

Interviewer: All right, there we go. So recording uh has restarted. And just to get it on record, [Participant's Name], um I just like to confirm that you volunteered, well, you consented to participate in it.

Speaker: Uh yes po.

Interviewer: And you know that you can withdraw any time that you want. You're free to do that. And uh it's okay that we are recording this, right?

Speaker: Opo.

Interviewer: Okay, very good. Tapos, also, um I'll be taking some notes just so I don't forget what you're saying. And while we're talking, even though we have this recording, I'll be taking those. So minsan baka magtaka parang why I'm quiet kasi I'm taking down something that you're saying, ha?

Speaker: Okay po.

Interviewer: Okay, very good. Very good. Thank you. So again, I want to thank you for taking the time to participate in this study. Ah, as mentioned in the invitation, now we want to know more about your views on romantic relationships in general and about the one that you're in right now. And we think your experience and perspective would be uh very valuable for this project that we're doing. And it's a multi-country study. And you'll be part of the Filipino sample because we want to get to know what, if there's anything different about how relationships work in the Filipino context compared to other cultures. Uh before we begin, let's see, just for a record, your name is, should I call you [Participant's Name]?

Speaker: Okay sir, yes po.

Interviewer: Is that your, okay, that's your name, all right. And how old are you, [Participant's Name]?

Speaker: I'm [20-25] years old po.

Interviewer: [20-25] years old. And uh how long have you been together with your current partner?

Speaker: Ah [1-5] months po sir.

Interviewer: [1-5] months?

Speaker: Yes po.

Interviewer: How do you refer to her? Like when you introduce her sa mga tao o sa mga kaibigan, do you refer to her as your partner, your girlfriend, your significant other, or what term do you use ba?

Speaker: Ah my girlfriend po sir.

Interviewer: Girlfriend, all right.

Speaker: Yes po.

Interviewer: You've been together [1-5] months, so I take it you don't live together and you don't have any children yet, right?

Speaker: Ah yes po.

Interviewer: Yeah and right now, what is your main source of income, if I may ask?

Speaker: Ah hindi pa po. Wala pa po... Pwede po mag tagalog sir?

Interviewer: Sure, sure. Yeah Tagalog, Taglish is fine. And um I think I learned from [Partner's Name] that you also speak [Language]. But for the sake of our transcribers, I guess we should stick to Tagalog or English. (haha)

Speaker: Yes po. Yes po. Yes, [Language] po ako.

Interviewer: Oh, oh sige. Okay lang, Tagalog. Kung ano mang pinakamadali for you to express what you want to say, go ahead and use that.

Speaker: Okay po. So, as of the point, I'm still a [occupation] po [1st-4th] year [occupation] po. And my course is [Course] po.

Interviewer: All right. So no job yet, full time [occupation]?

Speaker: Yes, po. Yes, po. Full time [occupation].

Interviewer: That means if you have any gastusin, anything you want to spend for, you depend on an allowance ba? Or uh do you get scholarships, type in? How do you pay for your needs and wants?

Speaker: Ano po.. ah mostly allowance po and 'yong mga ano po kasi, former [occupation] din ko kasi ako. So may mga.. tao pa rin po na tumutulong before na, up until now po is, yeah, nag s-support pa rin po sa akin—

Interviewer: Parang sponsors, gan'on ba yung tawag don?

Speaker: Yes po.

Interviewer: Right? So it's like a sponsorship, scholarship of sorts. Okay.

Speaker: Uh yes, po.

Interviewer: Okay. All right. Sige. Maybe we should begin with how your current relationship started. Kasi 'yon nga [1-5] month old relationship right now. Can, can you give us a glimpse of paano ba nagsimula ang lahat ng ito? How did you get into this relationship?

[Portion Redacted]

Interviewer: So ngayon, in the last [1-5] or so months, how would you describe yung, kumpara mo yung quality no'ng relationship that you have right now with [Partner's Name]? How do you... how do you think it compares to other relationships that you know of? Like yung mga relationships ng mga peers mo, kaibigan o mga kaedad mo na, kaya kamag-anak, etc etc. If you were to compare the quality of your own relationship to theirs, sa tingin mo, how does yours compare? Is it better? Is it worse? Or is it just about the same?

Speaker: Uh, di naman po better or worse. Kumbaga parang moderate po siya kasi. ah hindi po kami nags-start as friends. Like, unlike po sa other relationship po, parang nags-start po sila as classmates, as friends, and up until na, lumalalim po yung ah feelings nila sa bawat isa. Eh, kami po kasi, like to be honest is parang, mabilis po, pero, alam ko naman po sa sarili ko na, gustong-gusto ko po siya and 'yon ... If i-cocompare po sa iba, medyo mabilis po, pero, sigurado naman po. Hindi po siya nags-start as friends, diba kami nags-start as friends, kumbaga. Ayon, nag start as strangers lang po.

Interviewer: Right. Pero you said, that, kahit mabilis yung sa inyo, and didn't start out the way you think other relationships start out na friends muna or kakilala pero hindi gano'n 'yong sa inyo, pero tama ba, hindi ko dito, you're saying that doesn't make it any better or any worse than other relationships, tama ba?

Speaker: Opo, kasi hindi ko po masasabing, kasi kung worse po, ah for me I think, kasi yung iba po.., Ah sa ibang relasyon po, base sa mga nalalaman ko din po sa mga kaibigan, na sa mga family members, nagkakaroon lang po sila nang relasyon, because of infatuation, Like hindi po sila sure na parang, nagpapadala lang po sila sa feelings nila, and hanggang sa tumagal na parang.. ah.. Hindi naging healthy yung relationship nila, Pero hindi naman po gano'n yung naramdaman ko sa kaniya wherein buong-buo po 'yong ah naramdaman ko po kay [Partner's Name], and di ko na po masasabing better, kumbaga, nasa stage pa po kasi kami na, mas... dapat po namin ah dapat po namin kilalanin pa yung bawat isa. Kumbaga, hindi ako kami nag-start as friends, pero nasa, in a relationship na po kami, mas kinikilala pa po namin yung bawat isa po, gano'n.

Interviewer: Yeah. Nabanggit mo yung, na healthy relationship kamo, 'yong iba, hindi na nagiging healthy yung relationship, ano ba para sa 'yo ang ibig sabihin ng healthy relationship?

Speaker: For me po, healthy relationship is parang, is ano po dapat open po kayo sa bawat isa. Like, hindi po na, as sa ibang relationship po parang mas, ano po, like, ah siguro dahil na rin po 'to sa mga natutunan ko inside the [location] po, na, hindi po dapat nagiging, uh, hindi po pinapakiral na nalalaki ang pagiging masculine niya, sa mga bagay. Na wherein, but may pag-amin din siya or may pag, ah may pagtanggap siya na hindi sa lahat ng pagkakataon, dapat lalaki 'yong nasusunod. Na wherein yung po yung niya apply ko sa relasyon namin, na, hindi po lahat ng bagay dapat ako yung nasusunod. Hindi din po naman siya, hindi din po naman lahat ng bagay, kasi siya po yung nasusunod, kasi, kundi titignan niya po ako [occupation] pa lang po ako, kasi siya working, ah nagtatrabaho na po. kumbaga pwede niya tignan yun as perspective yan, ay dapat, sumunod sa akin na ito si si [Participant's Name], kasi [occupation] pa lang siya [occupation] na, [occupation] na ako para gan'un, pero wala po nangyari gan'on samin kumbaga, open na open po kami sa bawat isa, like pag may problems, pag may kailangan, pag may mga bagay na hindi po pagkakaintindihan, gan'un, ayun po.

Interviewer: Right so parang ang sinasabi mo one is the partners should be open to each other, tapos parang ang point mo dun sa isa, kung tama, pagkaintindi ko, is you see each other as equals, gan'un ba?

Speaker: Yes po, opo.

Interviewer: Right, okay meron ka pa bang ibang naisip on what makes a healthy relationship or what you believe makes a healthy relationship aside from openness to each other and aside from seeing each other as equals, meron ka pabang gustong idagdag?

Speaker: Ah for me, is yung loyalty po syempre, yun po isa po sa pinaka importante to have a healthy relationship po because ayun kung loyal ka po sa kanya, loyal po sa sa'yo, mas nagiging matibay at mas nagiging healthy na po yung isang ah relationship po.

Interviewer: To be clear. To be clear, what do you mean by loyalty?

Speaker: Loyalty po, for me, loyalty is ano, ah ano po nakikita mo sa buhay mo, na wherein kahit sabihin mo po yung nakikita ahh.. Kasi ano po yung paningin po sa loyalty, ahh, wala ka nang hinihiling pang iba, nasa kanya na lahat, yun po.

Interviewer: Ah okay. Like you're not looking at other other people as possible romantic partner, 'yun ba?

Speaker: Yes po, opo.

Interviewer: Okay, okay. So parang fidelity, ano, loyalty—

Speaker: Opo opo.

Interviewer: That's what you mean Okay, okay. So that makes anything else? To what makes a healthy relationship para sa'yo?

Speaker: Ayun po, ah nasabi ko na po ata lahat, openness, loyalty, and equal na pagtingin.

Interviewer: Yeah.

Speaker: Ayun po.

Interviewer: Meron pa?

Speaker: Okay na po.

Interviewer: Sige, kung may maisip ka, pa ano idagdag, feel free to mention it, okay?

Speaker: Okay po.

Interviewer: Pero, so this is, you're with [Partner's Name] right now. Have you had any romantic partners? Romantic partners before [Partner's Name]?

Speaker: Uh, yes po.

Interviewer: Ah like, can I ask, like how many have you had na you uh would consider na ex mo?

Speaker: I think [1-5]. Yes po, [1-5] po.

Interviewer: [1-5] before, so [Partner's Name] makes [1-5].

Speaker: Yes po, and the final na po.

Interviewer: [1-5] in the past. Ngayon, kung ikaw ikukumpara, what you have with [Partner's Name] now, to what you had with those, of course ang tanggalin na natin yung fact na, [1-5] months old pa lang 'tong current relationship. But if you compare what you have with her at this point, kumpara to what you had with the other [1-5] in the past, would you say that what you have now is better, even though it's young, is it better than the other relationships or maybe one of

them, [1-5] of them, or all [1-5] of them? Like, how does it compare, the current one that you have to your past relationships?

Speaker: Ah.

Interviewer: Again, in terms of quality or in your words, in terms of how healthy it is, how does the current one compare?

Speaker: Okay po. ah better po yung ngayon kasi..both sides po ng family namin, it's legal po kami. Before po kasi...

Interviewer: Say that again?

Speaker: Both sides po. Legal po yung relationship namin—

Interviewer: Ah okay.

Speaker: Na family. Ah before po kasi... ah hindi po ako nilegal ng mga ex ko sa family nila. That's all... Pero ngayon po, sobrang better po kasi. Kilala po ako nila...

Interviewer:. Dat—

Speaker: Po?

Interviewer: Dati sabi mo, all [1-5] of those past relationships, hindi ka nila pinakilala sa family nila. Tama ba intindi ko?

Speaker: Opo.

Interviewer: Ah...may dahilan ba para doon?

Speaker: Hindi ko din po alam pero...

Interviewer: Ah, talaga.... Okay... Did you ask? Was it an issue in the past relationship na bakit hindi mo ako pinapakilala?

Speaker: Ah..

Interviewer: Pero sa side mo, pinapakilala mo sila?

Speaker: Opo kilala po sila, lalo na po ni Mama.

Interviewer: Okay okay.

Speaker: Actually...

Interviewer: Alright.

Speaker:Siguro ngayon lang nakikita po akong dahilan. Noon, actually, sa last po kasi hindi ko po nakita ang dahilan niya na, yung unang [1-5] po, medyo naintindihan ko pa po sila kasi, [occupation] pa po ako that time—

Interviewer: Okay. So, bawal, ganoon ba?

Speaker: Hindi naman po.

Interviewer: Ah hindi, hindi bawal?

Speaker: Actually, hindi naman po bawal, hindi naman po kami pinagbabawalan kasi, perspective po ng mga [occupation] sa amin noon, na habang normal na binata po kami. I-try po namin yung mga gan'ung bagay, hindi po yung habang [occupation] na po kami, if ever man po maging [occupation] kami. Doon po namin hahanapin yung gan'ung bagay.

Interviewer: Ah... So, hindi pala pinagbabawal at hindi hindi rare yung [occupation] na may relationship, na may romantic relationship.

Speaker: Opo, hindi naman, hindi naman pinagbabawal, hindi naman po yun na yung iniencourage—

Interviewer: Okay.

Speaker: Pero naiintindihan po nila na normal—

Interviewer: Ah okay.

Speaker: —din naman po kami tao gano'n.

Interviewer: Okay, at yung dalawang mong unang girlfriend, tama ba ako is pakiramdam mo is or sinabi ba nila diretso? Ayun yung dahilan, kaya hindi ka nilang mga ipakilala?.

Speaker: Hindi po. Hindi po.

Interviewer: Sinabi ba nila diretso?

Speaker: Hindi rin po.

Interviewer: Ah... Ay hindi, tinanong mo ba diretso? Parang bakit ayaw mo akong ipakilala?

Speaker: 'Yung sinasabi lang po nila, is hindi din po sila ready. Yung lang po yung mga naging irason nila.

Interviewer: Like how old were you dun sa relationship number one?

Speaker: Dun sa number one po, medyo mabilis lang po [1-5] months po.

Interviewer: Pero ilang taon kana n'on?

Speaker: Ah....[16-20] po...

Interviewer: [16-20]. All right.

Speaker: Batang-bata pa po.

Interviewer: Yeah, okay. So ito kamo yung first time. You think this is a healthier relationship because apart from the fact that you said it has the openness and you have the equal footing in the relationship...

Speaker: Opo opo.

Interviewer: And that you have, you exhibit you both are loyal to each other. Apart from that's another thing that makes it healthier is that legal kayo ng, kilala kayo ng isa, pamilya ng isa't isa.

Speaker: Yes po.

Interviewer: Is there anything else? Is there anything else that makes this better than the other ones?

Speaker: Uh. 'Yun nga po, kilala lang nga po kami ng both parents namin and ayun, ah nagkakaintindihan nga po kami sa time namin kasi knowing po na [occupation] siya, hindi naman po all day na nakakausap kami and ako rin po as [occupation] na hindi rin po all day na may cell phone kasi nag-aaral po. Yung pag-iintindihan po namin sa bawat oras namin, so para ang big deal po na, hindi po nila nakakausap yung mga karelasyon nila, time to time. Like para, hanap na hanap po sila gan'on. Na wherein hindi ko po nakita sa kanya yun. Pero nirerespeto niya po yung oras ko. And nirerespeto ko rin po yung oras niya.

Interviewer: Ah okay, very interesting noh so kasi yun yung na experience mo dat- dati na hindi mo nagustuhan and you don't think that's healthy yung oras-oras ka nag-update, oras-oras hinahanap yun. Is there anything else that you thought in hindsight now, looking back at those past relationships, is may meron kapag napansin na, ah, ito hindi healthy yung bagay na ito—

Speaker: Sa last, um ...actually pinakanakita po kasi talaga yung hindi po sila nagiging, totoo sa mga sinasabi nila. Like po yung last ko po, bago po si...

Interviewer: Example—

Speaker: Bago po si [Partner's Name]. [Redacted]—

Interviewer: Ah, okay. haha. So you think, ano yun nagsisinungaling siya na—

Speaker: Opo.

Interviewer: [redacted].

Speaker: Ah opo, yun po.

Interviewer: Ah, okay. And you didn't like that?

Speaker: Ah yes po.

Interviewer: Why not?

Speaker: [redacted].

Interviewer: Okay. So masamang pangitain kumbaga.

Speaker: Opo.

Interviewer: Okay okay. Now, let's see.... Let's see.... Um,...for you, what is the most important thing, apart from the things that you already mentioned noh, kung papipiliin ka nung, ano yung bagay na pinaka, ah, importante sa isang relationship, kasi you already mentioned a lot of important ones, no? Meron ka bang papipiliin, yung isang bagay na hindi pwedeng walang gan'on sa relationship, cause you already mentioned loyalty and honesty, and um, the perceived equality between the partners, no? And openness, meron ka pa bang hindi nabanggit na, ah, ito hindi rin pwedeng walang ganito ang, ang isang health relationship?

Speaker: Ah, yung respeto po sa bawat isa kasi ayon po, it's...

Interviewer: How, how do you show that? How do you know na, sa relationship na ito, there's respect?

Speaker: Ayon lang po, halimbawa na lang po is yung, sa oras na nirerespeto niya kung, anong oras na meron ako, at ni.... kasi po, may mga times din po kasi na, dahil po siya taga [City A] siya, ta's ako, taga [City B] po talaga. Halimbawa, kapag malayo po kami sa bawat isa, ayun, ah, hindi po siya nag-ooverthink na, kahit malayo ako, ah, pwede ako may makasamang iba, nirerespeto niya po ko kung saan ako pumupunta basta, hindi ko po kailangan magpaalam, ang sinasabi nyo lang po, inform ko lang po siya, pero hindi po ako magpapaalam, ok na po sa kaniya 'yon, sabihin mo lang kung nasaan ako, ay nasaan ka, okay na ako doon—

Interviewer: Kasi uwian ka... gaano kadalas ka ba umuwi ng [City B]?

Speaker: Actually po, this year, hindi po kasi ako masyadong nakauwi ng [City B], because, ayun, [position] din po ako ng [location], so kailangan po ako anytime, tapos naka-uwi lang po talaga ako, this [Event] break po, yon.

Interviewer: Do you live on campus ba?

Speaker: Ah, not po, ah...dahil po yung [location] namin, is a [location] pa rin po siya, pero, nag-aaral po ako don as normal [occupation] lang, so, naka, ano po kami, naka-apartment po.

Interviewer: Ah okay, off campus, pero malapit sa campus.

Speaker: Yes po, off campus po.

Interviewer: Okay. Alright, so, next question ko is very, very slam book question, ah alam mo pa ba yung slam book..

Speaker: Opo.

Interviewer: Lung ano yung slam book? Oh, siyempre na-imagine mo na kung ano yun, what is love for you?

Speaker: Haha.

Interviewer: Diba, very slam book. For you, what is love?

Speaker: For me, ah love po, ang hirap po .. pero..

Interviewer: Hahaha.

Speaker: And madami po kasing pwedeng definition.

Interviewer: Oh, pero, ano yung unang, pumapasok sa utak mo, if tinanong ka, what is love?

Speaker: For me, love is, ano po, love is.... uh...it comes naturally po...

Interviewer: What, is it comes naturally? Yeah.

Speaker: For me, love comes naturally.

Interviewer: To help you, to help you answer it, I can rephrase the question, how do you know when somebody loves you?

Speaker: Ah okay po ah, mas, ah malalaman ko po na kung isang tao, ay mahal niya po, ay kung may respeto po siya sa'kin, uh love speaks with respect nga po sabi nila, diba? Ahh....ayun, kung may respeto po yung isang tao, which means, nagki-care po siya sa inyo. Like, ah nag-uumpisa po kasi ang respect sa family, halimbawa nirerespeto ang kapatid mo, which means, nag-care siya sa inyo... And ng parents mo, kahit po anak ka nila, kumbaga doon...Sabi nga po nila, mas una mong mafefeel ang love sa family first, sa family muna. So yun po, yun po in definition ko na love, is respect po.

Interviewer: How about romantic love? How is it different from other kinds of love? Like, you said family nga, so may familial love, fraternal love, love for other, other uh brothers and sisters in Christ. But, is romantic love any different from all those?

Speaker: Um ano po actually, kung titignan niya po, kung ano po yung pagkakaiba ng, ay kung ano po yung true meaning ng..., true meaning ng... for me meaning ng romantic love, is... Ah, wait lang po, wala po akong maisip hahaha.

Interviewer: Okay lang, okay lang pero ikaw, like, in the context of this uh relationship, romantic relationship that you're in right now, sabi mo, well, even outside a romantic relationship, you know you are loved if you feel respect, sabi mo, di ba?

Speaker: Opo.

Interviewer: Uh, in the context of this romantic relationship, aside from the fact that you feel respect from your partner, is there anything else that tells you na ah, mahal ako nito?

Speaker: Uh... wait lang po beside po, respect po, is yung ano, kung, kasi parang mas mafifeel mo po yung pagmamahal ng tao, based on actions po, uh may iba po kasi na hindi expressive when it comes to love, like hindi po sila nag "i love you" madalas, pero siya po ganyan po siya, pero mas nafifeel ko po kasi yung, pagmamahal niya, 'pag kasama ko siya, like... Ay gan'un po kasi siya na tao, hindi po siya, more on words, more on, ah, pagpapakita, pagpaparamdam po yung, pagpapafeel niya ng pagmamahal sa akin. Ayun po,yun po, una din po, when it comes to romantic love, mas makakita mo po, when it comes in actions nga po. and...

Interviewer: What kind of actions?

Speaker: Halimbawa po, ano po kasi siya, may pagkaclingy din po kasi, so 'yon.. Ah.. Tapos halimbawa, pag magkasama po kami, like, ako po sobrang tangkad ko na po sa kanya, pero nanliliit po kasi, kapag kasama ko siya kasi, kung mag-care po siya sa'kin, yung, care din po when it comes in romantic love, kung mag-care po siya is, parang wala pong katumbas, like, talagang babyng-baby po ako parang gan'on po—

Interviewer: Bakit mo nasabi, ano po yung mga ginagawa niya that makes you feel like that, na you're cared for at binibaby ka, like, can you give me examples?

Speaker: Uh halimbawa na lang po, um...kapag magkasama po kami, mahilig po siyang yumakap.

Interviewer: Hmm that's what you mean by clingy, pala.

Speaker: Opo, mahilig po siyang yumakap, tapos....

Interviewer: Okay.

Speaker: Ayon, tapos kapag nakayakap po ako sa kanya, like, sabi ko, uhm, parang napapahinga po ako kasi, sobrang hectic po ng sched nila, bilang, as a [occupation], tapos siya [occupation], tapos, 'pag magkasama po talaga kami, kumbaga pareha po kami na love language, physical touch.

Interviewer: Okay.

Speaker: Dun, dun ko po mas na fe-feel na... sobrang mahal ako ng tao na 'to, like, ayun po, kapag kasama po siya, yumayakap po siya sa'kin tapos, kapag, lumalabas po kami, gan'on. Madalas din po, ah.. sa kanila, pumupunta po ako sa kanila. Ayun, tas dun ko po mas na fe-feel na, sobrang mahal ako ng tao na 'to, na to the point na, naisip ko na. ah sabihin po nating, parang, kung, malalaman ng iba, para ang bilis sabihin na.. for [1-5] months, para ang bilis sabihin, parang siya na. Pero, nakikita ko na po, kasi na siya na.

Interviewer: Okay, interesting. Oh, now, sabi ng mga tao, all relationships take effort to make it work.

Speaker: Opo.

Interviewer: In your relationship, in your experience about your current relationship, mayroon ka bang mga na-experience na challenges sa relationship ninyo?

Speaker: Uh...actually, yung pinakamain challenge po nga lang po sa relasyon po, kasi namin, uh baka may ibang tao po na maka-misinterpret where it comes sa relasyon namin, kasi [occupation] nga po siya, and [occupation] ako. That's why, actually alam po ng friends ko, and ng, ma-close friends ko lang po, pero hindi po lahat ng kasama ko sa [department]. And I think same...with her po, na hindi naman po, lahat na co-workers niya, is alam po yung, anong mayr'on sa friends. So, in short po, is hindi po po siya... And mas maganda naman po, kasi na, ngayon, konti lang din po yung nakakaalam. So, hindi rin po alam ng iba halimbawa when uh there's a challenge po, if ever, malaman po ng [position] namin. Eh kasi yung [occupation] po namin, [occupation] din po nila. Ayun, baka, ma-misinterpret po, kasi, actually, alam po ng prefect namin, na nasabi niya po sa'min, is hindi naman daw po, against the law, sabi niyang gan'on, kasi, hindi naman po niya ako [occupation] pero baka, ma-misinterpret nga po ng ibang tao, kasi [occupation] pa rin po ako, and [occupation] siya, at nasa yung institution lang po kami.

Interviewer: Right. Right. So, itong public opinion kumbaga eh, you're not breaking any rules, you're not breaking any law, but then there's that public opinion na iniisip niyong might, ano, might be, baka may disapproval from some people, noh?

Speaker: Opo.

Interviewer: And you say this is the biggest challenge na, to your relationship.

Speaker: Opo.

Interviewer: Oh, okay, meron ba mga minor ones pa?

Speaker: Um, baka minor lang po, like,uh pareho po kasi kaming ano eh, may....seloso, and selosa din po siya.

Interviewer: Ah, okay... Really?

Speaker: Po?

Interviewer: Totoo ba 'yan na, parang you and ikaw mismo, sinasabi mo na seloso kang tao?

Speaker: Opo pero di naman po sa, halimbawa po pag umaalis po siya with friends, okay lang naman po sa akin 'yon. Uh, nagseselos lang po ako sa kanya, ay, nagseselos lang po sa mga nakausap niya before. Ayun lang po syempre na...

Interviewer: Uh, people from the past.

Speaker: Opo, pero kahit alam kong hindi na niya nakakausap. Kasi may ano pa rin po kasi rin ako eh may insecurities din pa ako sa buhay.

Interviewer: Hmmm.

Speaker: Ayun na-insecure ako. halimbawa, '[redacted], tapos ako [occupation] pa lang po ako gano'n. Kumbaga nako-compare ko po.

Interviewer: 'Yung dati niyang kinakausap, hindi naman naging sila, tama ba?

Speaker: Ayun di ko... opo 'ata.

Interviewer: Ayun di, hindi mo rin sure kong naging... Pero, ibig sabihin mo ba dating nakausap, parang naging prospect for a boyfriend. Parang nanligaw o nakaligawan—

Speaker: Opo, opo.

Interviewer: Okay. So merong gan'on, for example na de-kotse, tapos 'yun ay insecure ka, kasi ikaw [occupation] ka pa lang, at wala kang kotse. So that bothers you. And that's why you say seloso ka, sa buhay gan'on.

Speaker: Opo.

Interviewer: Okay, okay. Okay. About your past also—

Speaker: Ay, yes po, actually kung, tatanungin niyo po ako na, wala po kami naging problema sa relasyon po namin, like wala po kami napag-awayan ah yung before lang po, gan'on.

Interviewer: Really wala, wala, okay. So wala, wala, no, ano, no... arguments.

Speaker: Small fights lang po. So far. And meron pa naman po, pero hindi po yung...pinakanaging argument namin and sa relasyon po namin, gan'on.

Interviewer: Hmm hmm... Like?

Speaker: [Redacted].

Interviewer: So mga bagay na, nakaraan na. Yun pala ang nagiging...yung present wala.

Speaker: Wala po.

Interviewer: 'Yung present okay. It's interesting. That's interesting. Alright. Um let's see. I ask you about love. I ask you about the challenges. Sabi mo, there's nothing you really fight about. That's really significant. So it means, in the [1-5] months that you've been a romantic partner, wala pa naman kayong significant na pinag-awayan talaga. Tama ba 'yon?

Speaker: Umm mga tampuhan lang po, gan'on.

Interviewer: Ah okay.

Speaker: Small fights lang po, ganyan.

Interviewer: Like can you give me an example na ano yung nakapagtampuhan?

Speaker: Uh....like may mga bagay po ako na, na hindi po nasasabi sa kaniya.

Interviewer: Like example—

Speaker: Ano. Ano. Ano po, nakalimutan ko na po...

Interviewer: Hahaha.

Speaker: Uh halimbawa di po kasi ako masyadong, ano, hindi ko po sinasabi, hindi ko po masyadong na shinashare sa kanya mga nagiging problems ko. Gan'on.

Interviewer: Ahhh

Speaker: And then, ayun po.

Interviewer: Present problems. Present?

Speaker: Opo, gan'on opo. May mga bagay pa po na hindi pa po nasasabi sa kanya. Ta's... Ayun po, syempre alam ko naman pinaghuhugutan niya kung bakit siya nagtatanong po sa gan'on bilang girlfriend niya po.

Interviewer: Kaya ba siya nagtampo? So bakit ba siya nagtatampo sa gan'ong.. ano kasi alam niyang meron kang hindi sinasabi kaya ba siya nagtatampo?

Speaker: Umm... parang, yes po, gan'on po, gan'on niya po.

Interviewer: At bakit mo naman ayaw o hindi masabi sa kanya yung bagay na yun?

Speaker: Um.. ano po kasi ako, may perspective po ako sa life na hangga't kaya ko po sa akin muna, like para wala po muna ibang taong iisip para sa akin po muna. Parang gan'on.

Interviewer: And since this is, ano noh, this all the data, all the things, your answers are anonymous, there's not going to be tied to your identity. And of course, in the same way that you will not know what [Partner's Name]'s answers were, she will not know what your answers are. So you're free to... if you are comfortable, you're free to be very open. Kasi I want to ask you like, can you give me an example of what those problems are? Anong example ng problem na, asa akin na lang muna 'to, ayaw ko muna ang banggitin sa girlfriend ko 'to. Can you give me a little example just so I can understand na ano ba yung mga gan'ong klaseng problema that you'd rather keep to yourself first?

Speaker: Um, ano po.. actually, alam naman po yung iba, [redacted]. Ayon po.

Interviewer: Oh, okay. [issues]. Can you-

Speaker: Opo.

Interviewer: Give me a little more detail. [redacted].

Speaker: Uh, as of now, mas okay po compared before.

Interviewer: Ahh.

Speaker: Like, uh...[redacted].

Interviewer: Ah okay.

Speaker: Like hindi po siya, hindi po hindi tanggap na una. Pero ngayon po, like as in hindi niya po, kinakausap gan'on. Pero as of now, kinakausap naman niya ako.

Interviewer: How long has it been? Ga'no katagal na ba since binalita mo sa family mo na, okay lalabas na ako sa [location]?

Speaker: Uh, lumabas po ako ng [location], noong ano pa po, [Month] [Year] po. Ayon.

Interviewer: Oh, matagal-tagal na rin.

Speaker: Yes po, matagal-tagal na rin po.

Interviewer: Hindi magandang pagtanggap niy doon. And this is something that you don't want to tell your girlfriend so much of. Tama ba?

Speaker: Pero alam naman po niya na may father issue po ako, pero hindi ko po nakukuwento na in detail, po lahat sa kanya.

Interviewer: Oo and I think I think you should. Hindi ka comfortable to share all that. Yeah alright.

Speaker: Hindi naman po sa ganoon. Hindi naman po sa nagsisinungaling ako sa kanya kumbaga. uh, gusto ko po na... uh ayusin po muna.

Interviewer: Right. So yung ganoon lang yung mga, kung meron man, hanggang ganyan lang yung mga conflict tama ba?

Speaker: Opo, small fights lang po talaga, like hindi po talaga na... ayon po.

Interviewer: Okay now, okay my next question is, masasabi mo ba na nakabubuti? This relationship makes you a better person. Like, nakabubuti ba sayo ang relationship na ito o nakakasama o walang epekto so far?

Speaker: Uh, for me, masasabi ko po mas nakakabuti siya. Kasi um, ayun nga po, dahil po sa respeto namin sa bawat isa. And sa tawag po dito, pag-iintindi po namin na uh naintindihan niya po kasi na [occupation] pa lang po ako. Actually po, yung pinaka uh...nakikita ko po ibang-iba siya sa mga dati ko po, is yung....kasi, hindi po siya ano, ayaw niya po yung pinaggagastuhan siya...Ayun po siyang tao na, magbigay ako ng bigay sa kanya. uh, Iniisip niya rin po, pati po nang family niya na hindi pa naman po ako nagtatrabaho. At bakit po ako bigay ng bigay? Well, yun din po kasi isa po sa mga love language ko po na, hangga't pwede. mapasaya ko po siya sa mga binibigay ko.

Interviewer: Ahh.

Speaker: Ayon.

Interviewer: Like, ano ba usually ang lang gusto mong binibigay?

Speaker: Ah, yung mga ano po niya gusto niya pong bagay, like mga [Brand] po, na ano ganyan.

Interviewer: Ah ano ba to?... mga merchandise.

Speaker: Opo merchandise po, gan'un. Pinapaintindi din niya po sa akin na... hindi ka pa nag-work, sabi niya gan'un. Nanggagaling pa din daw po yung pera ko sa family ko. Na wherein sinasabi niya po sa akin na, mag ipon ka muna, sabi niya gan'un. Hindi naman, din naman kailangan na paggastusan mo. Sabi niya po, yun din po laging sinasabi niya sa akin. Intindihin mo muna yung parents mo, ganyan, ganyan. Wherein, yes, narealize ko po na napaka, ang gastusin ko nga po before. Naparealize niya sa akin na, ayun, uh bawasan ko yung paggastos ko na wherein magagamit ko daw po yung yung pera ko sa ibang bagay, ganyan. kasi marami po siyang... (unclear) halimbawa na lang po.

Interviewer: And you think this makes you....

Speaker: Po? Hello, sir.

Interviewer: Sige, go ahead.

Speaker: Ah, yes po, dahil dun sa...

Interviewer: Uh may lag ata 'yong ano natin.

Speaker: Ayun po. And, 'yong ano po na kahit.. uh nasanay po ako na sa [City A]. na wherein Hindi po ako nagpapaalam sa parents, kasi pag nandon po ako. Pinapaintindi niya pa rin, na kahit nandon ako. Magsabi pa rin po ako sa parents, ko kung nasan ako. Ganun. hangga't hindi po ako.... (unclear)

Interviewer: Teka lang, [Participant's Name], I think may masamang ngayon signal, kasi may lag, tapos ngayon putol-putol naman yung dinig ko sayo. So...ano—

Speaker: Ayun po.

Interviewer: Sorry pwede ba nating ulitin ulit, ano ulit sabi mo?

Speaker: Ayun. Ayun nga po, isa pa po sa mga natutunan ko sa kanya, when it comes, ay nung habang nasa relasyon po kami—

Interviewer: I will chat you, kasi putol-putol na yun ang ating...

Speaker: Ay, okay po.

(long pause due to unstable network connection)

Speaker: Hello sir?

Interviewer: Hello.... naku ayan. Can you say something again? Medyo choppy kaning simula.

Speaker: Ayan. Hello po, sir. Good evening po.

Interviewer: Ayan. Tuloy-tuloy 'tong last na sinabi mo. I don't know kung narinig mo pa kanina. I'm trying to email yung ah ngayong nagrereconnect siya. Kasi naging network unstable, bago tayo naputol. Tapos medyo nag-choppy-choppy na rin yung huli nating pinagusapan, bago naputol. But now, narinig mo ba ako ng diretso?

Speaker: Yes po sir, yes po.

Interviewer: Ayan. Pacing it. That's good. Sorry, sorry for that. But I hope, ma.. I hope hindi na ulit tayo maputol no. Thank you for your patience.

Speaker: It's okay lang po, sir.

Interviewer: Ayan. Pero the last thing that I heard na sinasabi mo is, uh...what, asan ba ako? Na she's very, and even her family says na you have to be more mindful of your spending. Now, hindi ka pa kumikita. So, wag kang gastos nang gastos.

Speaker: Opo.

Interviewer: At ito yung sinasabi mo na reason why you think you've become, the the relationship is good for you. Tama ba ako?

Speaker: Yes po, isa po yun sa mga...

Interviewer: Yun yung huli natin e. So, hindi ko na narinig yung sinabi mo after that. May sinabi ka pa ba after that?

Speaker: Ah dagdag lang po, yung halimbawa na lang po is, uh, pinupush niya din po ako when it comes sa power ko as [position] po. Kasi, to be honest po, yung patience, yung pasensya ko po is, hindi po gan'on ka haba. And then, siya, kapag kapag nag oopen-up na po ako sa kanya na nagkakaproblem nga po ako sa pagiging [position] ko. Pinupush niya po ako sa limit ko na, kaya mo yan, ganyan. Hindi yan ipaparanas sayo kung hindi mo kaya. Ganun po siya, and...lagi po siya naka-support sa akin, not just in my duty as a president but uh.. sa academics ko din po. Ayon na halimbawa, kapag alam niyang medyo, may pagkakataon na po na one week kami hindi, halos one week po kami hindi nagkikita. Kasi alam niya po magiging busy ako when it comes to my [subject] po, sa [subject] ko po. Sabi niyang gan'on na ifocus mo muna yung sarili mo dyan, 'wag mo muna akong ihatid... kumbaga, ayun po, mas uh..., lalo na po sa mga gan'un bagay, nakikita ko po na nagiging mas better ako sa kanya. Kasi hindi niya po, hindi lang po siya ano girlfriend, hindi lang po siya basta girlfriend sa'kin. Kumbaga nagiging katuwang ko rin po siya when it comes sa mga gano'ng bagay. Halimbawa na lang po is hindi ko po makakalimutan nung pumunta po ako sa kanila. Tas nung sinabihan ako ng magulang niya, ni Tita na. Gawin daw po naming inspirasyon ang bawat isa. Kasi siya po, magti-take po siya ng [redacted] this [Month] sabi niyang gan'un. Wag niyo madaliin ang mga bagay, ikaw, gawin mo siyang inspiration para makatapos ka. At sana siya, maging inspiration ka rin sana sa kanya. Para makapagreview po siya. 'Yun po ang sinabi sa akin ng magulang niya. Ayon po.

Interviewer: So nakausap mo pala yung magulang niya ng ganyan. At nakausap niya, nila kayo ng ganyang klaseng usapan ano...

Speaker: Actually, sa'kin lang po sinasabi yon. Nabigla nga po siya na may ganoong sinabi sa akin yung nanay niya.

Interviewer: Ah, talaga?

Speaker: Opo.

Interviewer: Haha okay, okay. Now, ikaw ba sa tingin mo, uh, since ganito siya na pinupush ka niya, tapos even the family may mga gan'un words of advice sayo. Do you think in the short time that you've been together, because you said [1-5] months is short. In the short time that you've

been together, do you think you've changed already as a person or you're pretty much the same person pa?

Speaker: Uh mas, ano po, mas, masasabi ko pong mas naging better po ako as a person po. Dahil may mga bagay po ako natutunan na, uh..before po is hindi ko alam... ayon po.

Interviewer: Like, for what example?

Speaker: Halimbawa na lamang po is, ayon na when it comes to academics po uh parang mas..I know po nung, ah, alam ko po kung anong capacity ko. Hindi naman po ako yung mga nag ta-top ganyan. Na wherein parang, um parang, di ko pa alam yong word, hindi na po naging strive hard sa academics kasi alam ko na, ito lang yung capacity ko, pero hindi po gan'on yung.. uh pinaparamdam niya sa'kin. Na wherein na kaya kung kaya mo, hangga't kaya mo, ipush mo yung sarili mo, gan'un po siya, gan'un po yung mga—

Interviewer: So parang, I think the word, I don't know if the word that you're looking for kanina was complacent, gan'un ba?

Speaker: Opo complacent po.

Interviewer: Dati mas complacent ka.

Speaker: Opo, na okay na ako sa ganito, sa ganyan.

Interviewer: Ah, okay okay so that's one way where you've changed, dati mas complacent ka. Ngayon you're pushing, parang you're pushing yourself to the limits of your potential. Tama ba?

Speaker: Yes po, yes po.

Interviewer: And that's, you think that's that's because of her, or that's because of the relationship.

Speaker: Yes po

Interviewer: Anything else, aside from that change, mayr'on pa bang ibang changes that you noticed in yourself?

Speaker: Uh..., ayun din po yung, pagiging open ko rin po when it comes sa family. Ayun po yung sinabi niya sa akin na, hindi ko po mga kalimutan is yung... uh kapag may problems ako, kung hindi ko po mashare sa kanya, pwede ko po i share sa family ko. Ayun po.

Interviewer: Uh, so you're more open.

Speaker: Yes po.

Interviewer: More vocal to other people?

Speaker: Yes po.

Interviewer: What about sa kanya? Mayron ka bang napansin na changes in her when you started versus now, [1-5] months after? has, in your view, ah mayr'on na ba siyang pagbabago? May nagbago ba sa kanya in the last [1-5] months?

Speaker: Actually po, uh.., sa tingin ko I think naadapt niya po sa relasyon namin is yung..... kasi dahil former [occupation] po ako, parang naadapt po na rin po kasi ang pagsisimba, regularly....

Interviewer: Okay.

Speaker: 'Pag [Day], hindi katulad dati. 'Di naman po sa ayaw niya mag simba kumbaga, wala po siyang time, ganyan. Tas ayun, like every after ano niya po, every after na review niya, sinusundo ko po siya, para yayain po siya magsimba, halimbawa last [Day] po, 'di po kami magkasama, pero nag-inform siya sa akin ang nagsimba po siya, kasama nanay niya and I think ano po kasi siya eh, di naman po sa prangka, parang, malakas po kasi sense of humor niya, like may mga ibang words po siya na, alam po naman po na joke, pero baka, if ever marinig ng ibang tao, is parang mamisinterpret gan'un. Ayun, may mga times na na-cocorrect ko po siya sa mga gan'ung bagay.

Interviewer: Haha okay. And she's changed the way she makes jokes. Now, napansin mo na, hindi iba na yung pag-joke niya ngayon than before. Tama ba?

Speaker: Ah yes po, Ah yes po, mas nagiging sensitive po siya sa mga bagay na, mga words na nabibitawan niya po.

Interviewer: Okay, okay. So I get that. Anything else? Na napansin mo sa kanya na, ah, parang nagbago siya in this aspect? Positive or negative is fine ha.

Speaker: Okay po.

Interviewer: So kasi mo nabanggit mo parang, tama ba ako parang you view those as both positive changes ba?

Speaker: Opo, opo.

Interviewer: Oo, me-

Speaker: Uh actually po-

Interviewer: Meron ka pa bang gustong idagdag?

Speaker: Nakikita ko po sa kanya like sa pagkakakilala ko pa rin po, even before po na, wala naman po siya talaga mga, no, siguro di ko nakikita, or di ko napapansin yong mga negative traits niya. Pero, yun lang po talaga yung pinakanakita kong, na uh, negative po na, nakita ko sa kanya. And if every mga negative, actually wala naman po kasi, uh...if ever na, mga negative po na pagbabago ngayon sa relasyon namin. Wala naman po kasi...

Interviewer: Even sa 'yo? Even in yourself, kasi kanina yung mga nabanggit mong changes in you, parehong positive din yun eh, noh, so, walang negative change. Wala ka napansin na...

Speaker: Wala po.

Interviewer: That's good. Yeah, congratulations on that... haha. Sige. Let's see. Do you feel safe in your relationship?

Speaker: Yes po. I feel safe sa relasyon namin.

Interviewer: Hmm, what makes you feel safe? Bakit mo nasabi 'yan na, I feel safe in this relationship?

Speaker: Um...ano po kasi... um nasabi ko po, safe po ako sa relasyon namin dahil um, alam ko po na, hindi niya ako, halimbawa, ayun nga po, pag may mga nagagawa po akong mali, and...

Uh, kino-correct niya po ako, gan'un. And, kasi yung, nakikita ko din po yung loyalty niya. And yung, pagiging totoo niya po sa akin kumbaga, alam ko po sa gan'un paraan, is ayun, uh nagiging komportable po ako sa kanya. Same with me po, na nagiging totoo sa kanya. Nagiging komportable din po sa sa'kin. At to the point na, ayun, uh nafe-feel namin na safe kami sa bawat isa.

Interviewer: Okay. No, that's good. That's good to hear. My next question for you is, kanina safety, ngayon naman, uh, let's, I wanna show you this scale just para mavisualize mo. So, uh there we go. Yan. So, you can see it right now. Tama ba?

Speaker: Yes po, opo.

Interviewer: So, where would you score your partner when it comes to this? My partner usually listens to me. Where would you put the score at 1, 2, 3, hanggang 9 no. Completely, not at all true hanggang completely true. anong ang, anong honest feeling mo about "My partner usually really listens to me".

Speaker: Ano po, completely true po.

Interviewer: Completely true. Not even 8....

Speaker: Yes.

Interviewer: Talagang 9.

Speaker: Opo.

Interviewer: Okay. Ibig sabihin ba nun eh, wala ka nang hinihiling pa as far as listening is concerned?

Speaker: Yes po.

Interviewer: Oh, okay, okay. Now, the next question naman is, this, op, ayaw mag move. Toink. Ayan. My partner usually is responsive to my needs. Again, where would you put the score?

Speaker:Uh, I think, 8.

Interviewer: 8. Okay. This time, why not uh 9?

Speaker: Dahil nga po dun sa ano, halimbawa nalang po, di naman po ko sa sinasabing... uh, negative po siya. Pag may klase po nga siya. Ay, may klase siya. Vacant ko po, may mga times na kailangan ko siya, pero hindi ko nga po siya ma-communicate. 'Yon po sa mga gano'ng bagay lang po.

Interviewer: Oh. Pero hindi mo naiisip na 7. 7, you feel like 7 is too low naman, tama ba?

Speaker: Ah po, kasi may rason naman po, kung bakit ah. ayan, hindi nga po nafulfill ang naging responsive po siya sa mga kailangan ko. Ayun po.

Interviewer: Right. Alright. Sige. So, thank you for that. And the next one is this one. In terms of satisfaction with what you have now, where would you put the score?

Speaker: Uh...eight po.

Interviewer: Eight. Alright. This time, uh again, same question. Ano Bakit hindi nine, bakit hindi seven?

Speaker: Uh, bakit hindi po nine kasi, ayon nga po I think may mga bagay pa po talaga kami.. Uh, hindi pa alam sa bawat isa. Pero, in the.. habang nasa relasyon po kami, mas malalaman po namin. Hindi ko nang po nalagi sa seven kasi, uh..alam naman po namin na ayun. Genuine po yung pagmamahal namin sa bawat isa. So, kumbaga nilagay ko lang po sa eight. Dahil alam ko in the... uh habang kami pa, mas lalalim, hanggang magiging 10 po yung.. uh satisfaction.

Interviewer: So, kung bago parang...parang what you're saying is it's, it's too early to tell kung nine or ten...

Speaker: Yes.

Interviewer: Kaya hindi mo siya nilalagay sa nine. It's too early and seven is too low because right now, nakikita mas things are going better than a seven. Tama ba?

Speaker: Yes po. Opo.

Interviewer: Alright. Very good. Now, this next scale is just, uh, nawala tuloy. It's just a reiteration no because you said you're very satisfied. So, if I were to change the scale like this, na hanggang ngayon umabot sa.. completely dissatisfied na nasa negative, ikaw nasa positive. So, in this visualization of a scale, where would you put your satisfaction?

Speaker: Same as the eight pa rin po.

Interviewer: Same as the eight. Alright.

Speaker: Opo.

Interviewer: And all for the same reasons. Okay, yun lang naman with this sharing. I'm going to stop that sharing. And I'll go and ask you, uh one of the controversial questions when it comes to especially a culture like the Philippines no. So, a lot of people believe this can be a very sensitive question. And I guess you know what I'm about to ask you. And it's all about the sexual aspect of relationships no..

Speaker: Okay po.

Interviewer: Like for you, do you think sex is important in a romantic relationship?

Speaker: Um hindi ko po sa nasabing, uh for me is ano po, uh, it comes naturally nalang po kasi, natural nalang po kasi yung sex when it comes in a relationship. Kumbaga hindi naman po to yung hinahanap sa isang relasyon. So, if ever naman may mangyaring gan'un, I think nagmumula po yun dahil sa.. uh anong tawag dito, ah...naudyok po yun dahil...na sa isang relasyon po kami. Pero...ayun gan'un po yung pananaw ko sa sex po kasi kasi may ...dahil para for me, sex is sacred po kasi.

Interviewer: Uhuh.

Speaker: So, kapag—

Interviewer: And because it is sacred?

Speaker: Kapag, sa sinasabi nga po sacred po ang mag-asawa lang po na kasal na. Don ano po yung...

Interviewer: Okay okay. Okay so, you believe uh sex is sacred and that should be reserved for married couples, tama ba?

Speaker: Oh, may gan'un po ako...

Interviewer: So, if you're not married, you should not be having sex with your partner, tama ba?

Speaker: Uh yes, hangga't maari po.

Interviewer: Right. And you, ibig sabi ba no'n, naniniwala ka na kung hindi naman kayo kasal, okay lang walang sex. In fact sinasabi mo na dapat walang sex.

Speaker: Opo, parang gan'un po.

Interviewer: Does that mean then, since you're not married yet, you're [1-5] months together, that means that you do not engage in sex with your current partner, tama ba?

Speaker: Uh, yes po, opo.

Interviewer: Right and you, that's how you like it. Am I correct?

Speaker: Yes po, opo.

Interviewer: That's how you like it. So, hindi mo siya hinahanap. Sa, even in your past relationships, gan'un ba, hindi mo siya hinahanap sa isang uh premarital relationship. Hindi mo hinahanap ang sex.

Speaker: Opo.

Interviewer: Alright... Okay, okay. That's very interesting. Uh.. Let's see. And you think you- a relationship can be healthy, a romantic relationship can be healthy, and can remain healthy even in the absence of sex. Is that correct?

Speaker: Yes po.

Interviewer: Alright... Alright. Let's see. So, actually yun na yun, yun na yung pinaka sense na question ko. So, this is actually the end of our interview. Thank you very much. Meron ka bang gustong idagdag ipahabol dun sa mga hindi mo na isap kanina tas biglang na isap mo ngayon. Meron ka po mga gan'un?

Speaker: Aww... Wala na po.

Interviewer: Wala naman?

Speaker: Opo.

Interviewer: Alright. So, recap lang. You've been in a [1-5] month old relationship. You've been noticing puro positive ang napapansin mong changes in yourself and in your partner. And you believe that this relationship has been doing good for you uh so far. And so far, it's proving to be a very healthy relationship no. But you do believe that it's also very young.

Speaker: Yes po.

Interviewer: And uh but you have an optimistic view na the more you stay together and the longer you stay together, the more you learn about each other. And you're anticipating uh positive more positive experiences no. Tama ba ako?

Speaker: Opo.

Interviewer: Right. And you think that what makes healthy relationships are openness and equality and and loyalty and honesty.

Speaker: Opo, yes po.

Interviewer: Yeah, let's see. And for you also, what makes a relationship unhealthy is dishonesty, nabanggit mo yun kanina.

Speaker: Opo

Interviewer: Dishonesty, disloyalty. Ano pa ba? What makes a relationship unhealthy? Lack of respect. You mentioned lack of respect. For each other na makikita mo sa iba't ibang bagay at pakikitungo ng partner mo—

Speaker: Yes po.

Interviewer: So, basically that's it. And you and finally yun nga, you said um one can have a healthy relationship, romantic relationship even in the absence of sexual activities. You said no. Tama ba ako?

Speaker: Opo.

Interviewer: All right. So, that's it actually. That's the end of our interview. And before we finally say goodbye, I just want to reiterate to you na, you're given a choice no, your anonymous, sabi ko nga kanina, uh tatanggalin yung identity with your answer when we analyze—

Speaker: Sige po.

Interviewer: When we analyze your answers, walang identity yan. But are you okay? You have two options in terms of data sharing. Okay ka bang mabasa ng ibang researchers aside from me? So, yung mag-analyze, yung mag-transcribe. Okay lang ba sa yun na mabasa nila in full from start to finish yung usapan natin or gusto mo...

Speaker: Yes po.

Interviewer: Uh patche patche. Na parang okay lang ito, pero wag ito. Yung ganoon.

Speaker: Okay lang naman po.

Interviewer: Okay. Very good. Very good. Uh, Let's see. Do you have any questions for me?

Speaker: Uh....wala na po, okay na po haha.

Interviewer: Okay. Very good. So, thank you again for participating. This is a really, we really appreciate, kasi that's one hour or so of your time no and you're a [occupation], you're busy, you have extra- extracurricular, so this is really valuable. I know your time is valuable and I want to tell you that we appreciate that. And uh FYI again, the Philippines is just one pool. We're also talking to Brazil, Turkey, France and the US.

Speaker: Oh .

Interviewer: It might be very interesting to see uh paano kaya nagkapare-pareho o paano nagkaiba-iba 'yung sagot ng mga taong in relationship sa mga iba-ibang countries na yan no?

Speaker: Opo.

Interviewer: And actually nabanggit ko to kay [Partner's Name]. Ang huling request ko lang is in case you know of anyone na uh willing to be interviewed or may kilala ka na may kilala because we can't seem to find people who are in non-monogamous relationship because we also need to talk to them. Uh, meron ka bang kilala or meron ba kayong kilala? Just kung may maisip ka, please recommend them to me and I will invite them also. And you're aware, non-monogamous. You've heard of the word polyamory, tama ba?

Speaker: Opo.

Interviewer: Ayun. So kung meron kang kilalang ganoon na willing to be interviewed, please let us know also, okay?

Speaker: Okay po.

Interviewer: Alright, so yun lang. I hope you have a good evening, [Participant's Name] and thank you again.

Speaker: Dakal salamat ne.

Interviewer: Ano ba yun? I'm gonna try my best ka po man. Magpainaw ka na kanyan. Tama ba yun?

Speaker: Opo.

Interviewer: Magpainaw ka na kanyan. Ating kapanggawan. Dakal pa. Dakal pa.

Speaker: Magana mo po kanyan.

Interviewer: Oh mayap mayap. Sige, oh sige good night. Thank you very much, [Participant's Name].

Speaker: Good night po. Thank you po. Next time. Bye bye.

.
