's stuff that we have or whatever.

0:25:12.520 --> 0:25:12.990

FR03

Uh.

0:25:13.780 --> 0:25:16.740

FR03

Yeah something like that, or even just different like

0:25:18.20 --> 0:25:22.170

FR03

Different team-based workouts, I think stuff like that is

0:25:23.490 --> 0:25:24.910

FR03

Would be awesome to see.

0:25:27.430 --> 0:25:27.870

INTERVIEWER - MW

Yeah.

0:25:29.50 --> 0:25:29.970

INTERVIEWER - MW

You felt like

0:25:31.770 --> 0:25:34.740

INTERVIEWER - MW

That your coworkers yourself would be more apt to

0:25:35.800 --> 0:25:37.470

INTERVIEWER - MW

Have like bite-size

0:25:38.550 --> 0:25:44.130

INTERVIEWER - MW

Things that could be done on your own ,you think it would be in your appetite to come in

0:25:44.930 --> 0:25:49.50

INTERVIEWER - MW

As a small group or a handful of folks and do like

0:25:50.510 --> 0:25:56.320

INTERVIEWER - MW

Weekly regimen and things that may last a little longer start to creep up to an hour or so?

0:25:59.560 --> 0:26:8.670

FR03

I mean, I think the I think the bite-size stuff is perfect because we don't know what our days look like and you know like I said, I work several

0:26:9.360 --> 0:26:30.690

FR03

Work several jobs, several agencies so I'm I'm gone a lot and not necessarily at the same places. So something that is that trial size would be perfect cause you you don't know necessarily who you're going to be working with and who would be open to those ideas. So something that's

0:26:31.860 --> 0:26:33.220

FR03

kind of simple

0:26:34.60 --> 0:26:34.750

FR03

Is

0:26:35.800 --> 0:26:40.300

FR03

Yeah, something that is easier to break to somebody that's new to it.

0:26:44.680 --> 0:26:52.160

INTERVIEWER - MW

What about the nutrition piece, any other information that you would feel would be vitally important to include in app like this?

0:26:54.160 --> 0:26:54.670

FR03

Umm.

0:26:56.240 --> 0:27:4.90

FR03

I can't really you know, I can't really think of anything. I think just access to somebody to talk to so not necessarily

0:27:4.950 --> 0:27:9.180

FR03

You know just a computer-based thing I think something that

0:27:10.190 --> 0:27:14.540

FR03

We have some an actual person that we could talk to you know.

0:27:15.190 --> 0:27:19.590

FR03

They're not like you know when I go on an app and it says chat with us now

0:27:20.300 --> 0:27:37.200

FR03

I know I'm not talking to a person that's a computer based thing that we're talking to, I I. I think talking to somebody is definitely a lot different than talking to just the you know talking through a phone or whatever, so I think

0:27:38.750 --> 0:27:41.580

FR03

Communication being able to talk to somebody is

0:27:42.600 --> 0:27:43.470

FR03

Important too.

0:27:46.10 --> 0:27:53.180

INTERVIEWER - MW

Good. Along those lines when we're thinking of these videos that would be in the app like who

0:27:54.300 --> 0:28:2.890

INTERVIEWER - MW

should present? Who should be present in the videos if you're able to watch them you feel like that's important what type of person or who it is in there?

0:28:4.890 --> 0:28:9.990

FR03

I mean, I can't really think of it doesn't I don't think it has to be anybody specific.

0:28:11.30 --> 0:28:13.750

FR03

And then you know, having somebody that

0:28:14.960 --> 0:28:16.610

FR03

Knows what they're talking about.

0:28:17.490 --> 0:28:18.200

FR03

So,

0:28:19.720 --> 0:28:23.270

FR03

Yeah, I can't I can't really think of any specific person.

0:28:25.800 --> 0:28:26.960

INTERVIEWER - MW

It's good. So

0:28:28.590 --> 0:28:29.560

INTERVIEWER - MW

And it's just the

0:28:30.550 --> 0:28:36.400

INTERVIEWER - MW

The physical therapist that was like the the content expert versus the

0:28:38.340 --> 0:28:52.890

INTERVIEWER - MW

First responder that was relaying that information from the content expert you feel like it would land differently? Coming from someone that was had more intimate knowledge of the actual work versus someone had intimate knowledge of the actual

0:28:53.590 --> 0:28:56.880

INTERVIEWER - MW

Intervention exercise practice that's being proposed?

0:28:57.420 --> 0:29:2.600

FR03

Yeah, I mean, if you could have like somebody that knows our line of work

0:29:3.820 --> 0:29:6.890

FR03

That that would be perfect somebody that understands our job.

0:29:8.20 --> 0:29:14.890

FR03

But also as knowledgeable in that content that can pass it along and make it effective for our everyday work.

0:29:15.550 --> 0:29:16.580

FR03

So something that

0:29:17.500 --> 0:29:20.230

FR03

I think that would be that would be good, too.

0:29:26.790 --> 0:29:27.40

INTERVIEWER - MW

OK.

0:29:27.110 --> 0:29:35.980

INTERVIEWER - MW

Kinda goes through the bulk of the questions just so you have anything you know going back anything else that we discussed previously that you wanna elaborate on?

0:29:37.410 --> 0:29:40.640

FR03

No I mean, I really can't think of too much.

0:29:44.680 --> 0:29:49.730

INTERVIEWER - MW

Yeah, I mean, if you think we're good, I think we're good man. This was this was great this was super informative.

0:29:50.720 --> 0:29:58.800

FR03

Well, good, I'm glad and I appreciate being able to be a part of it and kind of pass along my my perspective of things too.
