

Interviewer: So again, good evening [Participant's Name] and thank you again for participating in this interview. So we'll start with short demographics. So how would you like me to address you, [Participant's Name], [Participant's Name], or anything?

Speaker: [Participant's Name] na lang.

Interviewer: [Participant's Name]. Okay sig. [Participant's Name], how old are you?

Speaker: [36-40].

Interviewer: [36-40], okay. So how long have you been together with your partner, [Partner's Name]?

Speaker: For I think [6-10] months.

Interviewer: [6-10] months? So bago pa lang.

Speaker: Ilang months pala, [6-10].

Interviewer: [6-10], okay. [6-10] months. Okay, um, so [Participant's Name], do you already have any children?

Speaker: No.

Interviewer: No, okay. So what is your main source of income? Or your current job?

Speaker: Salary.

Interviewer: Salary. So can I also ask about your job, your current job?

Speaker: I'm employed sa ano, [Company].

Interviewer: Um, ano po [occupation]? Or?

Speaker: Sa [occupation].

Interviewer: Mm, okay. So how would you like to address your partner in this interview? So [Partner's Name] lang, boyfriend, partner.

Speaker: [Partner's Name] na lang.

Interviewer: [Partner's Name], okay. So [Participant's Name], tell us about your love story. Can you tell me about your love story with [Partner's Name]?

[Portion Redacted]

Interviewer: I see, sa church. So how would you compare? So for sure, meron ka rin pong friends who are also in a relationship. So how would you compare the quality of your relationship with [Partner's Name] to the quality of your friends' relationships?

Speaker: Uh, siguro ano, I don't know, for me kasi, vinavalue ko na gusto ko yung partner ko talga okay yung relationship with God. Ganyan, so some of my friends, outside church, iba kasi yung belief nila eh with ours. So tingin ko mas, for me, ano tawag dito, mas confident ako na sana [inaudible], pero sana hindi manloloko, hindi mag-aano, ganyan. Feeling ko, mas may relationship siya with the Lord, mas uh, alam ko hindi siya gagawa ng gan'on. So mas confident ako.

Interviewer: I see. So did you also have any romantic partners in the past?

Speaker: Yes, uh, short-term, short-term lang nung [Year].

Interviewer: Ah, so [1-5] lang po yung all throughout--

Speaker: Yes.

Interviewer: [1-5] lang. So matagal din po ba kayo or?

Speaker: Ano lang, months lang kami eh.

Interviewer: Months lang. Okay. So parang si [Partner's Name] ang first relationship din talaga na hopefully for long-term--

Speaker: Yah.

Interviewer: Yeah. So how would you compare the quality of your relationship with that first partner, yung short term, compared to your relationship with [Partner's Name]?

Speaker: Mm, siguro... Kasi yung previous relationship ko, we started as, nanligaw na agad siya. Nag-express na agad siya ng intention to court me at that time, so, and n'ung sinagot ko siya parang mabilis lang din and hindi din masyado nag-deepen yung relationship. Kasi that time, after a few months, nagbreak din kami due to some reasons ganyan.

Interviewer: Uhum.

Speaker: Not unlike, itong kay [Partner's Name] kasi, nagstart kami as friends talaga. N'ung dumating siya dito [Year], close na kami ever since. So, ayon friends, so nung time na nagging kami, parang wala na 'yung awkward feeling, wala na 'yung hiyaan feeling. Kasi nabuild na yung friendship eh. Muna, bago nag-ano, court.

Interviewer: Yeah, medyo matagal din po 'no kasi nagpandemic pa, so close pa rin kayo all throughout the pandemic and then he expressed his intention early this year--

Speaker: Actually nung pandemic nga, hindi naman kami masyadong nag-uusap eh--

Interviewer: Mmmm.

Speaker: Not until, kasi lockdown n'un, separate kami, may time lang na nagtext, pero hindi rin sobra. Pero alam mo 'yun, nandodoon 'yung alam ko friends kami. Ganyan, lokohan--

Interviewer: Mga low-maintenance rin.

Speaker: Oo, gan'on.

Interviewer: Pero hindi po kayo nagkikita n'ung pandemic masyado?

Speaker: Uh, hindi masyado.

Interviewer: So for you, what makes a relationship high quality?

Speaker: High quality? Hmm. Uh, siguro since we have the same beliefs as [Religion], so feeling ko, relationship with the Lord and praying together.

Interviewer: Uhum.

Speaker: Ganyan.

Interviewer: So 'yun yung high quality, if there's a belief, same belief and the relationship with the Lord. Okay. How about low quality?

Speaker: Low quality.

Interviewer: What makes a relationship low quality?

Speaker: Um. [long silence] Selfishness?

Interviewer: Selfishness, uhum.

Speaker: Yah. Selfishness, self-centeredness, ganyan.

Interviewer: So would you say that the opposite applies for a high quality relationship?

Speaker: Uhuh.

Interviewer: So moving next, what are the most important things for you in a relationship?

Speaker: Uh, siguro for me, communication. Open communication. We should, uh, parang feeling ko, kailangan mag-end yung day in a good note. Ganyan.

Interviewer: So yun lang po? Open communication, what else?

Speaker: Ano pa ba? Mmm. Wala akong maisip.

Interviewer: Okay. Sige.

Speaker: Open comm—'Yun lang.

Interviewer: So most important, open communication. Okay, sige po. Moving forward, for you what is love?

Speaker: Love is blind.

Interviewer: Haha.

Speaker: Love, for me, parang ano siya. Paano ba? [inaudible]

Interviewer: Ano po 'yun?

Speaker: Love is giving?

Interviewer: Giving. In what way or yeah--

Speaker: Parang ano, hmm. When you... You don't think about your own na, what will benefit you, kasi parang partner na kayo eh. You're together, you're as one. Parang, if there's love, isipin mo lagi 'yung partner mo. Hindi na siya about yourself. It's about you, two, growing together, ganyan.

Interviewer: Hmm, okay. So how important, for you [Participant's Name], is love in a relationship?

Speaker: Uh, yung love for each other?

Interviewer: Or the general concept of love in a relationship? How important is love in a relationship?

Speaker: Syempre, 'yung talaga 'yung nagcoconnect sa inyo together. And, ano ba, paan oba? For me kasi, very important siya. 'Pag merong love, parang hindi mo na, uh, paano ko ba sasabihin, siguro yung love, yun talaga yung nagbibind sa inyo together. Kais without love, parang kanya-kanya kayo eh. When you love someone, maggrow kayo together, ganyan.

Interviewer: How do you know that your partner loves you or in this case, how do you know that [Partner's Name] loves you?

Speaker: Mm, siguro for me, important kasi yung nakikinig sa akin eh. Parang feeling ko, ewan ko ha, sa time ngayon, yung attention span ng mga tao, maisog right? Pero yung partner ko ngayon, si [Partner's Name], I appreciate when he listens. Pag kahit na anong sabihin ko, kahit, siguro 'yun din 'yung love language ko. Yung quality time, talking to each other, I appreciate kapag nakikinig siya kahit yung mga walang kwentang conversations.

Interviewer: So that's how you know that he loves you, because he also listens.

Speaker: Oo.

Interviewer: I see. And you also mentioned about growing no, growing in a relationship, so would you say that the relationship is good for you?

Speaker: This relationship?

Interviewer: Mhm.

Speaker: Yes.

Interviewer: In what way? Can you cite some examples?

Speaker: Hmm, kasi before 'yung, matagal din kasi akong naging single. So n'ung time na single ako, parang, syempre alam mo 'yun, parang, iniisip ko lang sarili ko. And most of the time, nung nagstart kami, nung naging kami, may mga times na parang, hindi ko siya napapansin, kasi feel ko, gusto kong gawin yung mga gusto ko, ganyan. Parang nandon, yung pagiging self-centered. Gagawin ko yung gusto ko anytime I want. Pero nung nagstart maging kami, parang, kahit papaano, hindi pa naman totally, parang nagbago 'yun. Parang, I have to think about him. Kailangan, ayon, nag-update, kasi hindi ako yung sort of pala-text na, "Uy nasaan ka", I don't do that. Kasi wala naman eh. Pero n'ung nagstart kami, parang important din pala 'yun, 'yung updating each other. Ano yung ginagawa mo, ganyan. So it helped me in a way na uh, hindi na ako nakafocus sobra sa sarili ko. Parang meron na akong someone to think about. Ganyan.

Interviewer: I see. So the relationship is good for you, kasi kumbaga meron nang other person in your life as well?

Speaker: Mhm.

Interviewer: So how about challenges? Would you say that there are also challenges? Or if ever there are, what would you say are challenges in your relationship?

Speaker: Challenges. Siguro for me, ewan ko sa kanya, pero yung pinakachallenge kasi sa akin, [redacted]. Pero sometimes, I learn naman. I adjust din, I adjust din sa kung anong gusto niya. So ‘yun ang madalas napag-aawayan namin eh.

Interviewer: Uhum.

Speaker: [redacted].

Interviewer: So ‘yun din o ang current challenges—were there other challenges na meron sa relationship as well?

Speaker: Ano pa ba..

Interviewer: Wala naman?

Speaker: Wala naman. Wala pa.

Interviewer: Wala pa, haha. Okay, so you mentioned na napag-aawayan ‘yung pagiging clingy or PDA? So, how often would you say these fights--

Speaker: N’ung nagstart kami, mas madalas. Siguro, in a week, mga twice, thrice? Basta madalas n’ung first part. Kasi hindi siya sanay, hindi rin ako sanay. So talagang, nandoon ‘yung argument. Pero lately, mas na-lessen naman. Siguro, mga once in two weeks. Mas less na, mas less na ngayon. Saka ayun nga, napag-uusapan.

Interviewer: So, ‘yun lang din po ba ang napag-aawayan so far?

Speaker: So far ‘yun lang naman eh.

Interviewer: ‘Yun lang, so far.

Speaker: Oo.

Interviewer: So how long, or how do you, how do you resolve these fights, sige ‘yun muna. How do you resolve these fights, aside sa napag-uusapan?

Speaker: Hm. Uhm. Paano ba?

Interviewer: Or ‘yun lang talaga?

Speaker: Paano nareresolve?

Interviewer: Paano po kayo nagreresolve ng mga, if ever nag-aaway kayo, how do you resolve it?

Speaker: Binablock ko muna siya.

Interviewer: Haha, okay.

Speaker: ‘Pag nahimasmasan na ako, ‘pag nahimasmasan na ako, naappreciate ko rin kasi, siya lagi ‘yung nagsosorry after fight. So ayon, nagiging okay naman kapag nagsorry na siya. Tapos i-uunblock ko na siya ulit.

Interviewer: So how long, ‘yun naman po, how long, gaano katagal ‘yung inaabot before kayo makapagresolve ng fight?

Speaker: So far, within the day, natatapos naman. Kasi 'yun din yung gusto namin na ano, na parang we end the day in a good note. Parang kinabukasan, iba na. Pero may mga times pa rin na lumalagpas. Siguro, pinakamahaba na 'yung one night. Tapos kinabukasan, okay na.

Interviewer: So parang within the day, your goal is maayos siya. So aside from communication and ayan, forgiveness or saying sorry, what are other things you do, what are other things in the relationship that helps you maintain it? So ano po 'yung iba pang mga bagay na nakakapagmaintain pa nung relationship?

Speaker: Hmm, siguro yung God-fearingness. Siguro on my end and in his end. Ganyan, yung relationship with he Lord. I'm not saying na, na yung ibang relationship without the Lord hindi magwowork. Pero for me kasi, it's very important, 'yung relationship with the Lord. Kasi parang alam ko na whatever happens, whatever happens, uunahin niya, hindi niya, hindi niya kayang mahurt si Lord, so uunahin niya, hindi niya rin magagawa sa akin. Ganyan. 'Yun 'yung pinakaano sa akin.

Interviewer: So matagal na rin po ba kayong nagseserve rin sa Church?

Speaker: Ah, yes. Since [Year], ah, [Year].

Interviewer: Ah, matagal na rin. How about po si [Partner's Name]?

Speaker: Nagseserve sa church, [Year], hindi ko rin alam eh, [Year]?

Interviewer: Hmm, pero matagal na rin po.

Speaker: Uhum, matagal na rin. Since ano, bata pa naman.

Interviewer: Hmm, I see. So how about in terms of change? So kanina, we mentioned if the relationship is good for you, or yung mga challenges in a relationship, how about change? Did the relationship change you? So 'yung relationship niy po with [Partner's Name].

Speaker: Hmm. Change? Hindi ko madistinguish eh. 'Yung from thinking about, on my own, like change in a way, if na, in a way na I have to think about him, dati yung sarili ko lang iniisip ko. But now, ayun, naiisip ko na rin siya.

Interviewer: How about your partner? Did they change during the relationship?

Speaker: Ah siya? Ah meron, oo. Sobra.

Interviewer: Sobra, in what way?

Speaker: Kasi 'yung, like I mentioned kanina, yung first few months n'ung relationship namin, talagang full of away. Parang, or lagi ka inis, hindi ka mapakali, ganyan. Kasi bakit ganito siya, bakit clingy siya. Now, mas hindi. Mas open na. Mas naiintindihan niya ako, bakit ganito, bakit ayaw ko nito, nag-change na siya, in many ways. Kaya mas less fight.

Interviewer: Ah, mas less fight. So, gan'ung change pala. Parang from, parang mas naintindihan niya na yung situation and perspective in the relationship.

Speaker: Mhm, yes yes.

Interviewer: So how about safety? Do you feel safe in the relationship?

Speaker: Yes. Oo naman.

Interviewer: in what way?

Speaker: Um. [long silence] Paano ba?

Interviewer: Parang, how does [Partner's Name] make you feel safe? Or how does the relationship make you feel safe?

Speaker: Hmm. Parang, alam ko lagi siyang nandyan. So every time na, like before, since ako na lang yung walang asawa sa family, so sila lang, may winoworry na sila. Ako, kunwari, kapag end of the day, or within the day, parang wala akong kasama, parang wala akong mapupuntahan. Bahay lang ako. Not until n'ung dumating si [Partner's Name], I have someone na na tatawagin ko anytime na, may pupuntahan ako. Hindi na ako mag-isa. Ganyan. So, kahit malayo pupuntahan ko, alam kong lagi siyang ready to accompany anywhere. Ayun.

Interviewer: So for the next question, I'll be sharing my screen in a while.

Speaker: Sorry ha, hindi ako masyadong magaling dyan sa mga ano--

Interviewer: Okay lang po. Pero feel free to input your thoughts ayan--

Speaker: Oo. Sige.

Interviewer: So, kita po yung screen ko?

Speaker: Yes.

Interviewer: Okay. Sige, so let's start with the first question. Actually, statement. So ayan, on a scale of 1 for not at all true to 9 as completely true, how would you rate your agreement to this statement: My partner usually really listens to me.

Speaker: Siguro, very true.

Interviewer: So, seven?

Speaker: Mhm.

Interviewer: Okay sige. How about this statement: My partner usually is responsive to my needs. Same scale.

Speaker: Uhm, very true.

Interviewer: Very true rin. So parehong seven po?

Speaker: Oo, seven.

Interviewer: Okay sige. So you answered seven for both statements. So start muna tayo sa first statement, my partner usually really listens to me. Why seven?

Speaker: Mmm. Kasi 'yung 8 9 10, may room pa for improvement. Wala naman perfect. Pero nakikinig siya, nakikinig siya, I appreciate it.

Interviewer: Yeah, as you mentioned kahit nga po yung mga walang kakwenta-kwentang bagay, pinakikinggan din niya. But why not, kasi you mentioned yung 8 and 9 for improvement pa, but why not 6?

Speaker: Mm. Masyadong mababa 'yung 6 eh. Pasang awa lang 'yung 6.

Interviewer: So 7 talaga yung fit. Now how about yung next statement, responsiveness to your needs. So you also answered seven. So why seven po?

Speaker: Ayun din, room for improvement. Wala pang perfect. And kasi, uh, kasi may mga times, may mga times before na dahil working ako, 8 hours a day sa [company], minsan naappreciate ko 'yung alam niyang hindi pa ako kumakain, papadala siya ng food. Ganyan. So, ayun, mas alam niya yung mga kailangan ko.

Interviewer: So in terms of that na needs noh. Why not 6 naman po?

Speaker: Mababa.

Interviewer: Mababa rin. So masyadong mababa 'yung 6. Okay, so ayan. So you answered 7 for both statements, kasi may room for improvement na. So hindi niyo po sinabi yung 8 or 9, hindi niyo po nirate yung 8 or 9. Okay, proceeding to the next question, I hope you don't mind if I ask this and feel free to say if it's too sensitive for you to share or answer but since we're talking about relationships, we're also interested in your physical intimacy as a couple. So these days, how often do you have sex?

Speaker: Uh, no.

Interviewer: No, none at all?

Speaker: Uhuh.

Interviewer: So as in wala pa po?

Speaker: Wala pa.

Interviewer: But how satisfied are you with your sex life?

Speaker: Uh, okay namna [laughs]. Okay lang naman--

Interviewer: Satisfied naman--

Speaker: Wala pa naman.

Interviewer: Ah, wala pa.

Speaker: Wala pa eh.

Interviewer: Okay, sp satisfied naman, so far. So I'll share my screen again, so we're nearing towards the end of the interview naman na po. So, kita po yung screen?

Speaker: Yes.

Interviewer: Okay, so in general, how you rate your satisfaction with your relationship? On a scale of -10 as completely dissatisfied to 0 as not at all dissatisfied.

Speaker: Hmm, -2.

Interviewer: -2, okay. Balikan ko lang po yung next question, I think I shared the wrong slide. So in general, how satisfied are you with your relationship?

Speaker: Hmm, very satisfied.

Interviewer: Very satisfied, okay. So with that, you're very satisfied, how would you rate your satisfaction with your relationship? I think I shared the wrong slide, I'm sorry. So, from 0 as not at all satisfied to 10 as completely satisfied.

Speaker: Siguro, 9.

Interviewer: 9, okay. So you answered very satisfied, and then 9. Why 9 po?

Speaker: Hmm, ayun kasi ano, I cannot answer as perfect kasi there's no, kasi feeling ko for me, wala namang perfect talaga na relationship. So I give the last portion, or the last parts as room for improvement.

Interviewer: So why not 8?

Speaker: Kasi for now, for me, happy naman kasi ako eh. Kaya nga rin ako nagecide to get engaged din. Kasi I know, ito na 'yun, siya na 'yun.

Interviewer: Do you mind if I ask po, kailan kayo naging engaged?

Speaker: June?

Interviewer: [Month], okay. So mga [1-5] months in the relationship, wow. That's good to hear. So you're happy naman po in general. Okay, so we're close to warapping up, and I would just like to summarize what we have discussed during this interview. So feel free to butt in lang po, if meron ka pa pong gusting i-add or i-correct sa mga nainput all throughout the interview.

Interviewer: So starting off with a short demographics, you're [36-40] years old and then [6-10] months in the relationship. No children and you're currently living with your family, with your father. And ikaw na lang po yung walang asawa sa inyong magkakapatid. So ilan po ba kayong magkakapatid if you don't mind?

Speaker: [1-5].

Interviewer: Kayo po yung bunso? Or?

Speaker: Ano, [1st-4th].

Interviewer: [1st-4th] ayan.

Speaker: [1st-4th] to the eldest.

Interviewer: Uhum. And then your current source of income is salary, you're working at [Company] as a [occupation], is that right?

Speaker: [occupation]

Interviewer: [occupation], okay. [Portion Redacted]. Okay, um, comparing to your friends' relationships, the relationship you have with [Partner's Name] is kumbaga in general, you value a partner that has a good relationship with God, and your friends outside church somehow a different belief with yours. So you're more confident na since he also has a relationship with God, alam mong hindi siya, hindi siya gagawa ng mali o magloloko. And you also had one relationship in the past. And then, medyo short-term lang siya started as nanliligaw, then expressed his intentions and then the relationship was too fast and it did not deepen that much and then that resulted to the breakup. And with [Partner's Name], you started as friends in [Year], you're close since then and then even though hindi kayo masyadong nagkikita nu'ng pandemic, the relationship went on.

Interviewer: And then you also described a high quality relationship as a relationship that you and both has the same beliefs as [Religion]. Low quality on the other hand, if it's selfish and self-centered. And for you, the most important thing in a relationship is open communication na to the point na kailangan mag-end yung day na good mood. And then, as for your definition of love, it's giving. Love is giving. So you don't think about your own, you also think about your partner, and the other party. How important is love, love for you is the one that connects you both in the relationship. Because without love, may kanya-kanya. So may pagkaselfish din. And then, how do you know that your partner loves you, for you you value someone who listens to you and [Partner's Name] does that. So ayun po yung nasabi niyo na love language niyo, quality time and you appreciate it because he listens. And that's how you know, he loves you.

Interviewer: Then as for challenges in the relationship, you're not that clingy. So madalas siyang napag-aawayan. But, madalas siyang napag-aawayan during the start of your relationship but over time, you learned to adjust and hindi na gan'on kadalang yung fights niyo, around once in two weeks, as you mentioned. And then, as for resolving fights, napag-uusapan siya, and then you take the time to cool off. Cool off din, and he says sorry, and then i-unblock niyo na siya. And then, within the day naman, natatapos yung mga fights. The longest would be around one night. So kinabukasan, mareresolve naman na. And then, as for maintaining the relationship, God-fearingness and fear of the Lord is very important for you because you know that whatever happens, he does not want to hurt the Lord, so he won't hurt you as well.

Interviewer: And then, as for whether the relationship is good for you, you answered yes. Kasi matagal na rin po kayong naging single, and thinking about yourself over those years. Pero n'ung nagstart na kayo, you also thought about him. So naisip niyo na rin na you also have to think about your partner. And then as for change, the relationship changed you in a way na you also have to think about him. And then, as for your partner, may pagka, may transition din na to the point na naiintindihan na yung situation, naging open na siya with the situation. And that for you is the change, na you observed with your partner. And, you also feel safe in the relationship because you know na nandyan lang siya and you already have that someone you can update and talk to at the end of the day, and kahit malayo kayo, he can also accompany you.

Interviewer: And then, I showed you two statements for rating scales. So you answered 7 for both statements, my partner usually really listens to me kasi may room for improvement pa. And then, why not 6, kasi masyadong pasang awa yung 6 na rating. And then, as for the second statement, responsiveness to your needs, you also appreciate it na he sends you food kapagkatapos ng work. And then as for your physical intimacy, so no sex yet, but you're generally satisfied with your sex life. And overall, you

rated the relationship as very satisfied, rating it as 9. So there's no perfect relationship, and the last portion is allotted for improvement. So is that right, or would you like to add or correct any of those?

Speaker: Uh, okay naman.

Interviewer: Okay. So again, thank you so much. And before we end, I want to talk to you about how we will handle the research project. Of course, as researchers and as a research project, we want to be ethically transparent as possible. And so we wanted you to know about the data sharing options and which of these are you most comfortable with. So there are two options. The first option is that transcript portions can be shared, none of which can be identified to you. So the de-identified transcript can also be read by other researchers. The option number two, if you're a bit bolder, the whole transcript can be shared, removed of sensitive and overly identifying details. So it will be anonymized. Although in this option, there is a very minimal chance that someone who knows you can piece together the details in the transcript and narrow down who among their colleagues they believe it is. But very small portion of this because that would mean they'd have to browse the reference materials, the appendices of the research project to piece the information. Although again, no sensitive information will be shared. So of the two options, which are you most comfortable with?

Speaker: May I know if yung both options, hindi madidisclose yung identity?

Interviewer: Yes, anonymized naman po.

Speaker: Anonymized okay.

Interviewer: So again yung option 1, yung transcript portions can be shared, none of which can be identified to you. So the deidentified transcript can also be ready by other researchers. Option 2, the whole transcript can be shared, removed of overly sensitive and overly identifying details.

Speaker: Um, option 1 na lang.

Interviewer: Option 1. Okay. Okay, so noted on that. And thank you so much again for participating in this study. I would like you to know that this research project is also conducted in the Philippines, in Brazil, in Turkey, France, and in the US. So for this study to be successful, there is one more thing we'd like to ask for you, if that's okay. So can you recommend two close people in your life as a nominator? So what would happen is, yung dalawang tao po na ibibigay niyo, we'll be asking them for additional couples, we can interview like this. So we can interview for the research project. And if possible, the couples you will be giving is those that you don't interact with, for at least more broad and more diverse the network that we reach in terms of respondents. Can you, do you have any close friends in mind?

Speaker: So you mean, we will also have this kind of interview?

Interviewer: Um, so yung ibibigay niyo po, nominators sila. Sila po yung magbibigay ng couples na iinterviewhin like this.

Speaker: Ah, so hindi kailangan couple din yung inononinate?

Interviewer: Yes po. But it would be better if may mga couples sila na irerecommend for this research project.

Speaker: Pwede naman. You need the names?

Interviewer: Yes po. If possible, name, email and contact number. Para may communication. And if possible, mabigyan na sila ng heads up, we'll be contacting them today or tomorrow and then give them a heads up na lang po so they know we'll be contacting them.

Speaker: Okay, how should I send?

Interviewer: Pwede email, yes. So let me just stop sharing for a while.
