

[00:28] **Interviewer:** So, there we go. So, I just need to put on record that we've started recording and that you have consented to the recording of the video, um, the meeting, so this is our audio interview. And then that you also consent to participate in the study and that you know that you can withdraw anytime, like if you don't feel like continuing, uh, you can tell me so and that would be fine or at any point during our interview, if you would not like to continue, you can just let me know and you have that freedom. Okay?

[01:03] **Speaker:** Okay po

[01:04] **Interviewer:** All right. Have you ever done anything like this, like served as a participant in any psychological study before?

[01:12] **Speaker:** Not yet po. First time ko po.

[01:16] **Interviewer:** Yeah. Okay. So, this is like a new experience for you. Okay, sig. So, thank you. First of all, I'd like to thank you again for participating in this interview. And as I told you before, this is going to be, it's quite simple and very informal because we just want to know people's views on romantic relationships and you being in a relationship right now can give us some data, some important data, especially when it comes to Filipinos because this is a multi-country study and the researchers would like to get data from various cultures. So, your input would represent partly what it's like to be in relationships among Filipinos. Okay?

[02:01] **Speaker:** Okay po.

[02:01] **Interviewer:** Right. So, I'll be taking some notes na rin, so I don't forget, um, what you tell me during this interview. First of all, how old are you, [Participant's Name]? Is that what I call you, [Participant's Name]?

[02:14] **Speaker:** Opo, [Participant's Name] po.

[02:15] **Interviewer:** Oh, yeah. sig. So, how old are you now?

[02:18] **Speaker:** I'm [20-25] years old po.

[02:20] **Interviewer:** [20-25]. And you're in a relationship right now. How long have you been together with your partner?

[02:25] **Speaker:** [1-5] months po

[02:28] **Interviewer:** [1-5] months. All right. And then, I would, well, I don't want to assume, but you don't have children at [20-25], you don't have children yet?

[02:39] **Speaker:** I don't have po.

[02:41] **Interviewer:** Yeah. And you're not married yet. This is, like, how, this is relationship number what ba for you? The current one?

[02:48] **Speaker:** Uh, this is my [1st-5th] relationship.

[02:51] **Interviewer:** All right. And then, do you live with your family of origin now, or do you live alone already, or are you living with your partner?

[03:01] **Speaker:** With my family.

[03:04] **Interviewer:** With your family. That means parents and siblings.

[03:05] **Speaker:** Yes, parents and siblings.

[03:09] **Interviewer:** Parents and siblings. And at [20-25], have you graduated? Are you working already?

[03:13] **Speaker:** I'm working already po as a [occupation].

[03:16] **Interviewer:** You work as a [occupation], and would you say the job, that job as a [occupation], is your main source of income right now, or meron pa bang iba?

[03:23] **Speaker:** Uh, that's the source— that's my my main source of income.

[03:26] **Interviewer:** Yeah. How long have you been teaching?

[03:29] **Speaker:** Uh, [6-10] months po

[03:32] **Interviewer:** Oh, okay. Are you enjoying the work?

[03:34] **Speaker:** Yes po. Since this is my dream job.

[03:39] **Interviewer:** Ah, very good. Very good. Do you teach [redacted]?

[03:41] **Speaker:** [redacted].

[03:45] **Interviewer:** Okay, and you're enjoying it, that's good to hear. Um. What do you call your partner? Like when you introduce him to people, do you introduce, this is my, ano, um ano, what is the term that you use?

[03:58] **Speaker:** Um, like, paano po ba? If I'm going to introduce him to you, like....

[04:07] **Interviewer:** Yeah right, so he's your, what do you use?

[04:10] **Speaker:** Boyfriend po

[04:11] **Interviewer:** Boyfriend is the term that you use. All right. And that's how you introduce him to other people as well, like, to poss— possibly to co-workers or to your family.

[04:19] **Speaker:** Yes.

[04:21] **Interviewer:** I mean, your family knows that you're together, Tama ba?

[04:23] **Speaker:** Opo, yes po.

[04:24] **Interviewer:** Okay, so you refer to him as your boyfriend, and can you tell me a little bit about how the relationship began? Like, how did you, where did you know him from? How did you become a couple?

[04:35] **Speaker:** Um, actually po, p'wede po bang taglish?

[04:40] **Interviewer:** Sure, sure, sure, no problem. Yes, yes. Even if you're an old Tagalog or English, whatever, kahit [Language] if marunong kang mag-[Language].

[04:50] **Speaker:** Ay, yong partner ko po [Language] siya.

[04:53] **Interviewer:** Ah, talaga? From [City A] or [City B]?

[04:56] **Speaker:** From [City B]

[04:58] **Interviewer:** [City B]. And are you [Language]?

[05:01] **Speaker:** Yes po.

[05:02] **Interviewer:** Ano, [City C]? Born and raised in [City C]?

[05:05] **Speaker:** Opo. In [City C] po, yes po.

[05:08] **Interviewer:** Okay. Pero siya taga [City B] pero fluent siya sa [Language]?

[05:11] **Speaker:** Opo.

[05:13] **Interviewer:** Okay, okay, sige. So tell me, in Tagalog, in Taglish, how did you meet? Um, paano naging kayo?

[05:20] **Speaker:** Actually, n'ong nagstart po ako sa work. Uh, ano na— actually [occupation] pa po siya. Pero ka-batch ko siya kaya lang umulit siya, since nag transfer po siya ng school dito sa [City C], which is yong school ko po ngayon na pina— kung saan po ako nag wowork. And then yun po, dati po kasi siyang [occupation], kaya nakilala ko siya diyan sa [location] kung saan po kami, uh, kung saan ako nagwowork at saan siya nag-aaral.

[05:52] **Interviewer:** Okay.

[05:52] **Speaker:** Uh, yun po parang nagkita kami sa program since ano siya, um, [occupation] and then [occupation] ako doon so pag may program, uhm, nagkikita kami and then one time nakita niya daw ako sa [location] ganyan, tapos sabi niya, uh, tinanong niya daw po yong name ko dun sa mga, uh, co-workers ko dun sa mga staff ganyan. Tapos noong ano po since gumagawa din sila ng [activity], yong [activity] ko binigay nung prof nila which is yong brother diyan sa [location]. So, yun parang dun niya nakita yong name ko and then triny niyang i-search. And then nong [Event] doon po siya nag chat sa akin na yun nga [greeting] ganyan ganyan ganyan. Tapos nag tuloy tuloy na po yong, uhm, yong conversation namen until nag come up po kami sa relationship namen ngayon, ganun po.

[06:45] **Interviewer:** Wow. So that was just a little before [Event], tama ba?

[06:50] **Speaker:** Yes po.

[06:51] **Interviewer:** Like yong. Wait wait, [Event Name]. What month was [Event Name] ba?

[06:56] **Speaker:** [Month].

[06:57] **Interviewer:** Ah so [Month]. So dun nagsimula yong. That's how he knew of you. Tas hindi— He only introduced himself to you directly nong [Event Name].

[07:07] **Speaker:** Opo yun po.

[07:08] **Interviewer:** Did you immediately know nong nag introduce— nong nag nag nag greet siya sayo and introduced himself? Did you immediately know, ah pumoporma to saken?

[07:17] **Speaker:** Opo, kasi po na— yong [occupation] po namen nagsabi siya na may crush sayo yan yang [occupation] tas sabi ko...

[07:25] **Interviewer:** Oh. Bakit alam ng [occupation]? Bakit alam ng [occupation]?

[07:30] **Speaker:** Kasi yong [occupation] po nandon sa ano nila andon sa ano sa [location], basta sa building nila. And then nakakausap niya since kapag may mga program din po yun po yong una niyang nilalapitan. Una niyang cino-consult pag dating sa mga programs since madalas pong busy yong mga higher up, so sa kanya po pinapapunta. If ever na may concern siya kunware manghihiram siya ng [occupation] para sa ganitong bibilhin nila, ganyan ganyan ganyan. So ayun, yun po yong madalas na nakakausap niya. Hanggang sa naging close sila nakapag kwento siya kaya yong [occupation] po namin kwinento din sa akin.

[08:05] **Interviewer:** Oh, okay. Well, that's nice. Eh ikaw ba? Nong nalaman mo— na feel mo na ay may gusto sa akin to? What was your reaction? Was it love at first sight or love at first knowledge na ah may crush sa akin to, crush ko rin siya? Ganun ba yon?

[08:20] **Speaker:** Nong, nong nakilala ko po siya ano ah, crush ko yong schoolmate niya.

[08:28] **Interviewer:** Oh, okay.

[08:29] **Speaker:** Ta's sabi ko ano, ay baka close niya yong crush ko.

[08:35] **Interviewer:** Oh, okay. Oo.

[08:38] **Speaker:** Oo sabi ko baka close niya yong crush ko.

[08:40] **Interviewer:** Oo, oo. So nong nalaman niya na. Right. Nong nalaman mo na may interest siya sayo hindi mo immediately inisip na ay pwede kame, ang una mong naisip ay baka pwede siyang maging tulay to my crush.

[08:53] **Speaker:** Oo, parang ganun... ay sorry.

[08:53] **Interviewer:** Okay, okay. So when did it develop into, napunta yong attention mo sa kanya na hindi na— siya na yong primary consideration mo hindi na yong crush mo original.

[09:06] **Speaker:** Nong nakausap ko po siya nang matagal, ay mabait siya. Tapos hindi siya yong parang, actually may comparison hindi siya yong ah, yong mga before na nakausap ko na bastos, since dati nga siyang [occupation]. So parang, yun po parang iba yong ugali niya doon sa mga nakakausap ko before kaya sabi ko, okay mabait siya.

[09:31] **Interviewer:** Right. Right. So from [Event], how many— kailan naging officially couple kayo? Was there like a, a mutual conversation na, okay tayo na? May ganun ba? Na from this day forth, tayo na. We're officially a couple, ganun ba yun?

[09:46] **Speaker:** Opo, magkasama kasi kami non, tas nag— nakita niya yong friend niya. Actually naging— [1-5] month niya lang akong niligawan. Tapos, parang nagkwento siya na, ay nakita ko yong parang, buti pa si ganito ganyan may ano na may girlfriend may boyfriend, yong mga friends niya. Sabi ko sa kanya, gusto mo ba? Sabi ko sa kanya. Tapos sabi niya, ay? Parang akala niya nagbibiro lang ako tas nag tanong siya, seryoso ba yun? Sabi niya. Tapos sabi ko, oo.

[10:17] **Interviewer:** Oh okay, so may ganung usapan na napagusapan na we're officially a couple. And sa ganyang usapan ba, given na na that means "we are officially a couple, and we are exclusively a couple, we're not going to date other people or given that?" Ganun ba yun? Or given na yun o pinagusapan pa ba yun?

[10:35] **Speaker:** Given na po since parang may label. So given na po yun na.

[10:44] **Interviewer:** So may label nga. Okay, and it took about a month of ligawan until you were officially, you officially both agreed na you're officially a couple. Okay. Was it ever an issue na kasi na kwento mo na [occupation], are you talking about [Religion] ba ito, [Religion]? What? What?

[10: 59] **Speaker:** Yes po, [Religion].

[11:00] **Interviewer:** Does that mean he's decided not to go through to, onto [occupation]? Ganun ba yun? Kasi kapag [occupation], tama ba ako, the goal, the idea is eventually you will become a [occupation]. Tama ba?

[11:13] **Speaker:** Yes po. Nong nakilala ko po siya lumabas na po siya ng [location] ng [location] nun na parang [1-5] year na nakalipas, [Year]. Ganun po. So yun.

[11:27] **Interviewer:** Okay. So he's previously decided, na na okay, he won't continue on to [occupation]. And that's why he's open to a relationship now, I guess. Is that how it went?

[11:36] **Speaker:** Yes po.

[11:37] **Interviewer:** Okay. All right. Given that, so [1-5] months, how would you describe your relationship so far? Like, in terms of, like kung tanungin ka, okay whe— what's the quality? Eto yong title ng ating study is relationship quality. Uh, how do you describe, how would you rate your relationship quality? High quality, low quality, moderate, like, how would you describe your current relationship?

[12:04] **Speaker:** As of now, since [1-5] months palang naman kami. Siguro high quality kasi, ano pa naman po namin siya parang uh, tinitignan pa namin kung. Parang we are still trying to discover new things, since, uh, to—each one of us, to one another, ganyan so parang high quality pa naman siya, as of now.

[12:29] **Interviewer:** Ahemm. Right, right. And, you have other friends who have, who are also, do you have friends who are also in relationships right now? Or even maybe family members, people your age in the family, or in your friend group, who are also in relationships?

[12:45] **Speaker:** Uhm. Yes po

[12:48] **Interviewer:** And. If you were to compare your relationship, take away the fact that it's a young relationship, regardless of how young the relationship is, or how long you've been together. But, in terms of relationship quality, would you say, your, the quality of your current relationship is higher, lower, or just as high, or just as low, as all the other people's relationships that you know of? How the, how would you compare it?

[13:14] **Speaker:** I think, it's like, like, like in a middle, kasi.

[13:26] **Interviewer:** In the middle? Yeah?

[13:27] **Speaker:** Yes po, kasi parang diba since we are different from other couples parang we start from, we have a short like, short time na magkakilala.

[13:44] **Interviewer:** Right.

[13:45] **Speaker:** So parang, there are some, parang may pagkakaiba dun sa iba na, since yong nga...

[13:54] **Interviewer:** in a good way or in a bad way?

[13:56] **Speaker:** Uh. Both.

[13:57] **Interviewer:** In terms of quality alone a, in terms of quality alone? Like, yong pinagkaiba ba nung quality of relationship niyo eh, nakalalamang kayo in terms of quality. Or nakalalamang sila?

[14:10] **Speaker:** Parang siguro sila.

[14:14] **Interviewer:** Ah talaga? Why do you say so?

[14:15] **Speaker:** Kasi, since yun nga [1-5] months. [1-5] months kaming magkasama, so parang. Unlike dun sa other couple na friends sila nagstart, kami kasi talagang hindi namin kilala yong isa't isa. So parang yun, as of now parang mas ano sila, since may foundation yong relationship nila, unlike sa amin na [occupations] nong una. [Occupation] and [occupation], so, sa una parang nag— nangangapa pa kaming dalawa na, pwede ba to? kasi since [occupation] nga ako ta's [occupation] pa siya. So parang, nagkakaroon pa kaming dalawa ngayon ng, uhm, confusion kung pwede ba namin siyang iout sa iba, sa iba pang co-workers or not. Parang ganun.

[15:05] **Interviewer:** Uh, oo. So, right now, you're not very public about your relationship pala?

[15:12] **Speaker:** Sa family lang po and sa close friends, pero pag sa [location] hindi niya— hindi namin cino-confirm, opo. Kasi parang

[15:18] **Interviewer:** It could be an issue

[15:19] **Speaker:** Opo parang ganun.

[15:22] **Interviewer:** Even though you're a [occupation] naman, hindi mo naman tinuturuan yong level nila diba? Pero issue pa din ba yun? Bawal ba yun sa [location]?

[15:31] **Speaker:** Hindi naman po siya bawal. Pero syempre parang iba po yong tingin, kasi parang [occupation] ka na ta's siya [occupation]. So, parang iba yong tingin. And like hindi naman po lahat ng tao maiintindihan yong ganun na, basta pag teacher ta's student parang ang ano nila hindi kaagad pwede.

[15:48] **Interviewer:** Uh, okay. And, he is basically, anong [year level] ang ano siya sa school? Tama ba?

[15:56] **Speaker:** Opo, [1st-4th] year.

[15:57] **Interviewer:** [1st-4th] year college, kasi nga nag repeat siya noh? Ay nag— tama ba? Nag repeat or na hold back or something noh?

[16:04] **Speaker:** Ano po, ano nag tranfer po siya ng school. So there are subjects po na hindi na credit.

[16:11] **Interviewer:** Right, so he's, supposedly, now. Oo. Okay, so ganun pala, you're not totally public about it, because of that angle, na yong the simple fact, the simple fact that he studies, at the same

institution, where you teach, even though he's not your student. Noh? And you, interesting that you said, you feel a little bit, na nakakalamang yong iba in terms of quality, because they have a more solid foundation, because they had more time together than you have. So, tama ba yong pagkakaintindi ko na, you think that one of the things that make a good quality relationship is the foundation.

[16:48] **Speaker:** Yes po, like starting with friends ganyan and—

[16:54] **Interviewer:** Right, and that you didn't have, so you're still building your foundation, right now. Aside from the fact, uh, aside from that, na you think time together, and the degree to which you know each other, is one of the good criteria for a good quality relationship. Meron ka pa bang ibang iniisip na, na for a relationship to be high quality, it should have this. So, meron pa ba aside from that?

[17:22] **Speaker:** Uh, wala naman na po.

[17:24] **Interviewer:** Ah, yun lang ang naiisip mo, na for a good quality relationship, you have to have a good foundation, you have to know each other nang matagal. Wala ka na bang ibang criteria?

[17:32] **Speaker:** Yes. Kasi since parang nagstart sila as friends, so parang there are things na alam na nila before nila maging, uh, boyfriend or girlfriend yong isang tao. Yong samin kasi po, parang, parang uh, yes we developed na yong feelings naming dalawa. Pero there are— nong nag sstart kami parang confused pa kami kung ay dapat ba nating siyang ituloy since wala tayong foundation ng friends. Nagdecide kaagad kami na pumasok sa relationship ng hindi namin totally nabuild yong foundation as friends. Na build lang namin siya in weeks lang. So, yun po parang. And, yun.

[18:23] **Interviewer:** Oo, eh sabihin— pero kanina sabi mo rin naman, because you're, you've been together, for only [1-5] months palang, parang honeymoon phase palang. Like, tama ba pagkakaintindi ko? That's what you meant, kanina? because you just, you just got together everything is exciting, pa. And that's one of the things that you think makes right now up; presently this is a good quality, high quality relationship, because everything's exciting. What made you say that, right now, things are very good in the relationship. What makes you say na, what makes the relationship good right now?

[19:01] **Speaker:** Uh. Since both of us po parang uh, galing sa parang toxic relationship before so, and yun yong nafefeel namin ngayon parang bago since, Uh katulad non, yong nakakausap ko before hindi katulad sa kanya. And siya rin yong mga nakakausap niya before parang hindi as understanding as me kasi nga parang ang ano ko, siya parang dapat lagi. yong mga ex niya sabi niya parang dapat lagi mag uupdate eh hindi siya ganun, kasi nga [occupation], so laging busy. Eh ganun din ako laging busy. So naiintindihan ko yong pag ka busy niya. And then, nakikita ko naman siya na busy talaga siya. Unlike sa, parang nacocompare namin yong isa't isa, in a good way naman po. Na, na naiintindihan namin yong isa't isa kasi nga nasa same kami ng, same place kami. And then, and then parang even though na yong relationship nakin is in a honeymoon phase palang masasabi naman namin siya na mature kasi there are things na, kapag, kunware, may away kami hindi kaagad namin siya pinapalaki. And then hindi din naman kaagad yong, yong nag nanag, yong sinisigawan siya or nagmumurahan yong ganun. Wala naman kaming ganun. And then, ayun. Mature siya, pero nandun kami sa phase ng honeymoon phase pa. Parang yong emotions high pa, pero like super saya mo pa kasi bago ganyan, pero yun po. Since mature naman siya...

[20:53] **Interviewer:** Oo, namention mo pala na meron na rin kayong misunderstanding na hindi niyo pinapalaki, but they do happen. Right? Can you tell me a little more about that? Like, ano ba usually yong

hindi pinagkakasunduan that could have blown up more kung hindi niyo iningatan noh, to let it blow up? Like, what do you usually argue about?

[21:17] **Speaker:** Minaan po kasi,uh, nung, uh. Diba bago lang kami tapos recently ko lang , hindi kasi ako nagtatanong sa ex. Recently ko lang nalaman na kapangalan ko yong ex niya. So , sabi ko ay baka ano pumasok sa isip ko lang na baka, baka nakikita niya yong ex niya sa akin parang ganun. Since magkapangalan nga kami. Yun. Parang dun nag start, pero yun nga hindi naman na siya...

[21:46] **Interviewer:** Why? what did you feel? Ano ba ang naramdaman mo noong nalaman mo? Ano ba [Participant's Name] or [Name]?

[21:52] **Speaker:** [Participant's Name] po

[21:53] **Interviewer:** okay. what did you feel? Anong naramdaman mo noong, hah [Participant's Name] yong pangalan ng ex? Yun nga sabi mo, huh, baka mamaya ano ako, parang ano ba yun double? Parang ganun?

[22:06] **Speaker:** Parang rebound, ganun?

[22:07] **Interviewer:** Oo, oo. And you told him that?

[22:10] **Speaker:** Opo, nung una parang inano ko siya na parang, hindi ko sasabihin kasi iniisip ko lang siya. Pero nong sabi ko ay ilang hours ko na siyang iniisip, sinabi ko kaagad sa kanya. Sinabi ko sa kanya, sabi ko hindi ko kaya ng matagal na iniisip yun so hindi ko na papaabutin ng ilang days sinabi ko kaagad na parang nabobother ako nong sinabi niya na kapangalan ko nga yong ex niya. So yun sinabi naman niya kaagad na wala na yun ganyan ganyan. Tapos parang assurance na wala na talaga yun. And then, lahat, sabi niya, pinakita niya lahat na wala na, ganyan. Yun ganun po.

[22:50] **Interviewer:** Is there anything else, aside from that. That event, that little story, na, na meron pa ba kayong hindi pinagkasunduan?

[23:00] **Speaker:** Small things, katulad po ng saan kakain.

[23:04] **Interviewer:** Ah yong mga ganun. All right, nothing major, nothing major.

[23:07] **Speaker:** Nothing naman na po.

[23:09] **Interviewer:** Right, okay, sabi mo kanina diba na one of the things that attracted you to each other, or kind of, fueled the attraction is that you both are very different from each of your exes, and that kind of bonded you more or attracted you more to each other because you both came from toxic relationships,noh?

[23:31] **Speaker:** Yes po.

[23:31] **Interviewer:** So ngayon and [1-5] months in, you said, everything is going great so far because it's very different from the past, right? What do you think makes a bad relationship? Kasi kanina kwinekwento naten na, ow, these are the things that make a relationship high quality or good quality. What makes a bad quality relationship?

[23:54] **Speaker:** Uhm, I think if have, parang, if you have quarrel everyday. yong tipong small, maliit na bagay na nga lang pinapalaki pa. yong ganun po. And pag napagusapan na, tapos parang nagaway

napagusapan na okay na tapos may uh, may nangyare ulit, then brining up nanaman yong topic na napagusapan na. Siguro that makes the, uh, that makes bad po.

[24:29] **Interviewer:** yong inuungkat yong ano, yong nakaraan na tapos na. That's ano. Anything else? Like what are the things you, like sabi mo, you came from a toxic relationship, so apart from that what makes a relationship toxic? Ano yong mga bagay na gusto mo maiwasan? In this relationship, for example, aside from that, aside from the fact that, okay, wala nang ungkatan, pag resolve na resolve na, meron pa ba iba? Sabi mo din kanina, I remembered also, so, I'll bring it up na, uh, hindi maganda yong masyado kang demanding sabi mo kanina diba. yong hindi kailangan update ng update, dapat you should realize that, they, each of you have your own busy schedule, so I guess, that's one more thing that you mentioned, noh? Na hindi maganda yong ganun, yong masyadong demanding sa mga ganoong bagay. Meron ka pa bang gustong idagdag?

[25:23] **Speaker:** Siguro yong ano, yong ano po, um, yong hindi pagsasabi ng totoo. Actually sa amin lage, kahit na minsan magagalit yong isa. Napagusapan na po namin siya na parang kahit magalit yong isa magsabi ka lang ng totoo ganun. Pero wala pa naman po kaming issue na nagsinungaling or what.

[25:44] **Interviewer:** But you believe that when people start lying, when a couple start lying to each other, that's not good?

[25:50] **Speaker:** Yes po, because that is the starting point na mag breabreak yong trust sa isa't isa.

[25:56] **Interviewer:** Because trust is very important, right, very good, yeah yeah. Because these are, so these are the things that are important in a relationship for you, noh, parang flexibility, respecting each other's space and time, um, trust, honesty. Um, ano pa ba yong nabanggit mo so far? Trust, honesty, um, yun na nga , yong hindi naguungkatan ng mga bagay, not not ano noh, not wallowing in past mistakes, and all that. Yeah. Anything else you want to add to that, before I go to the next question? Ano pa bang important in a relationship.

[26:35] **Speaker:** Wala naman.

[26:35] **Interviewer:** Okay, wala na. Okay, sige. Now let's see. A very slambook question noh. For you what is love? So you don't have to be very academic, you don't have to be very profound, you just have to be honest no if the subject of love comes up or when you talk about love to people what is your own personal definition of love?

[27:10] **Speaker:** Love? Huh? Napaisip din ako.

[27:10] **Interviewer:** Like how do you na love, is something is love. Something qualifies as love?

[27:24] **Speaker:** If, siguro in general po, if ano, if you feel parang if you are happy with that person or if you feel happy, secured, I think that is love. yong parang even though na kahit nasaan kayo basta sila yong kasama mo you feel loved, you feel parang happy , se— mas malamang yong happiness jaysa dun sa sadness na nararamdaman pag kasama mo sila. And yong parang uhm, anxiet level mo hindi ganun ka, hindi siya, hindi, hindi ka laging natatakot pag kasama mo sila, or hindi ka malungkot. And then, you feel sadness sometime syempre kailangan din yun pero yun nga pag masaya kang kasama sila kung secured ka kasama sila, i think that is love, in general.

[28:25] **Interviewer:** Right right, like it's okay to have negative emotions but as long as the positive outweighs the negative then that's love, tama ba yong intindi ko.

[28:39] **Speaker:** Yes po.

[28:39] **Interviewer:** Okay um and how important is that in a relationship?

[28:47] **Speaker:** Uh. Uhm. security and yong happiness...

[28:49] **Interviewer:** no love yeah love in love, so love in general the way you define it like the fact that the positive emotions and positive experiences outweigh the negative and that you feel security and comfort and pleasant emotions is that very important in a relationship

[29:10] **Speaker:** Yes po since po, uhm, yes po and if they are giving you parang peace of mind, ganyan.

[29:20] **Interviewer:** All right, right, and in your case tama ba yong iniisip ko na what you feel right now in this relationship. Tama?

[29:33] **Speaker:** Yes po.

[29:33] **Interviewer:** How do you know, what is it that your boyfriend does or what is it about your boyfriend that makes you feel those things, yong that he make makes you feel happy makes you feel safe and secure what is it about him or what is it about the things that he does that makes you feel all those things?

[29:54] **Speaker:** every time we're together, parang everytime na magkasama kami or katulad nong there are misunderstandings, katulad nung sa ex niya. He always assured me na, hindi hindi, never mangyayare yong iniisip mo. Laging may assurance and laging may. Caring kasi siya so, parang ipapafeel niya talaga sayo na ah, parang pag kasama mo ako hindi mo kailangang mag worry na kahit na ano, kasi siya na yong gagawa non for me. Parang ganun.

[30:32] **Interviewer:** Can you give me an example? Bakit yun yong dating niya sayo? Caring. Aside from the fact that if you express something that worries you, he will reassure you. That's one thing that he does. Ta's sabi mo kasi generally, he makes you feel that he cares for you in other ways. Like what ways? Like, bakit mo nasabi mo ay caring, caring 'tong taong to sa akin. Anything specific that comes to mind? Ano ba yong mga bagay na ginagawa niya or sinasabi? Meron ba? Or wala? I mean wala being, you don't know what it is basta ganun lang yong dating niya, or can you think of exact examples.

[31:11] **Speaker:** Partly, may ganun na po. Nafefeel ko lang po na nag ca-care siya or safe ako sa kanya ganyan. Pero minsan kasi ano po siya eh, lagi oh ikaw ikaw, or parang ako ng ako. Hindi niya iniisip minsan yong sarili niya, laging ako. Minsan sasabihin niya oh ikaw mas ano ka dyan, mas safe ka dyan. Kahit siya parang okay na siya na parang, kaya ko na sarili ko parang ganun ang ano niya, basta ikaw safe ka, basta ikaw ganyan. So parang minsan, eh paano ka? Sabi ko...

[31:45] **Interviewer:** Ano to? Anong contexto nitong ganyan? Ano ba yan pag uwi, parang uh? When does he say something like that, na basta safe ka ako bahala na ako sa sarili ko? What are you talking about in that specific context?

[31:59] **Speaker:** Uh, katulad po non yong pag paguwi. Minsan po kasi ginagabi po ako ng uwi, kasi sa sa work, ganyan. Sabi niya, or minsan lalabas kami ginagabi na kaya sabi niya sige ihahatid kita parang oks,

sabi ko eh paano ka? Sabi niya okay na ako safe na ako ganyan ganyan. Kasi parang dapat maghihiwalay kami ng iba yong way niya sa way ko,so ihahatid niya pa ako e gabi na sabi ko wag na. Or minsan pupuntahan niya pa ako sa isang lugar kahit gabi na. Parang okay lang siya basta safe, safe ako. Kahit wag ko na siya isipin ng, parang ganun yong lagi niyang sinasabi saken na parang ganun po yong ano ng pagiging ano nang caring niya. Then, kapag kunware meron siyang hindi nakitang , parang yong ginawa ko hindi maganda, idedefend niya ako sa iba. Pero yong pag kami nalang, lagi niyang sasabihin na mali yong ginawa mo pero sinabi ko ganito ganyan ganyan. So yun.

[32:55] **Interviewer:** Oh, wow. That's amazing. Yeah. That's happened pala may ganun na. Na pinagsabihan ka niya in private. Edi is that something you want to share? Ano ba yong nagawa mo? Is that okay if you want to share?

[33:08] **Speaker:** Kasi po mag tetake ako ng [exam], eh may mga friends siya na [occupation] until now so ngayon kinukuha nila yong full name namen nung mga classmates ko na dadasalan daw, na magdadasal daw sila parang isasama nila kami sa prayers nila, parang ganun po. So everytime na magsisimba sila and everytime na may prayer isasama nila yong name namen. So hinihingi nila yong full name ko and full name ng classmates ko before nung college. Sabi ko sa kanya eh bakit mo pa hinihingi yong pangalan nila, hindi ba pwedeng pangalan ko lang?

[33:44] **Interviewer:** Oh, okay okay.

[33:45] **Speaker:** Pero its. Parang it's just a joke lang naman, tas sabi niya, sabi niya sa mga friends niya, eh narinig ng mga friends niya, sabi niya ay nako ayan nanaman siya nangungulit nanaman, nagungulit lang yan. Ganun. Nung kaming dalawa nalang, ikaw talaga yong sinabi mo iba yong interpretation ng iba kahit sabihin mong biro yon sayo, hindi yun, baka seryosohin ng iba. At saka mali din yun kahit biro yon kasi syempre maging concern ka sa iba. Tapos sabi ko joke lang yon.

[34:16] **Interviewer:** Ah, oo, oo. So yong naman, joke lang talaga yun?

[34:19] **Speaker:** Opo, tas sabi niya baka daw kasi seryosohin nung iba, since first time ko nameet yong mga friends niya na yun. So yun. Sabi niya pa baka seryosohin nila. Tapos sabi niya pa na ikaw hah bad yun sabi niya kasi No, I know it's wrong.

[34:32] **Interviewer:** So, how did you feel? Di ka naman na offend? Na offend ka ba nung sinabi niya yokn?

[34:36] **Speaker:** Hindi po, eh alam ko naman na mali naman yong sinabi ko. Yun kaya sinabi ko, yun nga—

[34:42] **Interviewer:** And you appreciated that, noh? You appreciated that he told you that in private. Okay, okay. That's interesting. Yun nga, nasabi mo kanina, namention mo na kanina na the only challenges so far in your relationships are very minor disagreements and something like that. At saka yong saan kakain. And, uh. So right now, the most major one. Tama bayong pagkaintindi ko na parang ang pinaka seryoso na so far is yong, you felt scared when you learned about the pareho kayo ng pangalan ng ex. Yun na ba yong pianaka, pinaka uh, worrisome, troublesome thing in your relationship so far?

[35:22] **Speaker:** Opo

[35:26] **Interviewer:** Right. Uhm, let's see. Uhm, let's see. I'm trying to see which one I should ask you next. Sabi mo kasi whenever something, those minor things happen, ang ginagawa niyo naman is you're

open to each other. You talk about it and you prevent it. You prevent it na hindi na lumaki pa. Tama ba ako. That's what you said kanina eh noh.

[35:52] **Speaker:** Yes po.

[35:53] **Interviewer:** Yeah. Let's see. Uh. Do you think, do you feel like, uhm, nafefeel niyo ba that you're exerting, ikaw nalang since I'm talking to you, do you like do anything you actively do things that you would classify as these are the things I do to maintain the quality of this relationship. Meron ka bang, mindful ka ba sa mga ganun? May mga ganung bagay ka bang ginagawa that, you know that you do because you maintenance yon, it's relationship maintenance?

[36:29] **Speaker:** Uh, mer—

[36:29] **Interviewer:** Or You just, yeah, that everything comes naturally right now. You just do what feels comfortable or meron ka bang bagay na you keep in mind na, oh I have to do this because I want to maintain this good quality of the relationship. Or you, or basically, you just do whatever is comfortable.

[36:49] **Speaker:** Uhm. Before, ay actually po nung before pa nung start palang po nung relationship namen nagusap na kami ng kung ano yong mga parang, ano yong mga, kung saan siya nagagalit kung saan siya, ay yong mga ganun, kung saan, kung ano yong pwedeng yong mga possible na parang magiging future na parang maooffend siya, ganyan. Since parang ibang iba yong personality naming dalawa. Loud po kasi ako, and then siya tahimik lang. So parang baka may mga ano akong jokes na ma offend siya, ganyan. So yong mga ganun po napagusapan na namin siya, before namin paabutin ng ilang months din yong relationship namin kasi baka pagdating ng ano hindi pala siya comfortable sa ganun and ako ginagawa ko siya. And there are times na it comes naturally nalang na, ay hindi ko siya gagawin kasi baka magalit si, baka magalit siya. Or baka, baka pag sa akin ginawa to hindi ko gusto. Yun it comes naturally, since ayaw na namin maulit yong before na nangyare doon sa before sa past relationships namen. Parang ayaw na namin, ma— ulitin yong mga nangyare before doon sa relationship namen ngayon kaya parang, so, hindi siya masyadong hindi siya para hindi siya humantong doon sa nangyare before. Parang ganun.

[38:17] **Interviewer:** Now. If I were to ask you, do you think this relationship is good for you as an individual? So just you, not as a couple, you as an individual. Sa tingin mo ba itong relationship na ito, is good for you? Nakakabuti siya para sayo?

[38:35] **Speaker:** Opo, kasi nung, yong nga nag away kami, and then lagi niyang nireremind, kahit small fights. Or kahit nagkaroon lang ng [inaudible] lagi niyang sinasabi, na if ever naiiba, kasi ang purpose ko sa buhay mo is to inspire you, not to give your parang sakit ng ulo or maging problem ako sayo. so if ever naiiba na yong purpose ko sa buhay mo, we should stop na, kasi ano e hindi ka na nabibigyan ng peace of mind kung yun, kung ganun na yong ah, parang nafefeel mo. Kung hindi na siya maayos, kung parang nalagyan na siya ng parang lamat na na hindi na, na paulit ulit na 'tong nangyayare ganyan. So we should stop kasi hindi namin pwede namin iconinue yong isang bagay na masasaktan lang kami in the long run. So ayun, if ever, laging ganun, if ever na uh, mag iba na yong purpose niya sa buhay ko lagi lagi, parang hindi na inspiration yong nagiging purpose niya sa buhay ko, sakit ko nalang siya sa ulo. We should decide na daw to stop. Parang ganun.

[39:47] **Interviewer:** Right. And the fact that you're still together now, that means he is still serving that good purpose noh, see, he brings peace to you, he brings comfort to you and not toxicity, noh? Tama ba? right? okay in the [1-5] months you've been together, do you think you've changed already as a person,

do you think you're a different person at [1-5] months in, at [1-5] months in the relationship palang? Do you think you've changed already or are you still very much the same person [1-5] months ago?

[40:21] **Speaker:** There are changes since yong ,uh ,katulad. Hindi po talaga ako palasimba. There are, I, uh, like him na yun na yong naging promise niya nga bago siya lumabas ng seminaryo na magsisimba siya every sunday or every time na may chance siya makapagsimba. Unlike me, na hirap na hirap na gumising sa umaga para magsimba. Andyan na yong parents ko na magsisimba, hindi pa sasama. So siguro yun, yong isa sa nabago in my life na magsimba ka kailangan mo yan. Ganyan.

[40:56] **Interviewer:** Is that a welcome change as far as you are concerned is that a welcome change or is that something you do to make him happy?

[41:06] **Speaker:** It's a welcome change, parang ano po parang uh, pero minsan sinasabi niya kung ayaw mo magsimba okay lang. Hindi naman kita pinipilit pero sabi niya yong mga uhm, things na mga, uh, parang parang yong mga good things pag nagsimba ka ganito ganyan ganyan. So parang ako, ah oo nga so dapat ako magsimba every sunday hindi yong nakapag simba ako ng first friday sa school namen hindi na ako magsisimba ng sunday. Ganun, parang ayun po.

[41:37] **Interviewer:** Alright. Anything else aside from that, that's a very specific behavior noh, na parang going to mass that something you didn't used to do regularly but now you do. anything else that any change in you na naisip mo right now? Good or bad hah, good or bad.

[41:56] **Speaker:** Uh, yong. When it comes to jokes, before every time na magjojoke laging okay lang friends naman kami kahit ano lang ijoke ko sa kanila ngayon lagi niya sinasabi it's bad. Pag hindi maganda yong joke lagi niya sinasabi that's bad. Pero pag kaming dalawa nalang, sabi niya lagi mong iisipin—

[42:24] **Interviewer:** Why? Uh, go on. Go ahead, go ahead.

[42:27] **Speaker:** Lagi niya sinasabi ikaw pag mag magjojoke ka isipin mo muna ng paulit ulit, kahit late na yong joke mo mas happy. Basta isipin mo, before baka kasi makasakit ka.

[42:39] **Interviewer:** Ah bakit? May tendency ka ba to make like jokes that may come off as mean? Ganun ba yun?

[42:43] **Speaker:** Yes po, there are times na nakakaoffend yong joke. Parang sakin okay lang, pero sa iba nakakaoffend pala siya. So ayun sabi niya, siya yong nagsasabi na nakakaoffend yan.

[42:57] **Interviewer:** Ah okay. And You didn't, is that something you didn't know before na, ah ganun ba yong joke ko? Siya lang ba nag bring up sayo non? Nobody's ever brought that up na, oy grabe ka naman magjoke? Noone has ever said that to you?

[43:12] **Speaker:** yong mga close friends ko nasabi yun, sila [Name] nasabi na po nila yun na grabe nga daw po ako mag joke. Pero parang sabi ko eh tayo tayo lang naman nag jojoke. Kaya okay, ganun. Pero nabago ko naman siya. Pero ngayon siya po talaga yong ay yan ka nanaman.

[43:31] **Interviewer:** So, now, you are more mindful. Sinasabi niya think twice before you make your jokes. And you do that? Do you find yourself doing that now?

[43:40] **Speaker:** I am in the process because there are times pa rin na nakakapag sabi ng.

[43:48] **Interviewer:** Yeah yeah because that's your personality and now you have to be more mindful because pinagsabihan ka niya. Iniisip ko kasi parang, uh, kasi the way you said it you parang kind of agree naman na ah okay sige nakakaoffend ba. And you don't parang and dating mo nung sinabi mo is, well I don't want to offend people, I don't say those jokes to offend people, so if nakakaoffend ako, I want to stop it, tama ba yong pagintindi ko?

[44:16] **Speaker:** Opo.

[44:18] **Interviewer:** So you want to stop it din naman if it offends people—

[44:20] **Speaker:** Yes po. Yes po

[44:23] **Interviewer:** Oh. Okay. Okay. Let's see. about your partner from the time that you met him and around the time that you met him and the time that you decided to become a couple did you notice any changes in him naman? Has he become a different person 2-3 months ago to who he is now or pretty much the same?

[44:49] **Speaker:** I think he is pretty much the same. Nung nagstart kami mag usap, ganun pa rin siya. Since that's his practice. Katulad nung mga, yong pagiging ano niya, uhm, anong tawag dito yong pagiging mabait niya ganun parin naman parang walang nagbago sa behavior niya simula nung nagkakilala kami nung hanggang naging kami. so ganun pa rin siya.

[45:19] **Interviewer:** Okay pretty much the same. Do you feel, sabi mo kanina one of the things that is important in a relationship to be exactly what you feel love is, which is feeling safe in a relationship and sabi mo and that's one of the things he brings to you, the feeling of safety, the feeling of security in the relationship and you said na it's because of the way he talks to you, the things that he does for you, tama ba?

[45:46] **Speaker:** Yes po.

[45:47] **Interviewer:** Right now I want to show you this scale as just a visual aid. Let's see, share screen. Uhm, let's see, let's see. There we go. Nakikita mo ba yong scale right now?

[46:07] **Speaker:** Yes po.

[46:09] **Interviewer:** Kung eto yong tanong nog, from 1-9 and my partner usually really listens to me. What score would you give your partner on this scale?

[46:25] **Speaker:** 9. Completely true.

[46:26] **Interviewer:** Right. And this next one, so that's a 9. Sabi mo, based on all the things that you told me kanina, I would have predicted you would say 9 and how about this. my partner is responsive, usually is responsive to my needs where would you put—

[46:47] **Speaker:** 9—completely true.

[46:49] **Interviewer:** Right. Now let's see. yong next ko is. I'm going to move this. Ah, oh sige ito. How satisfied are you with your current relationship, where would you put it?

[47:07] **Speaker:** Completely satisfied.

[47:10] **Interviewer:** Completely satisfied. So nasa extreme din. So far lahat nasa extremely positive end of the spectrum. Let's see, umh, this one. Ayan eto. how would you rate your satisfaction, sabi mo, completely satisfied so you would put it at 10 and let's see, so kung 10, how would you rate your satisfaction? So nasa completely satisfied ka noh. Binago yong scale to show a more full spectrum—negative 10 to positive 10. yong 9 ba, yong completely satisfied, mo ba kanina did you mean 10 as in dulo talaga, 0 being neutral—definitely on the positive side. yong sabi mong completely satisfied. Is that all the way to the end, nasa 10? Or not at 9, not at 8. Nasa 10 siya. This is as good as any relationship gets. parang ganun. where would it be?

[48:22] **Speaker:** As I saw the scale, yong may negative na. Parang I think 9. there are few, few lang naman po. Few things katulad ng small fights mga ganun po.

[48:35] **Interviewer:** Yeah kasi 10 would be like perfect, wala ka nang hahanapin pa is 10. 9 would be meron naman meron pang mga hinahanap light, but you mentioned now like fewer, fewer ba or zero fights?

[48:53] **Speaker:** Fewer po.

[48:54] **Interviewer:** Fewer, bakit hindi, ayaw mo ba ng zero ba?

[49:00] **Speaker:** Ayaw, kasi po—

[49:01] **Interviewer:** Talaga ba? Why not?

[49:05] **Speaker:** Kasi there are things na kailangan pa rin namin mag argue or baka hindi niya hindi niya, parang hindi siya, hindi niya gusto yong ganito. Or ganito yong opinion ko dito, ganito siya so para maintindihan namin yong isa't isa, so i think we need to have like a small fight lang naman. Or something, para maintindihan namin yong ano ba yong side niya ano ba yong side ko baka kasi hindi niya naiintindihan yong sa aken, or hindi ko din naiintindihan yong sa kanya. Pero hindi naman yong parang fight na grabe, yong like small lang.

[49:46] **Interviewer:** So arguments, more like arguments not like fights. Yeah, minor arguments. Alright let's see. So yun lang naman to. I'll stop sharing this and I'll go back to asking you this next part. We are almost finished naman but this next part is a sensitive issue for a lot of people like Filipinos especially to Filipinos, because it has to do with the sensitive topic of sex life. Do you think sex is an important part of a romantic relationship—

[50:21] **Speaker:** No po.

[50:23] **Interviewer:** Oh okay. No.

[50:25] **Speaker:** If you are boyfriend and girlfriend, no.

[50:28] **Interviewer:** No alright. so ayun nga bumubusina lang ako because the next question has to do with sex stuff. It's okay if you just share how much you're willing and comfortable to share. But that's one thing that you said sex is not such an important part of a boyfriend-girlfriend relationship. Let's see. Does this mean that you and your current boyfriend, you don't there's no sexual aspect of the relationship at this stage, is that correct?

[51:05] **Speaker:** Wala pa po.

[51:06] **Interviewer:** And that's how you want it. Tama ba ako?

[51:11] **Speaker:** Yes po.

[51:11] **Interviewer:** Right. So the fact that there's no physical intimacy, meron sigurong physical intimacy like holding hands ganun, as far as physical intimacy is concerned. where, what do you do, what do the both of you as a couple do as far as physical intimacy is concerned if it's not actual sex, how far, is that the right word, how far do you go as far as physical intimacy is concerned—

[51:45] **Speaker:** French kiss ganun lang po.

[51:45] **Interviewer:** That's as far as physical. Right so holding hands. Akbay akbay, hug and a french kiss is as intimate as it gets and that's how you yourself want that to be at this stage. Tama ba ako?

[52:01] **Speaker:** Yes po.

[52:01] **Interviewer:** Is there any reason can you elaborate a bit on why you're not comfortable going beyond french kissing?

[52:09] **Speaker:** Since we are both [Religion] we believe that marriage before sex.

[52:20] **Interviewer:** Okay okay and you believe— and you both agree on that. That's what you're saying?

[52:27] **Speaker:** Yes po.

[52:27] **Interviewer:** Right so you both are against premarital sex and that's because of your catholic faith.

[52:34] **Speaker:** Yes po.

Interviewer: Oh very interesting yeah okay. That's good so let's see. Let's see, meron pa ba akong natirang tanong. Let's see. Actually that's it we are close to wrapping up. So just to summarize everything that you said, you guys are [20-25], you're both [20-25] right you've been together for [1-5] months but you've known each other for more than [1-5] months like [1-5] months at least. Noh? tama ba? Kasi [Month] was [Event]. okay yeah so you think that so far so good. Your relationship is so far so good and things are very happy and exciting and you kind of attribute that to the fact that because you're still getting to know each other and you're still very excited about each other's company and you're both very happy together. You told me about how sex, what role sex plays in your relationship and because of your catholic faith and your background you both agree that the proper thing to do is wait for marriage until you become physically intimate like in a really sexual manner and that you've only had minor disagreements the most major one was when you felt very disturbed about the name and what you both like with each other is that you both respect each other's time and space, you're not demanding on each other and you like that he makes you feel safe and secure and that you like that you like how caring he is about your well-being. Tama ba? Is there anything else you want to add before we wrap up our interview? May gusto ka bang ihabol na, ah parang kwento o detalye na hindi mo nabanggit?

[54:46] **Speaker:** Wala naman na po.

[54:48] **Interviewer:** Ah, wala naman. Okay wow thank you so much. Let's see. before we end I'd like to get your permission kasi what we do is our transcribers will transcribe our interview and then they'll analyze all the answers as a group like all the interviews will be transcribed and then they'll do a lexical analysis of all the answers that the participants gave and we want to be ethically transparent as possible

so we want you to know that you have a choice like, one, are you okay with the transcripts portions will be saved none of either way you won't be identified like eto yong sagot that came from [Participant's Name] so anonymized yan no, hindi malalaman which identity said this answer. Okay ka lang ba that the transcript portions will be shared and it wala siyang identity and pwede siyang basahin ng ibang researchers or (2) even the whole transcript together because it can be fragmented as far as this question is concerned other researchers or option two is more bold, it's like okay even the whole transcript will be based on other researchers as long as my name isn't on it. Are you okay with that?

[56:08] **Speaker:** Yes okay. I'm okay with ano po, anonymous nalang po.

[56:13] **Interviewer:** Both options anonymous naman. Kaso yong isa portions lang tapos yong isa as a whole. —

[56:23] **Speaker:** As a whole—

[56:25] **Interviewer:** Okay maraming maraming salamat. And thank you so much for sharing your weekend. Sabi mo nga you're a very busy [occupation] and ano pa ngayon, may pasok pa ngayon tama?

[56:36] **Speaker:** Uh review nalang po, for [exam].

[56:38] **Interviewer:** Oh wow. Lalong thankful kami for you for sharing this time. Kahit nagreview. It's happening pa rin ngayon, akala ko tapos na yong kwinento mong [exam]. So there you go. So thank you so much for giving us this time and for sharing all this data with us. You made a very valuable contribution. It's not a cliché. It's not a spiel but yes we really really appreciate participants like this who give us this amount of data to study. So again this is a study being done in the Philippines, Brazil, Turkey, France, and the U.S and for this study to be successful. Actually meron pa ba akong, kung meron. Actually wala na pala. Okay na tayo dun sa, ano. Iniisip ko kasi kung, I will ask kung meron ka lang marerecommend you know what we are actually finding a difficult time. I don't. Because they are hard to find. Just in case, just in the off chance you know anyone who is either in a non-monogamous relationship or knows someone who's in a non-monogamous relationship, I don't know if you've heard of polyamory. Have you ever heard of polyamory?

[57:55] **Speaker:** Yes po.

[57:56] **Interviewer:** Ayun, gusto dn kasi namin sana makarinig from people who are in that but they're very hard to find just as you can imagine, so just in case you know someone just let me know if they are willing to be interviewed as well. Okay?

[58:10] **Speaker:** Actually I know someone, pero I don't know if papayag sila to be interviewed.

[58:16] **Interviewer:** Okay okay. sige sige sige. you can like, pakiramdaman mo tapos tanungin mo just open the possibility if they're willing to be interviewed and then just let me know.

[58:26] **Speaker:** Okay. Ah sabihin ko nalang po na anonymous naman po ang identity.

[58:33] **Interviewer:** Yes, yes. Definitely. Definitely. Oh yun lang. No pressure. So maraming maraming salamat ulit. If you have no more questions I can let you go and you can enjoy the rest of your [Day] and your weekend and I'll be contacting si [Partner's Name]. [Partner's Name] ba? Tama ba? His name is [Partner's Name]? So I'll talk to him naman like you said on Tuesday. So thank you very much [Participant's Name] and have a happy weekend.

[59:05] **Speaker:** Okay po. Thank you po, goodluck po. permission to leave.

[59:08] **Interviewer:** Alright let's go. Goodbye.
