

Interviewer: Ayan. Okay. So again, hello [Participant's Name] and thank you so much for participating in this interview. Now to start with, we'll ask a bit of your demographic question. So how old are you?

Speaker: I'm [16-20] years old.

Interviewer: [16-20] years old and how long have you been with your partner?

Speaker: Been [1-5] months.

Interviewer: Oh... [1-5] months? Okay. So, can I ask her name?

Speaker: [Partner's Name].

Interviewer: [Partner's Name]. Okay, sig. Uhm... Do you have any children?

Speaker: No

Interviewer: No?

Speaker: None

Interviewer: Okay. Who lives in the household or paano yung household set up niyo?

Speaker: I'm from [City A] and she's from [City B].

Interviewer: Hmmm. Okay. So ikaw, you're currently living with your family?

Speaker: With my [family members].

Interviewer: Okay. And then siya sa [City B]?

Speaker: Together with her [family members] and [family members] also.

Interviewer: Ah, okay. Tapos ikaw nasa [City A]. Okay. So, what's your main source of income or current job?

Speaker: I have a work here at our [location] sa [location].

Interviewer: Okay. So, anong ginagawa mo sa [location]?

Speaker: [Occupation].

Interviewer: [Occupation]? Okay. Si partner, si [Partner's Name], mayroon na ba siyang work or wala pa? [Occupation]?

Speaker: Yes.

Interviewer: Okay.

Speaker: [Occupation] po.

Interviewer: Okay, sig. So, how would you like... How would you like us to address your partner?

Speaker: Sa... Yung pusa... Hahahaha... Wait lang po.

Interviewer: Sig lang.

Speaker: Yung pusa. Sumabit yung phone. Sorry po.

Interviewer: No problem.

Speaker: Okay po. Ulit. Sorry, sorry.

Interviewer: Okay lang. So how would you like us to address your partner? Or paano natin siya tatawagin throughout the interview?

Speaker: So ikaw na... Ikaw na po bahala. Do as you please.

Interviewer: Wow. Ah sige. By name na lang, [Partner's Name]. Okay, sige. Can you tell me about your love story?

Speaker: So, parang kung paano... Ah, okay okay.

Interviewer: Ah, yes. Kwento mo lang sige. Kwento lang.

Speaker: Back in [Year], friend. Parang ano lang, naglalaro lang sa ano [Game], ganon. Tapos in [Year] dun na nagkapalitan ng social media and then nag-usap. So yun.

Interviewer: Hmmm... Okay. So ano paano kayo nag-connect sa [Game]? Parang nagkalaro lang ba kayo? Or...

Speaker: Random lang siya. Random.

Interviewer: Random, okay.

Speaker: Tapos follow. Finollow. Siguro nagalingan. Ay... Hahahaha

Interviewer: Hahahahaha. Okay, pero [1-5] years after pa nagkapalitan ng social media account.

Speaker: Yes po.

Interviewer: Okay. And then, nung nagkapalitan anong nangyari?

Speaker: So yun, parang nag-usap lang. Ganon, tapos naglalaro pa rin. Ganun lang, parang casual.

Interviewer: So anong ano... Anong status? Niligawan? Or kayo na?

Speaker: Yun, the latter.

Interviewer: Hello. Ay wait, sorry. Sorry nag-lag on my end. Ano yung sinabi mo?

Speaker: The latter po.

Interviewer: Okay, sige. So kayo na, for [1-5] months. [1-5] months.

Speaker: Yes.

Interviewer: Okay. Sige. So, naglalaro... Random lang. Ang galing no tas after namaintain siya.

Speaker: Ang galing nga eh.

Interviewer: Namaintain siya after [1-5] years. Tapos, ano. So recent lang yung relationship.

Speaker: Yes po.

Interviewer: Pero yung, kung baga yung ano niyo. Yung pagkakakilala niyo. Matagal na.

Speaker: Matagal na.

Interviewer: Mmhmm. Okay. Sige. How would you compare? So siguro meron kang friends na in a relationship din. How would you compare the quality of your relationship to that of your friends' relationships?

Speaker: Friend? Meron ba kong friend? Parang hindi, wala, kasi wala kong ano eh. Wala na kong nakaka-usap ganon. So parang wala na kong kakilala. Before siguro nung [Grade Level] ako, pero kasi simula nung pandemic wala na kong nakakahang out or nakaka-usap na. Wala.

Interviewer: Okay.

Speaker: So totally wala talaga.

Interviewer: Mmhmm. Okay.

Speaker: So yun, sila [Name], sila, yung mga ka-[Group], yun lang.

Interviewer: Oo, okay. Pero yung mga kakilala mo, siguro kung icocompare mo sa relationships ng mga kakilala mo. How would you compare the quality of your relationship to their relationship?

Speaker: Rate nalang natin, no?

Interviewer: Ah, sige. Okay lang, okay lang.

Speaker: Kunwari sa other is 8 over 10. So ano, wait lang. 7 out of 10?

Interviewer: Yung others is 7?

Speaker: Yung others yung 8.

Interviewer: Ah okay, others yung 8 tapos kayo 7 over 10. Okay. Sige. Did you also have any romantic partners in the past? In the past, rather?

Speaker: In the past? Yung ano parang may label ganun?

Interviewer: Ah, ikaw kung ano yung gusto mo.

Speaker: Ah, meron, meron.

Interviewer: Ah, okay, sige. So how many or ilan before si [Partner's Name]?

Speaker: [1-5].

Interviewer: Two. Okay, sige. So compare din natin. How would you compare yung quality ng relationship mo dun sa previous ones tapos yung kay [Partner's Name]?

Speaker: So ito sa previous one. Hindi naman sa nagiging bias tayo. Pero kung irerate natin yung previous one, it's 9 out of 10.

Interviewer: Okay, tapos yung kay [Partner's Name]?

Speaker: It's 7.

Interviewer: 7. Okay.

Speaker: So kasi po, di naman sa... Basta nagiging honest lang ganun. So.

Interviewer: Okay, oo, so mayroon bang specific basis yung rating?

Speaker: Meron.

Interviewer: Meron. Okay.

Speaker: Sa bonding ganun.

Interviewer: Bonding.

Speaker: At time. Kasi ngayon diba di ba ano? Since we're college students na, we don't have so much time and we're busy at our own responsibility. So ayon.

Interviewer: Okay. So yung previous one, kung baga mas may time, mas nakakabonding mo?

Speaker: It's pandemic time eh, so mas maraming time.

Interviewer: Okay. Yung both relationships yung dalawa, pandemic sila both?

Speaker: So yung isa hindi po, inabot lang.

Interviewer: Ah, yung isa. Inabot lang.

Speaker: It ended din.

Interviewer: Okay, sig. Now, for you, with that in mind no, what makes a relationship high quality?

Speaker: High quality. Subjective naman tong sagot na to, di ba?

Interviewer: Yes, yes, no problem.

Speaker: High quality?

Interviewer: Paano mo masasabi na high quality yung relationship na to?

Speaker: I think it's the intimacy.

Interviewer: Intimacy. Okay.

Speaker: Yes

Interviewer: So, bakit? Or paano mo nasabi na intimacy siya?

Speaker: So para kasing pag mas, mas ano kayo mas intimate, parang mas naglalast yung ano eh, mas nagtatagal siya tapos you're able to show love for each other. So, parang mas, pag mas intimate, so, mas nagiging ano ba tawag dito, showy or ano ba? Di ko ma...

Interviewer: Ah, oo. Yeah, yeah, yeah. Gets, gets.

Speaker: Ano ba to. Di ko masabi ah. Basta parang napapakita niyo ba? Ganon. Showy ganon parang...

Unknown (neither speaker or interviewer): Transparent?

Speaker: Yon tra— di yun. Hindi yun transparent. Yun.

Interviewer: Okay, sige. How about ano, how about [inaudible]? So, what makes a relationship low quality?

Speaker: Low quality. The lack of communication.

Interviewer: Lack of communication. Okay. Sige. Bakit or in what way?

Speaker: Kasi di ba pagka yung lack of communication, hindi kayo nagkakaintindihan. And then there are people who resort to silent treatment and, or, non-person. So ang hirap nilang basahin and they're, ano, they're always beating at the bush or beating around the bush. So hindi mo sila mababasa. Mahirap i-grasp yung ganung tao. Mahirap sila intindihin.

Interviewer: Okay. Sige, so balik tayo dun sa, balik tayo sa high quality. So, would you say that your relationship is intimate? Or of high quality?

Speaker: I cannot say that for now.

Interviewer: Okay.

Speaker: For now at least.

Interviewer: Mmhm. Okay. Sige. Pero, so yun, high quality is mas intimate. So, how does one know na nasa, or nasa intimate or ayon, how does one know na intimate yung relationship?

Speaker: Paulit nga po nung tanong.

Interviewer: How does one know na intimate yung relationship? or yun paano nalalaman ng isang tao na intimate para ma— di ba kasi, yun yung description mo for high quality relationship?

Speaker: Wait lang ah. Okay lang i-chat ko nalang? Mahirap kasi, mas ano kasi ako sa writing, hindi sa verbal.

Interviewer: Sige, sige.

Speaker: Wait lang po ah.

Interviewer: Sige lang.

Interviewer: Ayan, sige. Basahin natin. Okay. "I think one will know if the relationship is intimate, if there is communication and if they are transparent with each other because they will easily understand one another and the relationship will have a higher chance of success". Okay, mas gets na. And moving on, for you ba, what are the most important things in a relationship?

Interviewer: Ayon. Okay. Communication for you is the most important thing in a relationship. Mas prefer mo ba na mag chat? Or pwede naman siguro yung mahirap na questions yun na lang yung i-chat natin para at least meron pa rin tayo interaction with each other. If, okay lang.

Speaker: Okay lang, sige po. Mahina ako sa verbal eh.

Interviewer: Ah oo sige, okay lang. No problem. Sige. So communication ang important for you. Why? Sige okay lang. No problem. Pero kung meron kang masasabi na like in verbal, mas better.

Speaker: Huy may pusa din.

Interviewer: Dumaan din.

Speaker: So tagalog na lang, mahirap yung English.

Interviewer: Oh, okay lang din. Okay lang din na ano, oo. Okay lang yung tagalog.

Speaker: Balik tayo nga sa tanong, madam. Sorry ah.

Interviewer: Okay. So what are the most important things in a relationship and nabanggit mo na communication? So why is it the most important thing for you?

Speaker: Kasi pagka may communication mas transparent tapos mas naiintindihan niyo yung isa't-isa. So yun yung mas importante o the most important thing.

Interviewer: Okay.

Speaker: Yes po.

Interviewer: Thank you. Next tayo. So with that in mind no, for you ba what is love? Medyo slambook pero what is love for you?

Speaker: What is love? Wait lang. Sulat ko na lang ah, mahirap kasi eh.

Interviewer: Okay, sige.

Speaker: Wait lang. As in bibigyan ba ng symbol gano'n? Or own description?

Interviewer: Depende sa'yo. Sige, parang kumaga ano lang, what is love for you? Depende kung paano mo siya naintindihan.

Speaker: Love sa family, friend, or sa ano... relationship?

Interviewer: Ikaw din. Babalik ko sayo.

Speaker: Ah, sige, sige, so ano. Love is all about sacrificing. Kasi di ba sa ano? I have read a... Ano ba tawag doon? Parang meet siya. I have read a meet before about the... Familiar po ba kayo sa story ni [Name] and [Name]?

Interviewer: Parang narinig ko sila pero feel ko nakalimutan ko na.

Speaker: So nabanggit kasi doon na ano... I-sacrifice ang... Ano. Wait lang. Sulat ko na lang yung quote doon madam. Wait lang.

Interviewer: Ah, sige, sige. Ayon, okay. "Love is sacrificing because if you love someone, you can do whatever you want, and you'll sacrifice anything for that person." Okay, sige. So yun yung definition ng love or description ng love for you. Okay, sige. Moving on. Okay, wait. Okay. So nabanggit mo na love is about sacrifices or sacrificing for that person, but how important is love in a relationship for you? So gaano ka importante yung love in a relationship?

Speaker: Parang ang hirap ng tanong ah... So ano so sa relationship, love is like gasoline. The relationship is like a vehicle and love is like gasoline. The relationship won't work without love. So yun po yung ano ko sagot ko dyan.

Interviewer: Sige, wait ha balikan natin kasi I think naglag ka. So love is like a gasoline. Love is like a gasoline and then?

Speaker: Relationship is like a vehicle. So just like a vehicle won't work or won't run without the gasoline. So as well as the relationship, hindi po siya magwowork without love.

Interviewer: Okay. So how does one know or how does your partner show their love for you? Or how do you know na mahal ka ng partner mo?

Speaker: I think it's.. the most important thing is knowing their love language. So diba, there are different love language. So knowing their love language is the most crucial thing for you to know your love to them. Tama po ba?

Interviewer: Mhm. Okay. So yun yung, ano, yun yung kumbaga way mo at love?

Speaker: Yes po, yun po.

Interviewer: Para to know that they love you. Okay. Now, how about, ano, how about if the relationship is good for you? Would you say that the relationship is good for you?

Speaker: Paano po paulit po parang di ko ma...

Interviewer: Okay, sige. Would you say that the relationship is good for you?

Speaker: I think it depends. Depende po siya eh.

Interviewer: Depende?

Speaker: Yes po.

Interviewer: Sige, bakit it depends?

Speaker: Wait lang ha. Sulat ko. Nahihirapan ako mag-isip.

Interviewer: No problem.

Speaker: Paulit po ng tanong, sorry nakalimutan.

Interviewer: Would you say that the relationship is good for you?

Speaker: So ayon nalang po, I think it depends po because di ba pag nasa relationship ka if... [inaudible]... responsibility. So if you are not, ano, if you cannot... Paano ba to? If you cannot... Pag di mo nagampanan yung responsibilidad na yon parang mahirap siya ganon. So if di mo kayang, ano, maging responsable. So parang di ba sa mga magulang kapag di sila responsable, so parang mahirap mag-work ang ending nagiging broken family. Ganon po.

Interviewer: So paano mo or bakit mo nasabi na it depends? So I mean on a personal experience, would you say na yung relationship niyo ni [Partner's Name] is good for you?

Speaker: Paano nga ba?

Interviewer: Kumbaga. Parang, let's take it na ano...

Speaker: Pwedeng sumagot ng neutral?

Interviewer: Oo naman. Oo naman.

Speaker: Neutral lang.

Interviewer: Neutral lang. Okay, so not necessarily good pero not necessarily bad. Bakit ano? Bakit neutral?

Speaker: So there are factors na nakakasama and there are factors na nakakabuti. So neutral po yung sagot ko.

Interviewer: Okay, sige. Would you mind if I ask to share kung ano yung mga possible factors na yun na nakaka-affect kung bakit neutral lang din yung answer mo?

Speaker: Wait lang, elaborate ko lang po sa chat.

Interviewer: Okay, sige.

Speaker: Baka makalimutan ko eh.

Interviewer: Sige basta yung, ano, yung question is diba you answered neutral and then there are factors na nabaggit mo na.

Speaker: Pwedeng ihiwalay natin? Separate natin yung good factors and bad factors.

Interviewer: Okay, sige. Doon tayo sa good then yung bad.

Speaker: Wait lang po ah. Sorry madam ah. Pag ka kasi ako sumasagot sinusulat ko muna, di ako direkta ng verbal.

Interviewer: No problem. Sige tas iexpound natin yung sinulat mo na lang.

Speaker: Same lang ba yung inspirational and motivating?

Interviewer: Depende sa kung paano mo siya naintindihan.

Speaker: Sige, good factors muna tayo bago tayo mag...

Interviewer: Okay. Good factors: inspirational, motivating, makes you responsible. So, does that mean na yung relationship is motivating for you?

Speaker: Yes po, somehow. Namomotivate ka to do things.

Interviewer: And then inspirational din siya?

Speaker: Yes po.

Interviewer: Okay, sige. And then what about it makes you responsible? In what way? Or kung meron kang massshare na example?

Speaker: Kasi di ba pagka ano? It makes you... Wait lang ah. It makes you responsible. Kasi di ba, pagka-committed ka. So parang dapat consistent yung commitment mo na yon. So parang pagka-constant yung efforts, so nagiging responsible ka.

Interviewer: Okay. Sige, and yun yung na fi-feel mo sa relationship with [Partner's Name]?

Speaker: Yes, po.

Interviewer: Okay, sige. Dun naman tayo sa other factors.

Speaker: Bad factors. [Mumbling]. So ayun lang yung naisip ko.

Interviewer: Okay. Time and distance. So dun muna tayo sa time. Sige, why? Anong meron sa time?

Speaker: Kasi di ba pagkaano? So kailangan mo maglaan ng time. So kapagka yung time na imbes na you can do other things with that time, so ang ginagawa mo, iispend mo pa sa kanya. [Inaudible]... ganon po.

Interviewer: And then the other is distance. Okay, so bakit distance? Or what's with distance?

Speaker: So depende kasi yun di ba, uso na ngayon yung mga LDR ganon, so kapag distance parang ang hirap. Challenge siya eh, challenge. So, kapag distance doon natetest yung faith and loyalty. So distance is, it can be a good factor, pero mas ano siya, mas ano siya sa side ng bad factor po.

Interviewer: Okay, I see. And parang nagkita na kayo, kasi diba, taga-[City B] siya tapos ikaw taga [City A]... Nagkita na kayo?

Speaker: Yes po.

Interviewer: Okay, I see. Ano ba siya? On a regular basis ba? Or nung kailan? Two time. Okay. Sige. So medyo recent lang din yung, ano, nung [Month]. Okay. Sige. Now, since na ka ano, ah okay, may schedule. May schedule naman pala. I see. Okay, at least may, kung бага may regular din. Now, speaking of challenges, since nabanggit mo na distance is also a challenge. So what would you say are challenges sa relationship ninyo? So distance is one pero meron pa bang ibang challenges sa relationship? Pwedeng previous, napagdaanang challenges, or current challenges na meron sa relationship.

Speaker: Yan. Ayan po. Ayan muna.

Interviewer: Okay, sige. You always resort to silent treatment. So, bakit mo nasabi na ano siya, challenge sa relationship?

Speaker: Kasi ano, hindi kayo nakakapag-usap, parang hindi niyo maiintindihan kung anong naiisip nyo. So di alam kung okay ba o hindi, so mahirap yung communication. So parang minimirror mo lang yung ginagawa sayo. So di ba familiar po ba kayo sa term na yon, mirroring?

Interviewer: Yes.

Speaker: Yon. Yun yung ginagawa ko.

Interviewer: Okay, sige. Now, meron pa ba? Meron pa bang ibang challenges?

Speaker: I think it's yan. Nagsend po ba?

Interviewer: Hindi. I think hindi.

Speaker: Hindi pa nagsend. Yan.

Interviewer: Time. Okay. So what's with time? Bakit siya naging challenge? Although nabanggit mo na na yun, kailangan maglaan ng time. Ayun. Okay. Work is today. Pero ano ba? If I may ask how frequent do you, ano ba, how frequent do you communicate with each other ba? Siguro within a day.

Speaker: Within a day. Lately lang po ba or before parang ganon? Lately. Dun tayo most recent no.

Interviewer: Ah, sige. Pwede naman.

Speaker: One to two hours.

Interviewer: One to two hours in a day lang?

Speaker: Yes.

Interviewer: Okay. Kasi natutulog ka din and then working student. Although alam niya yung arrangement mo no? Alam naman niya na like you're working and you're ano...

Speaker: Alam naman niya po.

Interviewer: Okay. Sige. So meron pa ba? Meron pa bang other challenges?

Speaker: Nasabi naman na to kanina, yan po.

Interviewer: Ah, okay. Sige.

Speaker: Di na din natin kailangan i-ano yung lugar, ano po?

Interviewer: Oo.

Speaker: Okay po.

Interviewer: Yes. Okay, sige. Now do you and your partner fight o meron bang instances na nakapag-away o nag-away na kayo during the relationship?

Speaker: Hindi pa

Interviewer: Hindi pa. Okay.

Speaker: Yes. Sulat ko lang ah, baka kasi makalimutan ko.

Interviewer: Sige, no problem. Okay. So, since mirror siya is it just to confirm... You're not... Ah, okay. Hindi siya nang-aaway. Pero itong mga challenges sa relationship, hindi siya nagiging, hindi ba siya nagiging source ng disagreements or conflict within the relationship?

Speaker: Hindi naman kasi wala naman siyang magagawa eh.

Interviewer: Okay. So talagang challenge lang siya, challenge lang siya in the relationship.

Speaker: Di po. Challenge lang.

Interviewer: Okay. So never pa kayong nag-away or meron namang mga instances?

Speaker: Yan.

Interviewer: Tampuhan. Ah sige, dun tayo mag-focus sa tampuhan kasi yan. Ah, sige. Ano yung usual na causes or what are the tampuhan about? What is the tampuhan about? Ano yung mga reasons?

Speaker: That was... Yan lang. Dalawa lang.

Interviewer: Okay. Sa laro. Okay, sige. How often siya? Gaano ka dalas kayo nagkakatatampuhan?

Speaker: Sabihin nating, kunwari, out of 10, sa 10 times mayroong 4. 4 times.

Interviewer: Four? So 4 out of 10 times. Pero siguro on a weekly basis?

Speaker: Di naman po siya frequent.

Interviewer: Okay. Di naman frequent.

Speaker: Siguro isang beses lang yun lang.

Interviewer: Okay. Sige. How do you resolve these fights? Or yung mga ganung tampuhan? Paano niyo nireresolve?

Speaker: Sa side ko po ba o sa other side?

Interviewer: Pwede. Pwede both para at least kita natin both perspectives.

Speaker: We just...

Interviewer: Okay. "Let it be". And then, sa side naman niya?

Speaker: Ganon din.

Interviewer: Ganon din? Okay, so let it be lang. Pero ano ba siya... How long before ma-resolve yung fight or tampuhan? Tumatagal ba siya? Or nare-resolve naman agad-agad?

Speaker: Tumatagal. Kasi walang time.

Interviewer: Okay. Pero at the end ano pa rin, let it be pa rin?

Speaker: Yes po. Ganon.

Interviewer: Okay, sige. So aside from just letting it be, what are other ways that you maintain your relationship? Ano yung ibang ginagawa niyo para mamaintain yung relationship?

Speaker: Communication.

Interviewer: Okay. Communication. So, so far kahit ganoon na recently di ba kasi nabanggit mo one to two hours lang kayo nakakapag-usap, namamaintain pa rin yung relationship kahit ganoon lang ka-short yung communication niyo?

Speaker: Yes po. Kasi may ano naman, update naman ganon. So not totally naman na buong araw isang oras ka lang mag-cellphone. There are times pero di naman pwede yung magbabad ka kasi there are other things to do. So parang kunwari makahanap ka ng five minutes, so update lang. Okay na.

Interviewer: Okay, gets. Now let's talk about changes. Would you say or did the relationship change you? Nabago ka ba ng relationship?

Speaker: As? In what way po ba?

Interviewer: In any way.

Speaker: In any way. Nabago ba ako in any way? I think konti. Konti lang. Konti lang kasi since wala nga kong friends so I don't have anyone to hang out with, so, to talk with also. So, parang, it saves me from being lonely.

Interviewer: Okay. Yung relationship saves you from being lonely?

Speaker: Yes po.

Interviewer: Okay, sige. So...

Speaker: Though not totally naman.

Interviewer: So in what way yung change na ano. So it saves you from being lonely pero in what specific way?

Speaker: So you have someone to rant to, so pag nagrarant ka and then plan, sa pagpapalano and... Basta about sa ano, talking lang about sa pag-uusap. Baka [inaudible] lang talaga ko.

Interviewer: Okay. How about the other way around? So did they change during the relationship?

Speaker: Paano po ba? Paano?

Interviewer: In any way. Pero nabago rin ba? Nabago ba yung partner mo or may nagbago ba sa partner mo during the relationship?

Speaker: I think wala naman, kasi, hindi ko na rin masyadong ma-observe since hindi naman magkasama. So, it's stable, ganoon pa rin, as is. As is.

Interviewer: Okay. Sige. Now how about safety? Do you feel safe in the relationship?

Speaker: Safe. Dami kong ano ng... sa mga word na yan. Ang daming perspective eh. So, sabihin na lang natin na yes.

Interviewer: Yes? Okay. So in what way or paano mo na sabi na you are safe in the relationship?

Speaker: Ang hirap i-elaborate kasi...

Interviewer: Okay, sige. Pwede mong i-chat.

Speaker: Walang masyadong experience eh. Wait lang.

Interviewer: Okay. Sige. So ano lang, kahit based lang with your relationship with [Partner's Name]?

Speaker: Safe. Ang hirap i-elaborate ng word na yan sa ano. So, ikaw, magbigay ka ng ano mo madam, experience, para may ano ko, input, makapagbigay ako ng input.

Interviewer: As much as I'd like to, gusto namin na manggaling sayo yung perspective.

Speaker: Ah, sige po.

Interviewer: Depende kung paano mo, ayon kung paano mo ma-describe or ma-define yung relationship safe. Okay. Ayan. I think we can start from there.

Speaker: Okay po. Sige po.

Interviewer: Okay. Sige. So she makes me calm effortlessly. Ano ba? Ano ba yung ginagawa niya to make you feel calm?

Speaker: Just by existing.

Interviewer: Just by existing?

Speaker: So effortless na.

Interviewer: Okay. So, just by existing napapakalma ka niya. Bakit? May mga times na hindi ka nakakalma or ayon, ano yung situation na?

Speaker: Okay. Situation. Yung, ano. So yung calmness niya parang nakakahawa ganun kasi kalmado naman siya. Yon. So ganun po.

Interviewer: Okay, sige. Gets.

Speaker: Ganun na hindi kayo nag-aaway, kasi di ba kunwari mainit yung ulo mo eh yung isa kalmado. Syempre hindi ka naman matittrigger. So ganun po. Kumpara kasi sa previous, kasi yon nag-aaway talaga kasi pag mainit, mainit din.

Interviewer: So nagkakasabay yung init ng ulo. Okay. Sige. So yun yung way niya na kalmado lang siya pagdating sayo and nakakahawa. Okay. Sige. Now moving on sa next question. I'll be sharing my screen. Meron lang akong isshow. Okay. Kita yung screen ko?

Speaker: Loading pa po.

Interviewer: Okay. Sige.

Speaker: Yan kita na.

Interviewer: Kita na. Okay. Sige. Wait, I think na wala ka sa... ayun. Okay. Now moving on sa next question, kita yung screen ko?

Speaker: Kita po.

Interviewer: Okay, ayun. Now moving on sa next question, how if I were to ask to rate the statement, my partner usually really listens to me on a scale of one to nine with one as not at all true and nine as completely true, how would you rate your agreement to this statement?

Speaker: It's five.

Interviewer: Five, moderately true. How about the next statement? Okay ayaw niya magload. Ayan. My partner usually is responsive to my needs. Same rating on a scale of one to nine, how would you rate your agreement to this statement?

Speaker: Seven.

Interviewer: Seven, very true. Okay, ayun balik tayo here. Okay. So, you rated five. You rated five sa "My partner usually really listens to me," why five?

Speaker: Moderately true kasi meron din siyang, ano ganun, parang sariling reasons. And... parang di naman lahat ng ano papakinggan... Parang paano bang really listens, madam? Sayo?

Interviewer: In, ano lang, based on your experience, kung paano niyo cinoconceptualize yung listening sa relationship?

Speaker: So kasi pag ka ano... Wait lang nga. Parang ang hirap i-elaborate kasi, parang walang masyadong experience kami sa ganyan.

Interviewer: Okay, no problem. Pwede naman din yun na reason for it. So wala masyadong experience ng for it, for listening.

Speaker: Lack of experience.

Interviewer: Okay, now, why not four or why not six? Bakit sa five talaga?

Speaker: Neutral. Parang neutral yung sagot. Okay, so wala ka namang [inaudible] no. You can say for sure, if mababa ba yung irirate mo or mataas, so dun tayo sa gitna.

Interviewer: Okay, sige. Now for the next statement, you rated seven. So my partner usually is responsive to my needs. You rated seven. So why seven for this?

Speaker: So di naman lahat na bibigay, pero konti lang naman yung... Wait lang pano ba to. Kasi hindi din naman ako masyadong needy and hindi, as I mentioned before, I'm not vocal. So di niya alam kung anong tumatakbo sa isip ko.

Interviewer: Okay, sige. Now similar, why not six or why not eight?

Speaker: Because, I think that's because, it's how I view it. Yun yung naexperience ko so.

Interviewer: So seven lang talaga siya?

Speaker: Yes po.

Interviewer: Okay, no problem. Now moving on to the next question, I hope you don't mind me. I hope you don't mind me asking about it and feel free to tell if this is a sensitive question. But we also want to know your physical intimacy as a couple. So these days, how often do you have sex?

Speaker: None.

Interviewer: None? Okay, so wala pa? Wala pa for that. Okay but how satisfied are you with your sex life?

Speaker: Parang na-satisfied ba yon? So walang experience, so I can't tell for sure.

Interviewer: Walang experience. Yeah, okay. Understandable. Now I'll be sharing my screen again. We're nearing the end naman na. We're nearing the end naman of the interview. Can you see my screen?

Speaker: Yes po.

Interviewer: Okay. Sige. In general, how satisfied are you with your relationship?

Speaker: Very satisfied.

Interviewer: Very satisfied. Okay, sige. Since you're very satisfied... Ayan, okay. Kita ulit?

Speaker: Kita po.

Interviewer: Okay. Sige. Now since you rate very satisfied, how would you rate your satisfaction with your relationship? On a scale of zero as not at all satisfied to 10 as completely satisfied.

Speaker: Seven.

Interviewer: Okay, sige balik tayo sa... Okay, so in general, very satisfied and then seven, you rated seven. So why seven?

Speaker: So seven kasi satisfied naman, although somehow not, ano, hindi lahat nung gusto mo is ano, nangyayari. Dun naman yung sa question mo kanina, pero ano, I don't always get what I want. Parang things doesn't work on how I wanted it to be. So parang ganon. So minsan, may mga factors naman na ganon and merong factors na parang pabor sa akin and merong factors na hindi pabor. So yun. Dun tayo sa seven.

Interviewer: Okay, gets. Gets.

Speaker: Ang general nung sagot eh. Okay lang po ba yon?

Interviewer: Yes, of course, no problem. Pero similar sa previous question, why not eight or why not six?

Speaker: Why not eight or why not six? Parang safe kasi siya eh sa seven. Parang yun yung feel ko. Parang ang baba masyado nung six and eight is... it's close to perfection eh. So we dislike perfection, so dun tayo sa seven.

Interviewer: Okay, mababa masyado yung six tas close to perfection na yung eight.

Speaker: Yes po. So parang hindi tayo nagiging honest sa information na shinashare.

Interviewer: Okay, gets. Now, we're close to wrapping up but I would just like to summarize kung ano yung mga nagapag-usapan natin and feel free to butt in kung meron kang gustong icorrect or kung meron ka pang gustong i-add sa mga nabanggit ko. Okay. Now starting up with demographics, you're [16-20] years old and then [1-5] months in a relationship with [Partner's Name], no children, and as for your living conditions, you're currently in [City A] living with your [family members] and then si [Partner's Name] naman is taga-[City B] living with her [family members] as well. Now, main source of income is sa [location], you're working as a [occupation]. And then sa inyong love story, [Year], naglalaro lang sa [Game], just a random player na nakalaro, nagalingan and then [Year] kayo nagkapalitan ng social media and then nag-usap lang, and then [1-5] months ago naging in a relationship na kayo and then as for... As for if asked kung kocompare yung relationship niyo with your friends since wala kang masyadong nakakausap na friends simula nung pandemic, if you'll rate it yung others 8 over 10 kayo 7 over 10. And then you had [1-5] relationships in the past, kung irirate din 9 over 10 sila then 7 over 10 yung relationships niyo and it's because of the differences in bonding and time. Now, when asked about kung paano nasasabi na a relationship is in high quality you answered intimacy. So mas intimate, mas nagtatagal yung relationship. And for low quality naman, it's the lack of communication, so nag-reresort to silent treatment, and communication din for you is the most important thing in a relationship kasi mas transparent and mas naiintindihan niyo yung isa't-isa because of it. Now, when asked about your definition of love, it's all about sacrificing for you, na love is like a gasoline and relationship is like a vehicle na hindi magwowork ang vehicle without gasoline. And how do you know that your partner loves you, the most important thing for you is knowing their love language. Now, you also answered na the relationship is good for you pero it depends kasi may mga factors na nakakabuti and meron ding actors na nakakasama. So yung mga good factors is the relationship makes you feel motivated and inspired, it also makes you responsible, kaso yung mga bad factors is yung time and distance niyo with each other. Now, in terms of challenges, on your end, silent treatment and yung pagmimiror as well as time and distance. Pero, hindi kayo nag-aaway, more on tampuhan lang kasi mirror, mirroring yung ginagawa niyo

with each other. And then common reason sa tampuhan is late replies and kapag naglalaro ng [Game]. Pero hindi naman ganon ka-frequent and then you solve it by letting it just be, and then tumatagal nga lang siya kasi wala masyadong time for each other but you maintain the relationship by communicating and nagkikita rin naman kayo on a regular basis. Now, in terms of change. For you, nasabi mo na konti lang yung napapansin mo na change but [Partner's Name] is someone who saves you from being lonely kasi she is someone you can run to and pwede mong makausap. Pero on her end, since hindi masyadong naobserve hindi mo masasabi kung merong magbago.

Speaker: If things have change, yon, wala. Hindi ko maobserve. So ayon.

Interviewer: No problem. And then about relationship safety, you agreed na you feel safe in the relationship kasi she makes you feel calm effortlessly, especially as a short-tempered person. Now, nung pinakita ko yung statements and the scale, you answered 5 sa statement about your partner usually really listens to you kasi meron din siyang sariling reasons and there's a lack of experience, so 5 lang yung answer mo. And then you answered 7 naman sa responsiveness to your needs kasi hindi rin... hindi ka needy and hindi ka gaanong vocal, and hindi naman lahat na ibibigay during the relationship. And as for your physical intimacy, wala pa, but wala pa ring experience so you can't say that you're satisfied with your sex life. And then, in general, you're very satisfied with the relationship, rating it as 7, satisfied naman pero of course hindi lahat ng bagay nangyayari. May mga factors na pabor sayo, may mga factors na hindi. And the answer is 7 kasi mababa masyado yung 6 and close to perfection naman yung 8. So, with that, is that right? Meron ka bang gustong i-add or i-correct?

Speaker: Yes po, correct po.

Interviewer: Wala naman? Okay. Okay now, thank you so much and before we end I want to talk to you about how we will handle the data. Of course, as a research project we want to be as [inaudible] as much as possible. And I'd like to ask which data sharing option are you most comfortable with, now meron tayong dalawang options. We have option 1, transcript portions, can be shared, none of which can be identified to you. [Inaudible].

Speaker: Naglalag po.

Interviewer: Ay wait. Sorry, I think naglag ako. Okay, again. Option 1, transcript portions can be shared, none of which can be identified to you. So, the de-identified transcript can also be read by other researchers. Yun yung option 1. And then option 2, if you're a bit bolder, another option is that the whole transcript can be shared. Of course, it will remove yung sensitive and overly identifying details. Although, may slight, very very slight, very very minimal chance na someone who knows you may piece together all the information. Although, it would require a lot of effort kasi kung mapublish to, irereview nila lahat ng appendices and results. Pero ayan, although of course, sensitive information, personal and identifying details will be removed. So of the two options, which are you most comfortable with?

Speaker: Option 2

Interviewer: Option 2? Okay, sig. Okay. Now, thank you so much again for participating in this study. I would like you to know that this is a multi-country research project, so hindi lang siya sa philippines ginagawa. Ginagawa rin siya sa Brazil, France, Turkey and the United states. And for this study to be successful, we'd like to ask one last thing—one last thing for you, if that's okay.

Speaker: Okay lang.

Interviewer: Can you recommend two close people in your life as a nominator? So ang mangyayari is mag-rerecommend ka ng dalawang tao in your life or kakilala or kaklase or anyone. Ang gagawin namin is magtatanong kami sa kanila ng possible couples na pwedeng ma-interview. So, similar setup na ganito, so kung бага parang para mas broad yung maaabot namin na participants. So dalawang tao lang, and then I'll be needing their name and email.

Speaker: Okay po. Meron po. Meron.

Interviewer: Meron? Dalawa?

Speaker: Meron. Yung isa is co-worker ko, so hindi po ba pwede may asawa, ganon?

Interviewer: Pwede may asawa.

Speaker: Yung co-worker ko po.

Interviewer: Okay, sige. So, siya yung pagtatanungan namin.

Speaker: Merong tatlong lalapitan pero di ko alam kung ano... Pipilitin kong mapapayag yung dalawa.

Interviewer: Okay, sige. Pero ang gagawin namin... oo... Pero ang gagawin namin is magtatanong kami sa kanila for if available. Ay, magtatanong kami sa kanila ng couples na i-rerecommend nila para ma-interview namin.

Speaker: So hindi po sila yung iinterviewhin?

Interviewer: Hindi sila yung iinterviewhin.

Speaker: Ay, hindi! Ah okay po, sige po.

Interviewer: So kakilala lang na merong ano... merong couples na kakilala. Okay. So, makakapagsend ka right now? Mayroon ka bang naiisip at the moment?

Speaker: Pangalan po ba? pangalan nila?

Interviewer: Pangalan.

Speaker: Sa facebook?

Interviewer: Pwede siguro yung real name?

Speaker: [Name] and [Name]

Interviewer: Okay, [Name]?

Speaker: [Name]. Co-worker ko. And [Name] is my sister.

Interviewer: Okay, sige. So, sila yung pagtatanungan namin. Send mo na lang yung e-mail nila para ma-contact.

Speaker: Sige po. So, yung kay [Name] po is baka bukas ko pa mabigay kasi hindi yun responsive sa chat eh so dapat...

Interviewer: Okay, sa work nalang. Oo.

Speaker: Magkikita namin kami bukas, so mahihingi ko po yung...

Interviewer: How about your sister?

Speaker: So, tatanungin ko na siya po siya ngayon. Right now.

Interviewer: Okay, sige, sige. Now, i-heads up mo lang sila para at least if ever na contactin namin, aware sila na... Ayon, macocontact namin sila.

Speaker: Okay po, sige po.

Interviewer: Okay, sige. Wait, let me just stop this quick.
