

Interviewer: Okay, again good evening, [Participant's Name], and thank you so much for participating in this research project. Now we'll start with a few demographic questions. [Participant's Name], how old are you?

Speaker: Uhm. [21-25] years old.

Interviewer: [21-25]. You're older po. [laughs] Okay.

Speaker: (laughs) Onti lang

Interviewer: So how long have you been together with your partner?

Speaker: [1-5] years na.

Interviewer: [1-5] years?

Speaker: Yep.

Interviewer: Okay, so do you currently have any children?

Speaker: None pa.

Interviewer: None pa. Okay. Who lives in the household or what's your current household setup?

Speaker: We're both living together pero we're living with our relatives, like my Tita. So it's actually my Tita's house na they're renting and then I also have my cousins and kapatid din kasama namin sa bahay. But he has his own room and then I also have a separate room with my cousins.

Interviewer: Okay, so same house pero separate room.

Speaker: Yep.

Interviewer: Okay. So what's your main source of income or your current job?

Speaker: I'm working as an [occupation] for a [company].

Interviewer: I see. And how would you like us to address your partner?

Speaker: Sorry?

Interviewer: How would you like us to address your partner? Would you like to call him partner, name lang or?

Speaker: [Partner's Name] lang. [laughs]

Interviewer: [Partner's Name] lang. [laughs]

Speaker: Oo.

Interviewer: Okay. Sigé. So can you tell me about your love story?

[Portion Redacted]

Interviewer: Okay. Got that. Now for sure, you also have friends who are also in a romantic relationship. Now how would you compare the quality of your relationship with [Partner's Name] to those of your friends or to the relationship of your friends?

Speaker: Actually, I would say na 'yung relationship namin kasi medyo tight siya, well compared sa friends namin ah. Tight siya kasi medyo uhm... kasi we're living together in one house so lagi kaming magkasama, sabay kaming pumapasok, sabay kaming uhm umuuwi so we're very comfortable with each other unlike 'yung ibang friends namin na parang magkasama lang sa... siguro magkasama tuwing weekends or 'pag nag-de-date ganyan. So I feel like 'di sila ganun ka comfortable with each other so 'yun 'yung pinakadifference ng relationship namin with other uhm those of our peers.

Interviewer: Mmm. Mhm. But what about the quality, 'yung quality ng relationship mo with your partner to the quality of your friends' relationship?

Speaker: Uhm. Sorry, paano 'pag quality [laughs] what do you mean?

Interviewer: Uhm. I'll throw the question back to you.

Speaker: Okay.

Interviewer: Kasi that's what we want to explore. So how you perceive relationship quality?

Speaker: Uhh okay, sa quality of relationship, I would say uhm wait 'di ko alam [laughs]... ano ba? Uhm, strong? Strong 'yung relationship namin. We have a strong relationship kasi nga uhm since we're comfortable with each other, it's like a... For me it's a good thing na we're comfortable with each other na I can be, for example, I can be whatever... Well it's cliché pero it is what it is. I can be... Kasi I'm comfortable with him so I can be uhm whatever I am. Like 'di ko na-su-sugarcoat 'yung sarili ko. I can be mad when I'm mad, pwedeng magtampo 'pag gusto kong magtampo and I can be silly lang [laughs] when I feel like being you know silly. And then even actually personal matters kasi right now, he's living with my family din not just me so I feel na uhm mas naging stronger 'yung relationship namin kasi mas close na siya with my family kasi for me, it's the most important na nakakasama, nakaka-bond niya rin 'yung family ko kasi... well feel ko lang 'pag kasama siya sa pagiging strong ng relationship if ka-bonding na niya 'yung family or may relationship na rin sila of my family.

Interviewer: Oh I see. Now, since na-mention mo before during your... nung 'pag kwento mo 'nung love story you had an ex. So how many romantic partners have you had in the past?

Speaker: Dalawa lang. [laughs]

Interviewer: Dalawa lang? [laughs]

Speaker: Yeah. Aside from him. So pangatlo si [Partner's Name].

Interviewer: Okay, I see. Now kung kanina friends, dito naman sa previous romantic relationship. So how would you compare the quality of your relationship to that of your friend's previous relationship?

Speaker: This relationship is more mature for me kasi 'yung first relationship ko was college... uhh high school pa. The first one was in high school which is parang pabebe [laughs]. And, you know, petty feelings, ganon na 'di siya ganon ka-strong kumbaga kasi nung high school text text lang. 'Di rin kami masyadong

magkasama so purely text lang talaga, chat. And then nung college naman, mas parang surface level lang. [1-5] months lang kasi kami nun eh [laughs].

Interviewer: Oh okay.

Speaker: So parang surface level lang siya and then nangyari lang 'yun when I was new in [University] so freshie ako tapos parang wala lang, may nag-approach tapos fragile lang ako no'n. I feel like naghahanap lang ako ng makakasama or makaka-relate to or connect to. So hindi siya nag-last so surface level lang 'yun talaga. I didn't even meet his parents, 'di niya kilala 'yung mga parents ko. So this is more uhm malalim na relationship na siya and mas strong with the foundation that it has. And then with family ties na rin.

Interviewer: I see. Now, we're talking about quality and what for you makes a relationship high quality?

Speaker: High quality. For me, it's when... Ulitin ko na lang pala [laughs]. When you're being comfortable with each other. 'Yun talaga 'yung pinaka... For me, a key to a healthy and strong relationship kasi... and quality relationship of course kasi if iisipin ko ngayon, if I'm not comfortable with him, not talking about my family or talking about my problems ganon, 'di siya quality relationship kasi parang surface level pa rin if ang gusto lang namin pag-usapan is... mga mundane things [laughs]

Interviewer: Oo.

Speaker: Sa quality relationship kasi, you can talk about the mundane things while also talking about your problems. Paano mo masosolve... Kasi feel mo when you want to talk about your problems with him or her, in my relationship when I want to talk about my problems with [Partner's Name], I want to include him and then ask him for... prang kumbaga i-sosolve namin pareho. It's like my problems, his problems din [laughs]. So gano'n siya, that's the quality relationship for me.

Interviewer: Now how about low quality? So what makes a relationship low quality?

Speaker: Low quality, syempre 'yung kabaliktaran [laughs]

Interviewer: Oo.

Speaker: And then, if one of the partners cannot handle one another like, for example, if kasi hindi nahahandle...for example, if [Partner's Name] and I has a low quality relationship, meaning if I'm being comfortable with him so I'm going to tell him my problems pero 'di niya kayang i-handle 'yun like maiinis siya, for example, 'pag sinasabi ko 'yung problema ko or nagbibigay rin siya ng problema niya parang ganon. So 'di na-sosolve and sarili kong problems ikkwento ko sa kanya or problem niya ikkwento niya sa kaniya and then 'di namin ma-handle, what more kapag nagkaproblem kami na problem namin dalawa so the more na 'di namin kayang i-handle 'yun, especially kapag nag-away, for example. 'Yun [laughs].

Interviewer: [laughs] I see. Now moving forward, for you what are the most important things in a relationship?

Speaker: The most important things, first of all, trust. Of course, paano kayo magiging comfortable with each other without trusting one another 'diba? Then understanding. Actually 'yun 'yung most, 'yun 'yung basic. It boils down to those two, for me understanding and trust.

Interviewer: I see. Now for the next question, medyo pa-slam book pero for you, what is love?

Speaker: Love is...love... 'di ko alam [laughs] Love is... 'Yun ulit eh.

Interviewer: 'Yun ulit? Oo.

Speaker: Love is when you're comfortable with the other person that you're with. I cannot express how important it is or parang... 'yun talaga for me, the definition of love. If I'm comfortable na and also siguro one more, if... love is when you feel incomplete kapag wala siya. [laughs] Pero like 'yun for example, in my relationship, 'diba lagi kaming magkasama so siguro for other people, tendency is mauumay na or you'd like... from time to time, I would like time for myself din, naiisip ko siya pero when ako na lang mag-isa, naiisip ko din minsan, na-mimiss ko rin siya minsan. Minsan 'yun 'yung way ng paglalambing ko na "when are you coming home? or asan ka na" ganon [laughs]. 'Yun so when you feel complete when you're with the other person.

Interviewer: I see. Now how do you know that your partner loves you? or how do you know that [Partner's Name] loves you?

Speaker: Uhm. Lahat. To be honest, lahat nang ginagawa niya I feel, lahat nang ginagawa niya relates to or portrays how much he loves me or that he loves me. Kasi one of those things... Ano nga? ano nga 'yung question? sorry [laughs]

Interviewer: [laughs] how do you know that your partner...

Speaker: how do you know that your partner... so inuunderstand niya ko, ako kasi I'm the type of person na masungit talaga ako, tapos madali akong ma-irritate and I feel like ano for me, medyo toxic personality ko siya, toxic trait ko siya. pero he understands that and tumagal naman siya sakin ng five years [laughs]

Interviewer: [laughs]

Speaker: So for me the fact na he understands that and he's willing to do or he's willing to do the extra mile for me. Like for example, 'yon 'yung pagpunta niya sa [City B] every week before nung college pa lang kami. That's uhm that's for me 'yung 'yung pinaka... uhm d'on pa lang na naappreciate ko na siya na he loves oh he loves me talaga ay'on. and then ngayon when I...actually lahat nang i-aask ko sa kanya [laughs] if he's not willing to do he'll.. uhm anong tawag dito... 'yung he's not willing to do, i-coconsider niya like for example, we're going home sa province di'ba, uhm minsan na lang din naman siya umuuwi pero when I ask him to go to our house sa province din, he's willing to go. so yon [laughs]

Interviewer: [laughs] I see. Now moving to the next question, would you say that the relationship is good for you?

Speaker: Uhm yes. of course.

Interviewer: In what way?

Speaker: For me, di naman ako tatagal din sa relationship if it's not good for me. diba. in a way, it's good... for me in a way na... When we're together, for me, uhm feeling ko nabbring out namin yung best in each other like naiinfluence kasi namin yung isa't isa so if i want something na uhm for example i want to excel my career so like ngayon, [1-5] years ago, one of us wanted to do masters so syempre uhm yung isang may gusto hinikayat din niya yung isa na magmasters din so ngayon dalawa kaming nagmamasters ganon. and then minsan uhm sa career naman, sabihin niya or ako sabihin ko sa kanya " babe uhm lipat ka na ng work para tumaas yung sahod mo" [laughs] something like that

Interviewer: Uh-huh. Uh-huh

Speaker: So 'yon uhm this relationship was good for me kasi it because it brings out the best in me. We bring out the best in each other and we got each others' back. 'Yun yung most important din kasi uhm siya for example, siya.. lahat ng pamilya niya actually nasa [City A]... ay nasa [City C] and then punta siya ng [City B] mag-isa niya lang like nung pandemic mag-isa niya lang I feel like uhm parang 'yun din 'yung... naaawa rin ako sa kanya no'n kasi yung sa mental health niya baka kung anong mangyari sa kanya. So it's good na he has me, he has my family also while he's away from his family so 'yon [laughs] relate pa ba? [laughs]

Interviewer: Mm-hmm. I see. Now let's talk about uhm challenges in a relationship. So what would you say are challenges in your relationship? Pwedeng challenges before, challenges at the moment or challenges in the future? sa relationship.

Speaker: Uhm. ano ba? Challenges because challenge sa relationship is... when ... relationship namin uhh... 'di ko alam [laughs] siguro uhm challenges that could happen, challenge that could happen is when 'pag magiging ldr kami.

Interviewer: Mm-h-mm.

Speaker: Counted ba 'yon? [laughs]

Interviewer: Possible ba siyang-- I mean in the current...

Speaker: Yeah. Oo. Kasi diba nangyari na rin siya before and as I mentioned 'diba. Nung pandemic yun yung pinakachallenging samin nung nagkalayo kami [laughs] di kami masyadong lagi nagkikita, 'di kami masyadong nagkakasama so yon for me yun yung magiging challenge talaga siya

Interviewer: Mm-h-mm.

Speaker: Especially... uhh well actually wala naman kaming plans mag... uhhh in the near future, 'yung mga plans talaga namin na din kasi is 'yung magkasama na. For example, we're planning to go abroad di naman uhm... pina-plan naman namin siya together, na magkasama. siguro magiging challenge siya if for example, naiwan yung isa so mag-lldr kami for a while 'yon.. magiging challenge siya... but then uhm yung root kasi nun is... ano bang magiging root non? Baka... challenge sa understanding I guess kasi syempre if malayo kami sa isa't isa uhm kailangan may understanding and if 'di uhm mahirap maka-understand 'yung isa or uhm ano ba?... if yeah 'di nagkakaintindihan ganon.

Interviewer: Mm-hmm. Okay.

Speaker: Nagiging problem siya.

Interviewer: Okay. Now do you and [Partner's Name] fight as well?

Speaker: Yes. Of course. Madalas kaming mag-away [laughs].

Interviewer: Mm-hmm. [laughs] Madalas. So what are these fights about?

Speaker: Mostly maliliit na bagay lang naman. [laughs]

Interviewer: Mm-hmm.

Speaker: Ah kailangan ba ng specific?

Interviewer: Uhm, 'di naman. 'Di naman so ano lang parang mga the usual na...

Speaker: Oo like maliliit na bagay lang for example, uhm like before... before uhm medyo nagagalit siya sa akin kapag for example 'di ako nag-uupdate.

Interviewer: Mm-hmm.

Speaker: Pag nag-aano siya, nag-wo-worry siya, na 'di niya alam kung nasaan ako or anong nangyari sakin 'yon so 'pag nakalimutan kong ano mag-update na kunwari nakarating na ko sa office or... lumabas ako ta's 'di ako nagsabing nakauwi na pala ako so nag-wo-worry siya gano'n . 'Yon mga mostly pinag-aawayan namin, maliliit na bagay lang. Pero ngayon, actually na-overcome na niya 'yon. Sinabi ko rin sa kanya kasi na uhm parang... if kasi.. minsan kasi... before kasi kahit na kunwari lalabas lang ako, malapit lang yung pupuntahan ko tapos nakalimutan ko lang 'di ko naman sinasadya na ano

Interviewer: Mm-hmm.

Speaker: Magagalit siya so nagiging cause siya, minsan lumalaki siya actually kasi kapag nagalit siya tapos ako din nagagalit din ako [laughs]

Interviewer: [laughs] Mm-hmm.

Speaker: Kasi bakit 'di niya maintindihan na ano nakalimutan ko, nag-sorry naman ako tapos 'di ko naman sinadya. Lumalaki siya minsan so yon sinabi ko sakanya. Pinag-usapan namin na uhm 'wag naman masyadong mahigpit kasi 'di naman... 'pag nag-update naman ako na... ay nag-uupdate naman ako tapos 'pag nakalimutan... 'pag hindi, nakalimutan ko lang naman or

Interviewer: Mm-hmm.

Speaker: Uhm. Nag-so-sorry ako tapos I know na--- kasi pinag-usapan naming so ngayon 'di na masyado siyang ganon. Uhm 'yon, 'yun 'yung isa tapos other things uhm naiinis lang din... small things lang talaga nakakahiya pero [laughs]

Interviewer: [laughs]

Speaker: minsan kunwari uhm uutusan ko siya tapos ayaw niya tapos naiinis ako [laughs]

Interviewer: [laughs] okay, so small things lang talaga...

Speaker: Oo small things lang

Interviewer: Uh-huh pero how often do these fights kahit small things...siya?

Speaker: Uhm siguro... five times a week? [laughs]

Interviewer: [laughs] Five times a week? Okay okay.

Speaker: May times na ano na sa isang lingo madami pero maliliit lang na bagay

Interviewer: Mm-hmm.

Speaker: Nakakalimutan din.

Interviewer: And how do you resolve these fights? Yung mga ganto na maliliit na bagay. How do you resolve it?

Speaker: Uhm tinatanong ko siya. Minsan kasi pag nag... naiinis... ako 'pag naiinis ako sa kanya, kinakausap ko siya ay... 'di kinakausap, inaaway ko siya [laughs]

Interviewer: [laughs] Okay.

Speaker: Siguro gano'n ako mag-resolve ng fight. Kaya gusto ko siyang ilabas kasi 'pag naiinis ako, gusto ko siyang ilabas so gusto ko siyang awayin or tapos awayin niya rin ako 'diba para may conversation. Ganon 'yung gusto kong uhm pag-resolve pero siya minsan, hindi siya gano'n. Nananahimik lang siya, siguro ayaw niya lang na lumaki pa baka kasi feeling niya 'pag nagsalita pa siya or 'pag sumagot siya, mag-aaway kami, lalaki. So nananahimik lang siya

Interviewer: Mm-hmm.

Speaker: 'Yon gano'n siya magresolve. Ako, gusto kong magresolve na kakausapin siya... well away, away talaga eh. 'Di ko siya masabi sa usap kasi ano gusto ko siyang awayin [laughs]

Interviewer: [laughs] Okay.

Speaker: Minsan din, tinutulog na lang. Tapos kinabukasan...kasi maliit na bagay lang naman so minsan tinutulog na lang tapos kinabukasan parang wala nakalimutan ko na rin kung ano 'yung pinag-awayan namin or kung bakit ako galit

Interviewer: Mm-hmm. Ayun sige. Now aside from that, aside from that strategies na ginagawa niyo to resolve these fights, what are the other ways that you do. So ikaw, si [Partner's Name] or what are other things na you do in the relationship to maintain it? So maintenance naman ng relationship.

Speaker: Sa maintain, uhh we make sure lang na uhh kasi lagi kaming magkasama 'diba so

Interviewer: Mm-hmm.

Speaker: Nasa bahay lang kami. We make even if magkasama na kami sa bahay, we make sure pa rin na uhm lumalabas kami for a date and travel together. 'Yon, 'yung mga maintenance na ginagawa namin for the relationship. And then uhm ano pa ba? Uhm... talk about the small things lang...

Interviewer: Mm-hmm.

Speaker: "How's your day?" uhm "kamusta sa work?" Gano'n... 'yung mga maliliit na usapan lang and then mine-make sure din namin na meron din kaming ginagawa na funny

Interviewer: Uh-huh.

Speaker: Na maliliit na bagay pero funny lang [laughs]

Interviewer: Mm-hmm. I see.

Speaker: Pampatawa lang

Interviewer: Oo, pang-pa-lighten lang sa ano... relationship.

Speaker: Oo. Yep.

Interviewer: Now moving forward, let's talk about change. So did the relationship changed you? And in what way?

Speaker: Change. Uhm... change... 'di ko sure [laughs] 'di pa 'ko nagrereflect pero...

Interviewer: Mm-hmm. It's okay. It's okay.

Speaker: As of now, parang hindi naman... [laughs] parang hindi...

Interviewer: 'Di naman? Oo. So parang uhm the person you were before the relationship is the same?

Speaker: Yeah...

Interviewer: Sa the person you are. Mm-hmm. At the moment. Okay.

Speaker: I have to reflect pero 'yung immediate thought ko parang hindi naman. [laughs]

Interviewer: Hindi naman? Hindi naman nagbago? Okay. How about your partner? Did they change during the relationship?

Speaker: Uhm... Yes, a lot of times, actually. Nag-change siya for the better. So 'yung mga... very specific pero nag-change siya... nag-che-change siya from time to time kasi uhm when... sometimes kapag may uhm... may mga maliliit na bag—ay actually malalaking bagay, minsan may mga bagay before... may mga bagay na uhm 'di ko gusto about him like dati actually seloso siya masyado. Tapos 'yun kinakausap ko siya, pinag-uusapan namin na ano... "babe, you need to change kasi wala naman akong ginawa na para magselos ka" gano'n, 'yung mga gano'n.

Interviewer: Oo.

Speaker: Tapos, in all fairness, nag-che-change siya for the better so, yes.

Interviewer: Mm-hmm. I see. Now, let's talk about safety. Do you feel safe in the relationship?

Speaker: In what way?

Interviewer: Ibabalik ko ulit—oo. [laughs] Ibabalik ko rin [laughs] Sorry.

Speaker: Uhh. Do I feel safe in the relationship?

Interviewer: Yeah. Mm-hmm.

Speaker: Uhm. Sige two things... uhh two things... so first, yes uhm I feel safe... ay 'di ko naintindihan, wait lang. Uhm...

Interviewer: [laughs]

Speaker: Number one, I feel safe when I'm with him.

Interviewer: Mm-hmm.

Speaker: So everytime na magkasama kami, mas feeling safe ako kapag kasama ko siya

Interviewer: Mm-hmm.

Speaker: So that's one thing. And then the other, sa relationship namin, yes I feel safe in a way... [laughs]
nakalimutan ko tuloy [laughs]

Interviewer: [laughs]

Speaker: I feel safe in the relationship... in a way na uhm tina-trust ko siya na hindi niya ko sasaktan

Interviewer: Mm-hmm. Mm-hmm.

Speaker: That's one feeling of safety for me, na uhm... tama 'diba? Feeling safe...

Interviewer: Mm-hmm.

Speaker: Yeah. Oo. Tina-trust ko siya na 'di niya ko sasaktan, 'di niya din ako iiwan... so yes. 'Yun 'yung safety na na-fi-feel ko [laughs]

Interviewer: It's okay. It's okay. [laughs] Mm-hmm. Okay. So moving to the next question, I'll be sharing my screen.

Speaker: Mm-hmm. Sorry, Nica. If you need to... if you feel like you need to push or get more answers from me, just ask na lang ah [laughs]

Interviewer: Yeah. [laughs] Oo. Oo. Sure.

Speaker: Minsan 'di ko na... 'di ko... feel ko baka kailangan ko pa i-explain more.

Interviewer: Mm-hmm. Sure. But if you... also want to add more at any time at any point is that... [inaudible]

Speaker: Yeah.

Interviewer: Sige. Okay. So can you see my screen?

Speaker: Yep.

Interviewer: Okay, sige. So I won't be putting at a slideshow kasi uhm 'di ko alam bakit 'di siya nakikita kapag naka-screenshare so 'yan. For the next questions, I'll be showing you two statements and all you need to do is provide the rating for each one. So ayan. The first statement, "My partner usually really listens to me" how would you rate your agreement to this statement on a scale of one as not at all true to nine as completely true.

Speaker: Nine.

Interviewer: Nine? Okay. Sige. How about the second statement "My partner usually is responsive to my needs"? So same scale, one to nine din. How would you rate your agreement?

Speaker: My... usually... responsive to my needs... Nine din. [laughs]

Interviewer: Nine din. Okay.

Speaker: Yeah.

Interviewer: Sige. So you answered nine for both statements. Let's start du'n sa first one. "My partner usually really listens to me." So why nine?

Speaker: Uhm kasi... he listens to me [laughs]

Interviewer: Oo. He listens talaga...

Speaker: Kasi every time... yeah every time na may gusto akong sabihin or gustong i-kwento, he listens talaga. Uhm and he doesn't just listen, he understands and then nagbibigay siya ng uhm... ng thoughts niya even sa papers ko, for example [laughs]

Interviewer: [laughs]

Speaker: Kahit na... kahit na hindi niya masyadong na-ge-gets, tinuturuan niya pa rin ako and he finds a way para ma-gets 'yon.

Interviewer: Mm-hmm. I see. Oo.

Speaker: 'Yon.

Interviewer: Okay, so why not eight or a number lower than nine?

Speaker: Uhm kasi I feel like uhm... medyo cheesy lang [laughs]

Interviewer: [laughs] It's okay. It's okay.

Speaker: Uhm... 'yun 'yung na-fi-feel ko talaga when I'm with uhm [Partner's Name] kasi... he's a... he's a ten. Wow. [laughs]

Interviewer: Wow. [laughs] Oo...

Speaker: Uhm when it comes to that na he listens, he listens, he does eh. [laughs]

Interviewer: Okay. Okay. Mm-hmm. Now moving to the second statement, "My partner usually is responsive to my needs." You also rated nine. So why nine din?

Speaker: Uhm kasi as I mentioned kanina diba mahilig akong mang-utos or

Interviewer: Oo. [laughs]

Speaker: 'Pag especially 'pag may sakit ako

Interviewer: Mm-hmm.

Speaker: Baby talaga. Baby talaga ako.

Interviewer: [laughs]

Speaker: So uhm lahat ng kailangan ko and again sa mga...sa acads ko, when I need some help, he really.. ako kasi... kapag siya yung may kailangan, for example, uhm sa acads... 'pag pinagpalit ko 'yung ano namin... 'di... when he asks for help, 'di ko siya masyadong na-hehelp kasi tamad ako [laughs]

Interviewer: [laughs] Okay.

Speaker: Pero when I need help from him, ay sorry... Pero 'pag ako yung may kailangan ng help, he does his best talaga to help me.

Interviewer: Mm-hmm.

Speaker: And even 'yung mga personal problems ko, ginagawan niya ng paraan to help me.

Interviewer: Mm-hmm. Mm-hmm. Okay. So same question din sa kanina. Why not any number below nine?

Speaker: Uhm 'cause I feel like uhm... he's giving his best talaga to me.

Interviewer: Mm-hmm.

Speaker: Uhm. 'di... yeah, he's giving his best. Hindi siya 'yung 99 percent na binibigay... hindi siya nagbibigay ng 99 percent ng kulang. Uhm, 'pag pinaggawa ko siguro siya ng paper ko, gagawin niya gano'n [laughs]

Interviewer: [laughs] Okay. So very responsive talaga siya... Mm-hmm.

Speaker: Yeah.

Interviewer: Okay. Now for the next question, I hope you don't mind if I ask... feel free to answer if this is too sensitive for you to share but I also want to know more about your physical intimacy as a couple. So... how often do you have sex?

Speaker: Uhm... before, madalas [laughs]

Interviewer: Uh-huh.

Speaker: Pero as 'yung...as... tumatagal kami, 'di na masyado. Like ngayon, once a week na lang or maybe once every two weeks gano'n.

Interviewer: Mm-hmm. I see. And how satisfied are you with your sex life?

Speaker: Uhm... very satisfied naman [laughs] very satisfied naman so...

Interviewer: [laughs] Okay, sige. Now we're nearing the end of the interview and I'll be sharing my screen once again, ayan, can you see my screen?

Speaker: Yes.

Interviewer: Okay, sige. So for the next question, in general how satisfied are you with your relationship?

Speaker: In general? Completely satisfied.

Interviewer: Completely satisfied. Okay. And if we were to put a numerical number to it, how would you rate your satisfaction with your relationship? With zero as not at all satisfied to ten as completely satisfied.

Speaker: Uhm, I'll go with nine.

Interviewer: Nine... Okay.

Speaker: Yeah. Kailangan ba siyang i-explain?

Interviewer: Yeah. [inaudible] [laughs]

Speaker: [laughs] So syempre uhm even if I feel complete with him or uhm or... ano ba 'yung tanong kanina? [laughs].

Interviewer: Uhm, in general, how satisfied are you with your relationship?

Speaker: Oo, so even if uhm... I would uhm rate our relationship ten pero I don't think there's a perfect relationship. 'Pag ten kasi like perfect na 'yun eh.

Interviewer: Mm-hmm.

Speaker: Siguro 'di sila nag-aaway gano'n.

Interviewer: [laughs]

Speaker: Pero for us, uhm we have challenges talaga and I feel like may challenges kami na uhm mahirapan kaming ma-overcome like 'yun nga 'yung ldr if ever nag-ldr kami so yeah that's why it's a nine.

Interviewer: Mm-hmm. Okay. Got that. Now we're closer wrapping up and I would just like to summarize what we have discussed over for the last thirty, forty-five minutes. And feel free to butt in if you want to correct something or if you want to add some more.

Speaker: Mm-hmm.

Interviewer: Okay. Now starting off with your demographics, you are [21-25] years old. Currently in a [1-5]-year relationship, no children and you're living together, same house but separate rooms. And then you're working as an [occupation] for a [company].

[Portion Redacted]

Interviewer: And then, as for the relationship quality, if you were to compare it to your friends' romantic relationship. Mentioned tight 'yung relationship but you're very comfortable with each other and in terms of quality mas strong siya as compared to your friends because you can be whatever you want to be in the relationship and stronger than because of the close family, ties as well and then you had two relationships in the past, one was when one was in high school and then the other was in college, 'yung... 'yung boyfriend mo before si [Partner's Name] and then if you were to compare the quality of the relationship with those of their previous romantic partners, this relationship is more mature and more stronger because of the foundation and the family ties. Now you describe the high quality relationship as a relationship na comfortable kayo with each other, healthy and because comfortability for you is the key to a healthy and strong relationship and then low quality 'yung opposite nung mga features ng isang high quality relationship and if one cannot handle the others, the most important things for you in a relationship are trust and understanding and in terms of love uhm, it's when you're uhm when you're comfortable with a person you are with and then hindi mo siya ma-express how important love is but kung lahat ng mga ginagawa ni [Partner's Name] portrays that he loves you. And then you also mentioned that the relationship is good for you because you won't stay in a relationship na hindi naman din good for you. And then as for challenges, one possible challenge in the future is if mag-LDR kayo but as of now you're planning to go abroad together and then when you and your partner fight but mostly about sa maliliit na bagay lang naman, and then you resolve it, on your end, you resolve it by pakikipag-away talaga [laughs]

Speaker: [laughs]

Interviewer: Nag-aaway talaga para may conversation. Pero siya nananahimik lang on the other side.

Speaker: Yeah.

Interviewer: Mm-hmm. And then you maintain the relationship by making sure that you still go out for dates, you talk about the small things and you travel together. Now in terms of changes, you haven't reflected on whether there's a change in you before and during the relationship pero for your partner, you notice that he changed a lot and little by little from time to time for the better naman. And you feel safe in the relationship because you trust you're trusting him na hindi ka niya sasaktan or hindi ka niya iiwan. Now when I showed you two statements, you rated nine for both. So for the first statement, you rated nine for the statement, my partner usually really listens to me kasi nakikinig talaga siya and hindi lang siya nakikinig but he also understands and even provides his thoughts about it and then for the second one, responsive to your needs, you also answered nine kasi he really does his best he really goes to extra mile para mag-respond sa mga kailangan mo. And in terms of your physical intimacy, before, you were having sex... mas frequent pero sa ngayon, once a week or once every two weeks lang but generally you're very satisfied with your sex life and in general with the relationship you're completely satisfied. You rated it as nine because for you there's no perfect relationship so may possibility na may challenges kayo in the future na ma-overcome so nine lang as of the moment so did I get that right? Would you like to add or correct some of those I've mentioned?

Speaker: Correct naman na lahat [laughs]

Interviewer: [laughs] Okay, siges. Now before we end, I want to talk to you about how we will handle the data of course as a research project we want to be as ethically transparent as possible and so I wanted you to know I wanted to know which data sharing option are you most comfortable with. Now we have two options option, one is that transcript portions can be shared none of which can be identified to you so the the identified transcript can also be read by other researchers, for option number two if you're a bit bolder another option is that the whole transcript can be shared removed of sensitive and overly identifying details so it will be anonymized although in this option there's a very very minimal chance that someone who knows you well can piece together the details in the transcript and narrow down who among their colleagues they believe it is pero that would take them time so they would have to review the whole manuscript, the whole appendices para ma-trace na ikaw 'yun or nag-participate ka. Although again no sensitive information will be shared so of the two options, which are you most comfortable with?

Speaker: I'm comfortable with the first one na lang.

Interviewer: First one. Okay. So again thank you so much for participating in this study and I would like you to know that this is also being done in the Philippines, Brazil, the Turkey France, and the United States. So for this study to be successful we will ask one more thing one last favor na lang. If that's okay with you.

Speaker: Sure.

Interviewer: So can you recommend two close people in your life as a nominator so what would happen is itong ibibigay mong uhm close people in your life, we'll be asking them for additional couples that can participate in this research project although we'll be asking them of couples that you don't interact or you don't know. So kumbaga para mas malawak 'yung maabot nating network when it comes to participants.

Speaker: Sorry. Sorry. You need couples who I'm not very familiar with or close?

Interviewer: So ang mangyayari is magbibigay ka ng two persons and then 'yung dalawang tao is pagtatanungan namin sila ng couples na pwede pang magparticipate sa interview.

Speaker: Ah.

Interviewer: So if possible, 'yung mga couples na hindi niyo kilala or hindi niyo naiinteract pero at least broad 'yung network ng participants na maabot natin.

Speaker: Does it have to be now?

Interviewer: Kung meron ka na now, that would be better. If wala, you can send it via email naman.

I'll be needing their name email and contact number lang.

Speaker: Can I send it via email na lang. Mag-iisip muna ako [laughs]

Interviewer: [laughs] Yeah. Sige. Sige. No rush.

Speaker: Sige. Sige.

Interviewer: Okay wait let me just stop the interview, uhh the recording...

Speaker: Can you tell...
